(6) The state fish and game commission shall have the power to designate certain waters where set lines may be used to fish for certain species of game or nongame fish, and the commission may designate the number of hooks and lines and the length of line or lines which may be used as set lines.

(7) Game fish shall be taken only by angling, that is by hook and single line in hand or single rod in hand, or within immediate control; this does not prevent, however, the snagging of paddlefish, coho (silver salmon), and kokanee (sockeye salmon) when the commission shall declare an open season when paddlefish, coho (silver salmon), and kokanee (sockeye salmon) may be taken by snagging, the taking of paddlefish with long bow and arrow when the commission shall declare an open season when paddlefish may be taken by long bow and arrow, the taking of walleyed pike, sauger, northern pike and nongame fish with spear or gig when the commission shall declare an open season for taking walleyed pike, sauger, northern pike and nongame fish with spear or gig, nor the use of landing net or gaff to land a game fish after the same has been hooked by angling as above specified, nor does it prevent the taking of minnows other than game fish variety by the use or aid of a net not to exceed twelve (12) feet in length and four (4) feet in width, in such waters as may be designated by the commission.

(8) No person, while hunting game animals or game birds shall use a motor-driven vehicle on any other than an established road or trail, unless he has reduced a big game animal to possession and cannot easily retrieve said big game animal, in which case a motor-driven vehicle may

be used to retrieve the big game animal, except in areas where more restrictive regulations apply or where the landowner has not granted such permission, provided that after such retrieval, such motor-driven vehicle is again returned to an established road or trail by the shortest possible route. For purposes of safety and allowing normal travel, a motor-driven vehicle may be parked on the roadside or directly adjacent to said road or trail. No person, while hunting game animals or game birds, shall drive or attempt to drive, run or attempt to run, molest or attempt to molest, flush or attempt to flush, or harass or attempt to harass any game animal or game bird with the use or aid of any motor-driven vehicle. No person, while hunting game animals or game birds shall drive through any retired cropland, brush area, slough area, timber area, open prairie, or unharvested or harvested cropland, except upon an established road or trail unless written permission has been given by the land owner and in possession of the hunter. The restrictions in this subsection on motor-driven vehicle use off an established road or trail apply only to hunting on state or private land, not to hunting on federal land unless the federal agency specifically requests or approves state enforcement.

(9) Whenever said fish and game commission shall have made any orders, rules or regulations for the carrying out of the powers granted to it under this act, the same shall take effect and be in force from and after the publication and posting of notice of said orders, rules and regulations as required by the fish and game laws.

(10) The provisions of this section relating to methods of herding, driving, capturing, taking, locating or concentrating of fish, game animals, game birds or fur-bearing animals do not apply to the department of fish and game, or any employee thereof, while acting within the scope and course of the powers and duties of the department.

Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and shall be punishable as provided by law."

(2) "Child" is as defined in 92-417.

(3) "Disablement" means the event of becoming physically incapacitated by reason of an occupational disease from performing any work for remuneration or profit. "Silicosis", when complicated by active pulmonary tuberculosis, is presumed to be total disablement. "Disability", "total disability", and "totally disabled" are synonymous with "disablement", but they have no reference to "partial permanent disability".

(4) "Division" is as defined in 92-426.

(5) "Employer" is as defined in 92-410.1.

(6) "Employee" is as defined in 92-411.

(7) "Husband" is as defined in 92-425.

(8) "Independent contractor" is as defined in 92-438.1.

(9) "Insurer" is as defined in 92-435. The term includes an employer who is self-insured under compensation plan No. 1.

(10) "Invalid" is as defined in 92-416.

(11) "Pneumoconiosis" means a chronic dust disease of the lungs arising out of employment in coal mines and includes anthracosis, coal workers' pneumoconiosis, silicosis, or anthracosilicosis arising out of such employment.

(12) "Order" is as defined in 92-429.

HeinOnline -- 1977 Vol. I 658 1977

(13) "Silicosis" means a chronic disease of the lungs caused by the prolonged inhalation of silicon dioxide (SiO_2), characterized by small discrete nodules of fibrous tissue similarly disseminated throughout both lungs causing the characteristic x-ray pattern and by other variable clinical manifestations.

(14) "Wages" is as defined in 92-423.1.

(15) "Wife" is as defined in 92-424.

(16) "Year" is as defined in 92-433.

Section 2. Section 92-1311, R.C.M. 1947, is amended to read as follows:

"92-1311. Payment of compensation — exceptions and limitations. *(1) When he has complied with other provisions of this chapter, compensation* shall be paid to *a claimant* who becomes disabled by reason of occupational disease arising out of his employment, subject to the conditions *set forth in this chapter.*

(a) Except as provided for in this section, compensation *may not* be paid when the last day of the injurious exposure of the employee to the hazard of the occupational disease has occurred prior to *July 1, 1959.*

(b) No compensation *may* be paid for a disease, other than silicosis or due to ionizing radiation, unless total disability results within 120 days from the last day upon which the employee actually worked for the employer against whom compensation is claimed. *However, the division,* upon good cause shown, may waive this limitation in the interest of justice, but in any case *the* period may not be extended to more than *1* year from the date of last employment by the employer.

(c) Except as provided for in subsection (1)(d) of this section, no compensation *may* be paid *for* silicosis unless during the *8* years immediately preceding the disablement the injured employee has been exposed to harmful quantities of silicon dioxide dust for a total period of not less than 1,000 workshifts in employment in this state and unless total disability results within *4* years from the last day upon which the employee actually worked for the employer against whom compensation is claimed.

(d) A silicotic employee who is discharged by his employer to escape liability for silicosis benefits under this *chapter is* eligible to receive compensation under this *chapter* when totally disabled if he has 700 actual workshifts since January 1, 1954, for that employer. *When* any employee in employment on or after January 1, 1959, because he has an occupational disease incurred in and caused by such employment which is not yet disabling, is discharged or transferred from the employment in which he is engaged or when *he* ceases *his* employment and it is in fact, as determined by the medical panel, inadvisable for him on account of *a* nondisabling occupational disease to continue in *employment* and *he* suffers wage loss by reason of *the* discharge, transfer, or cessation, the *division* may allow compensation on account thereof as it *considers* just, not exceeding *$10,000.*

(2) Compensation shall be paid to the *beneficiaries* of every employee

HeinOnline -- 1977 Vol. I 659 1977

covered by this *chapter* in cases where death results from an occupational disease arising out of his employment, subject to the following conditions:

(a) Except as provided for in subsection (1)(d) of this section, compensation *may not* be paid when the last day of injurious exposure of the employee to the hazards of the occupational diseases occurred prior to *July 1, 1959.*

(b) No compensation *may* be paid for death from silicosis unless during the *8* years immediately preceding the disablement the deceased employee has been exposed to harmful quantities of silicon dioxide dust for a period of not less than 1,000 workshifts in employment in this state.

(c) No compensation *may* be paid for death from silicosis unless the death results within 4 years from the last day upon which the employee actually worked for the employer against whom compensation is claimed, except in those cases where death results during a period of continuous total disability from silicosis for which compensation has been paid or awarded, or for which a claim, compensable but for such death, is on file with the *division.* In such cases compensation shall be paid if death results within 7 years from the last day upon which the employee actually worked for the employer against whom compensation is claimed.

(d) No compensation *may* be paid for death from any occupational disease, other than silicosis or due to ionizing radiation, unless death results within 1 year from the last day upon which the employee actually worked for the employer against whom compensation is claimed, except in those cases where death results during a period of continuous total disability from an occupational disease, other than silicosis or ionizing radiation, for which compensation has been paid or awarded, or for which a claim, compensable but for such death, is on file with the *division.* In such cases compensation shall be paid if death results within 3 years from the last day upon which the employee actually worked for the employer against whom compensation is claimed.

(3) Proof of the exposure to silicon dioxide dust for a period of not less than 1,200 workshifts in employment in this state, with proof of total disability from silicosis, *is* prima facie evidence of exposure to harmful quantities of such dust during all such period."

Section 3. There is a new R.C.M. section numbered 92-1312.1 that reads as follows:

92-1312.1. Time when claims must be presented. (1) When a claimant seeks benefits under this chapter, his claims for benefits must be presented in writing to the employer, the employer's insurer, or the division within 1 year from the date the claimant knew or should have known that his total disability condition resulted from an occupational disease. When a beneficiary seeks benefits under this chapter, his claims for death benefits must be presented in writing to the employer, the employer's insurer, or the division within 1 year from the date the beneficiaries knew or should have known that the decedent's death was related to an occupational disease.

(2) The division may, upon a reasonable showing by the claimant or

HeinOnline -- 1977 Vol. I 660 1977

a decedent's beneficiaries that the claimant or the beneficiaries could not have known that the claimant's condition or the employee's death was related to an occupational disease, waive the claim time requirement up to an additional 2 years.

(3) Notwithstanding the provisions of subsections (1) and (2) of this section, no claim to recover benefits under this chapter may be maintained unless the claim is properly filed within 3 years after the last day upon which the claimant or the deceased employee actually worked for the employer against whom compensation is claimed.

Section 4. Section 92-1314, R.C.M. 1947, is amended to read as follows:

"**92-1314. Pulmonary specialist medical panel and pulmonary specialists.** *(1)* The Montana medical association may, at least annually, certify to the *division* as pulmonary specialists nominees three or more licensed physicians of the state who shall have had at the time of certification at least 5 years' practice in the diagnosis, care, and treatment of diseases of the pulmonary tract and the interpretation of *x-ray* films thereof *and may also certify to the division as occupational disease specialist nominees three or more licensed physicians of the state who have at the time of certification qualifications in the diagnosis, care, and treatment of nonpulmonary occupational diseases. From the two lists submitted as provided for in this section, the division shall appoint two separate medical panels. One panel is the pulmonary specialist medical panel and the other is the occupational disease medical panel. The division shall appoint from the list of pulmonary specialist nominees three or more physicians to serve on the pulmonary specialist medical panel. The division shall appoint from the list of occupational disease specialist nominees three or more physicians to serve on the occupational disease specialist medical panel.*

(2) If the Montana medical association fails to *submit the two lists of nominees as provided for in this section, the division* shall appoint *members to the medical panels by appointing to the pulmonary specialist medical panel* three or more licensed physicians in the state of Montana who have had at the time of appointment at least 5 years' practice in the diagnosis, care, and treatment of diseases of the pulmonary tract and the interpretation of *x-ray* films thereof *and by appointing to the occupational disease medical panel three or more licensed physicians of the state who have at the time of appointment qualifications to diagnose, care for, and treat nonpulmonary occupational diseases.*"

Section 5. There is a new R.C.M. section numbered 92-1314.1 that reads as follows:

92-1314.1. Procedure for medical examination. (1) In order to determine the compensability of claims under this chapter based on pulmonary conditions, the following procedure shall be followed:

(a) The division shall direct the claimant to a pulmonary specialist who is a member of the pulmonary specialist medical panel for an examination. The pulmonary specialist shall conduct an examination to determine whether the claimant is totally disabled and is suffering from a pulmonary occupational disease. The pulmonary specialist shall submit a report of his findings to the division.

HeinOnline -- 1977 Vol. I 661 1977

(b) Either the claimant or the insurer may, within 20 days after the receipt of the report by the first pulmonary specialist, request that the claimant be examined by a second pulmonary specialist who shall be a member of the pulmonary specialist medical panel. If a second examination is requested, the division shall direct the claimant to a second pulmonary specialist and the pulmonary specialist shall conduct an examination to determine whether he believes the claimant is totally disabled and is suffering from a pulmonary disease. The pulmonary specialist shall submit a report of his findings to the division. When a second examination has been requested, the reports of the examinations shall be submitted to the pulmonary specialist medical panel for its review. The panel shall issue its report concerning the claimant's physical condition and whether the claimant is suffering from an occupational disease.

(c) If a second examination is not requested, the division shall issue its order determining whether the claimant is entitled to occupational disease benefits based on the report of the first examining physician. If a second examination is requested, the division shall issue its order based on the report of the pulmonary specialist medical panel.

(2) In order to determine the compensability of claims under this chapter based on nonpulmonary conditions, the following procedure shall be followed:

(a) The division shall direct the claimant to an occupational disease specialist who is a member of the occupational disease medical panel for an examination. The specialist shall conduct an examination to determine whether the claimant is totally disabled and is suffering from an occupational disease. The specialist shall submit a report of his findings to the division.

(b) Either the claimant or the insurer may, within 20 days after the receipt of the report by the first specialist, request that the claimant be examined by a second specialist. If a second examination is requested, the division shall direct the claimant to a second specialist who is a member of the occupational disease medical panel and the specialist shall conduct an examination to determine whether he believes the claimant is totally disabled and is suffering from an occupational disease. The specialist shall submit a report of his findings to the division. When a second examination has been requested, the reports of the examinations shall be submitted to the occupational disease medical panel for its review. The panel shall issue its report concerning the claimant's physical condition and whether the claimant is suffering from an occupational disease.

(c) If a second examination is not requested, the division shall issue its order determining whether the claimant is entitled to occupational disease benefits based on the report of the first examining specialist. If a second examination is requested, the division shall issue its order based on the report of the occupational disease medical panel.

(3) A report submitted to the division by the appropriate medical panel and placed in the division's records is prima facie evidence as to the matters contained in the report.

HeinOnline -- 1977 Vol. I 662 1977

(4) Upon the division's own motion or if a claimant or an insurer requests that a hearing be held by the division prior to the time the division issues its final determination concerning the claimant's entitlement to occupational disease benefits, the division shall hold a hearing.

(5) At a hearing held before the division or the workers' compensation judge, the report of the medical panel and the two medical examinations conducted by members of the medical panel are exclusive and final and no other medical evidence or additional medical examinations are admissible. However, the physicians to which the claimant has been referred as provided for in this section may, in order to assist them in reaching their conclusion, consult with the claimant's attending physician.

(6) Within 20 days after the division has issued its order of determination as to whether the claimant is entitled to benefits under this chapter, a party may request a rehearing. In order to perfect an appeal to the workers' compensation judge, the appealing party must request a rehearing before the division. The division may grant a rehearing and, if a rehearing is granted, the division's final determination shall not be issued until after the rehearing. If the division does not grant a rehearing, the division's final determination is issued on the date the rehearing is denied.

Section 6. Section 92-1315, R.C.M. 1947, is amended to read as follows:

"**92-1315. Standards for determining whether death or disability due to pneumoconiosis.** The standards for determining death or total disability due to pneumoconiosis are as follows:

(1) A miner is under a total disability due to pneumoconiosis if:

(a) he is unable to engage in any substantial gainful activity by reason of pneumoconiosis which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months; or

(b) the irrebuttable presumption *established in 92-1315.2(3) applies.*

(2) (a) Total disability may not be found for purposes of this *section* unless pneumoconiosis is the impairment involved. Whether or not pneumoconiosis in a particular case constitutes a disability as defined in *subsection (1) of this section* is determined from all the facts of that case. Primary consideration is given to the severity of the individual's pneumoconiosis. *Except where other evidence rebuts a finding of disability (e.g., the individual is actually engaging in substantial gainful activity), medical* considerations alone can justify a finding that the individual is under a disability where his impairment is one that meets the duration requirement in *subsection (1)(a) of this section* and is listed in the appendix to this *subsection. However, the presumption established in 92-1315.2(3) applies.*

(b) Pneumoconiosis may be found disabling if it does prevent the individual from engaging in any substantial gainful activity. *The* individual *may* be determined to be under a disability only if his pneumoconiosis is the primary reason for his inability to engage in substantial gainful

HeinOnline -- 1977 Vol. I 663 1977

activity. *It* must *also* be established that the individual has a respiratory impairment because of pneumoconiosis *which is* demonstrated on the basis of an MVV and FEV^1 which are equal to or less than the values specified in the following table or by a medically equivalent test:

Height (Inches)	MVV(MBC) equal to or less than	and	FEV_1 equal to or less than
	L./Min.		L.
57 or less	52		1.4
58	53		1.4
59	54		1.4
60	55		1.5
61	56		1.5
62	57		1.5
63	58		1.5
64	59		1.6
65	60		1.6
66	61		1.6
67	62		1.7
68	63		1.7
69	64		1.8
70	65		1.8
71	66		1.8
72	67		1.9
73 or more	68		1.9

(3) (a) A finding of the existence of pneumoconiosis may not be made in the absence of:

(i) a chest roentgenogram showing the existence of pneumoconiosis classified as category 1, 2, 3, A, B, or C, according to the international labor organization (1958), international labor organization (1968), or union internationale contra cancer/Cincinnati (1968) classifications of the pneumoconioses (if the chest roentgenogram is classified as category Z, it should be reclassified as category O or category 1 and only the latter accepted as evidence of pneumoconiosis);

(ii) an autopsy showing the existence of pneumoconiosis; or

(iii) a biopsy (other than a needle biopsy) showing the existence of pneumoconiosis. *The* biopsy *is* not expected to be performed for the sole purpose of diagnosing pneumoconiosis. Where a biopsy is performed for other purposes, however (e.g., in connection with a lung resection), the report thereof will be considered in determining the existence of pneumoconiosis.

(b) The roentgenogram, to conform to accepted medical standards, should represent a posterior-anterior view of the chest taken at a distance of 6 feet between the *x-ray* tube and the *x-ray* film on a 14 by 17 inch *x-ray* film.

(c) A report of autopsy or biopsy shall include a detailed gross (macroscopic) and microscopic description of the lungs or visualized por-

HeinOnline -- 1977 Vol. I 664 1977

tions of the lungs. If an operative procedure has been performed to obtain a portion of a lung, the evidence should include a copy of the operative note and the pathology report of the gross and microscopic examination of the surgical specimen. If an autopsy has been performed, the evidence should include a complete copy of the autopsy report.

(4) (a) An individual's impairment shall be determined to be medically the equivalent of an impairment listed in the appendix to this *subsection* only if the medical findings with respect thereto are at least equivalent in severity and duration to the listed findings of the listed impairment.

(b) Any decision made under *subsections (2)(a)* and *(6)(a) of this section* as to whether an individual's impairment is medically the equivalent of an impairment listed in the appendix to this *subsection* shall be based on medical evidence demonstrated by medically acceptable clinical and laboratory diagnostic techniques, including a medical judgment furnished by one or more physicians designated by the *division* relative to the question of medical equivalence.

(c) Any decision as to whether a medical test is medically equivalent to the test described in *subsection (2)(b) of this section* shall be based on appropriate medical evidence, including a judgment furnished by one or more physicians designated by the *division* relative to the question of the medical equivalence of *the* test.

(5) A miner suffering or who has suffered from pneumoconiosis must submit the evidence necessary to establish that the pneumoconiosis arose out of employment in the coal mines. *However, the presumption established in 92-1312.2(1) applies.*

(6) The claimant must submit the evidence necessary to establish that the miner's death was due to pneumoconiosis and that the pneumoconiosis arose out of employment in coal mines. Death will be found due to a respirable disease when death is ascribed to a chronic dust disease or to another chronic disease of the lung. Death will not be found due to a respirable disease in those cases in which the disease reported does not suggest a reasonable possibility that death was in fact due to pneumoconiosis; e.g., cancer of the lung, disease due to trauma, *or* pulmonary emboli. *However, the presumptions established in subsections (2) and (3) of 92-1315.2 apply.*"

Section 7. There is a new R.C.M. section numbered 92-1315.2 that reads as follows:

92-1315.2. Presumptions in determining whether death or disability due to pneumoconiosis. In the event of death or disability due to pneumoconiosis, the following presumptions apply:

(1) If a miner who is suffering or who has suffered from pneumoconiosis was employed for 10 years or more in one or more coal mines, there is a rebuttable presumption that his pneumoconiosis arose out of that employment.

(2) If a miner was employed for 10 years or more in one or more coal mines and died from a respiratory disease, there is a rebuttable presumption that the death was due to pneumoconiosis.

HeinOnline -- 1977 Vol. I 665 1977

(3) There is an irrebuttable presumption that the miner is totally disabled due to pneumoconiosis or that death was due to pneumoconiosis, as the case may be, if he is suffering or suffered from a chronic dust disease of the lung which:

(a) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one centimeter in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconioses by the international labor organization;

(b) when diagnosed by biopsy or autopsy, yields massive lesions in the lung; or

(c) when diagnosis is made by other means, would be a condition which would reasonably be expected to yield results described in (a) or (b) above if diagnosis had been made in the manner prescribed in (a) or (b).

Section 8. Section 92-1316, R.C.M. 1947, is amended to read as follows:

"**92-1316. Where pulmonary occupational disease causes death.** Where *a pulmonary occupational disease* causes death and a claim for death benefits is filed, the pulmonary specialists, or any one of them if the medical evidence be not controverted, shall examine all available evidence pertaining to the claim and shall make findings and thereupon report to the *division.* The report *is* prima facie evidence of fact as to the matters therein contained."

Section 9. Section 92-1317, R.C.M. 1947, is amended to read as follows:

"**92-1317. When occupational disease other than a pulmonary disease causes death.** When an occupational disease, other than *a pulmonary disease,* causes death and a claim for death benefits is filed therefor, *the division shall select at least two physicians who in the division's judgment could properly determine the condition regarding the decedent's death in relation to a possible occupational disease, and the physicians* shall examine all available evidence pertaining to the claim and shall make findings and report to the *division.* The report *is* prima facie evidence of fact as to the matters therein contained."

Section 10. Section 92-1318, R.C.M. 1947, is amended to read as follows:

"**92-1318. Autopsy.** Upon the filing of a claim for compensation for death caused by *an* occupational disease where an autopsy is necessary to determine the cause of death, *an* autopsy shall be ordered by the *division. The* autopsy shall be made under the supervision of the county coroner. The *division* may designate a duly licensed physician who is a specialist in such examinations to perform or attend *the* autopsies and to certify his findings thereon. *The* findings shall be examined *by the physicians submitting reports under the provisions of 92-1316 and 92-1317 before the final reports under those sections are submitted to the division.*"

Section 11. Section 92-1319, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 Vol. I 666 1977

"92-1319. **Periodic medical examinations.** *(1) Upon the request of the division or the insurer, each* employee entitled to compensation shall submit *to a* medical examination from time to time *by a physician designated by the division who is a member of the appropriate medical panel. The examination shall be* at a place reasonably convenient for the *employee.*

(2) The *order directing the examination* shall fix a time and place having regard to the convenience of the employee, his physical condition, and *his* ability to attend. The employee and any other party in interest may have a physician present at the examination if *the* physician is provided and paid for by the employee or other party.

(3) If the employee refuses to submit to the examination or obstructs the examination, his right to compensation *is* suspended until the examination has been made, and no compensation *is* payable during or for *the* period *of suspension.*

(4) A physician who makes or is present at the examination may be required to testify as to the result thereof.

(5) The *division* may reduce or suspend the compensation of an employee who persists in unsanitary or injurious practices tending to imperil or retard his recovery, or who refuses to submit to such medical or surgical treatment as is reasonably essential to promote his recovery."

Section 12. Section 92-1320, R.C.M. 1947, is amended to read as follows:

"92-1320. **Payment of medical examination and autopsy expenses.** *The expense* of the first medical examination as provided in *92-1314.1* shall be borne by the *insurer.* The expense of *a reexamination* shall be borne by the dissatisfied party requesting *the reexamination.* The expense of the periodic medical examinations, as provided in 92-1319 shall be borne by the party requesting *the* periodic medical examination. The expense of the autopsy, as provided for in 92-1318, shall be borne by the party requesting *the* autopsy."

Section 13. Section 92-1323, R.C.M. 1947, is amended to read as follows:

"92-1323. **Prohibiting lump-sum settlements.** *(1)* No *final and binding* award made upon any claim pursuant to this *chapter* may be converted into a lump-sum payment, in whole or in part, except *as provided in this section. If a claimant has* entered into a contract of employment with an attorney for the recovery of *benefits under this chapter and* the terms of *the* employment contract *are* reasonable, the amount of *the* attorney's *fee* may be ordered by the *division* to be paid by the insurer and thereafter deducted proportionately from weekly payments thereafter to be made to the claimant *under* this *chapter. The division* may require payments to be deducted each week in *an* amount it *considers* advisable from the payments thereafter to be made to the claimant *under* this *chapter* and paid to *the* attorney as they are so deducted from the weekly payments to the claimant.

HeinOnline -- 1977 Vol. I 667 1977

(2) Whenever there are contested issues as to an insurer's liability for a claim under this chapter, including a claim based on 92-1311(1)(d), a claimant and an insurer may enter into a full and final compromise settlement of the claim. However, no such settlements are binding on the parties until approved by the division. After the division approves a full and final compromise settlement, the claim is closed and the insurer's liability for a settled claim is forever released."

Section 14. Section 92-1324, R.C.M. 1947, is amended to read as follows:

"92-1324. Burial expenses. In addition to and separate and apart from any other compensation or benefit provided for in this *chapter*, there shall be paid in case of death of an employee, which death is the result of an occupational disease contracted in the course of employment, the reasonable burial expenses of the employee, not exceeding *the maximum amount provided for in 92-705."*

Section 15. Section 92-1325, R.C.M. 1947, is amended to read as follows:

"92-1325. Medical and hospital expenses. In addition to the compensation provided by this *chapter*, the following shall be furnished:

(1) If an employee becomes totally disabled from an occupational disease, he *is* entitled to receive, *without limitation as to length of time or dollar amount, reasonable* medical services, hospitalization, medicines, and such other treatment as may be approved by the *division.*

(2) An employee who suffers *from an* occupational *disease as defined in* 92-1304, but who is able to continue in employment while being treated therefor, *is* entitled to receive *the* medical services, treatments, and medicines reasonably required, not exceeding the value of *$2,500."*

Section 16. Section 92-1330, R.C.M. 1947, is amended to read as follows:

"92-1330. Agreement by employee to waive compensation or to pay premium void — no liability in certain cases. *(1)* An agreement by an employee to waive his rights to *coverage under the Occupational Disease Act of Montana or* to pay any portion of the premium paid by his employer *is* void.

(2) An employer may give, within *2* weeks of *the beginning of employment, a* physical *examination* to *an applicant* for employment. Where an applicant for employment, whether *he* has been formerly employed by the employer to whom application is made or not, though not actually disabled, is found upon competent medical and *x-ray* examination to be afflicted with an occupational disease, *the* employer *is* not liable under this *chapter* for disability from the particular disease or diseases with which the employee is found to be afflicted or for any normal progression without aggravation of *the* disease or diseases if a report of *the* medical examination *is* approved by the *division* as provided *in this section.*

(3) The report of the medical examination of the applicant for employment and *x-rays*, if any, shall be delivered to the *division* by the

HeinOnline -- 1977 Vol. I 668 1977

employer within *15* days after *the* examination. *With the* medical report and *x-rays*, if any, *there* shall be attached a certificate by the examining physician certifying that the medical report is the report of the physical examination of the applicant for employment.

(4) The *division* shall submit *the* medical report and *x-rays*, if any, to a physician of its choice and *the* physician shall report to the *division* his finding as to whether the medical report is satisfactory. The *division* shall within 20 days after the receipt of *the* medical report from the employer enter its order approving or disapproving *the* report and specifying the particular disease or diseases found. *The* order shall be in writing stating the reasons for *the* approval or disapproval. A copy of *the* order shall be mailed to the employer and the applicant for employment within 24 hours after the *division* has approved or disapproved *the* report.

(5) An applicant for employment may commence work prior to the approval or disapproval of *the* report by the *division. However,* if the *division disapproves the* report, the employer may discharge *the* applicant for employment without liability to *him.*

(6) If no physical examination is given to the applicant for employment within *the 2-week* period, *the* applicant for employment *is* fully eligible *for* the benefits *under this chapter.*

(7) The *division* may *adopt* reasonable rules relative to the form, execution, and filing of reports *submitted under this section* not inconsistent with the provisions of this *chapter.*"

Section 17. There is a new R.C.M. section numbered 92-1334.1 that reads as follows:

92-1334.1. Occupational disease coverage under compensation plans. (1) Every employer enrolled under compensation plan No. 1 (Title 92, chapter 9), every insurer writing workers' compensation coverage under compensation plan No. 2 (Title 92, chapter 10), and the state compensation insurance fund under compensation plan No. 3 (Title 92, chapter 11), all provided for under the Workers' Compensation Act, are considered to also provide full coverage for claims under the occupational disease act. Any policy of insurance for workers' compensation coverage under the Workers' Compensation Act written by a private insurance carrier or the state compensation insurance fund is considered to provide full occupational disease coverage under the provisions of Title 92, chapter 13.

(2) Except as provided in this chapter, the division shall apply the appropriate provisions of Title 92, chapters 9, 10, and 11, to the administration of the Occupational Disease Act of Montana in the same manner as they are applied to the administration of the Workers' Compensation Act.

Any person engaged in carrying on such business at more than one place or operating more than one mine in this state may include all thereof in one statement. *The department may grant a reasonable extension of time for filing statements and payment of taxes due upon good cause shown therefor.*"

Section 3. Section 84-5907, R.C.M. 1947, is amended to read as follows:

(3) The department shall mail, to the person required to file a quarterly statement and pay any license tax, a letter and tax assessment statement setting forth the amount of delinquent license tax, penalty, and interest due. However, if the owner declares by affidavit that the aircraft is customarily kept at a landing facility in another county within the state, he may register the aircraft as property within such other county. All aircraft shall be subject to all state, county and school district tax levies and all other levies designated for aircraft or airport related uses. Such aircraft shall not be liable for other city tax levies.

"**84-406. Time of assessment — motor vehicles — mobile homes — livestock — snowmobiles.** (1) The department of revenue or its agent must, between the first day of January and the second Monday of July in each year, ascertain the names of all taxable inhabitants, and assess all property in each county subject to taxation, except such as is required to be assessed by the state department of revenue, and must assess such property to the persons by whom it was owned or claimed, or in whose possession or control it was at 12 midnight of the first day of January next preceding. It must also ascertain and assess all mobile homes arriving in the county after 12 midnight of the first day of January next preceding. The procedure provided by this section shall not apply to:

(a) Motor vehicles which are required by subdivision (2) hereof to be assessed as of the first day of January, or upon their anniversary registration date; but no mistake in the name of the owner or supposed owner of real property renders the assessment thereof invalid.

(b) Livestock which are required by subdivision (3) of this section to be assessed on an average inventory basis in each county. Credits must be assessed as provided in section 84-101, subdivision 6.

(c) Property defined in section 53-642 as "special mobile equipment" which is subject to assessment of personal property taxes on the date that application is made for a special mobile equipment plate.

(d) Mobile homes held by a distributor or dealer of mobile homes as a part of his stock in trade.

(e) Snowmobiles which are required by subdivision 5 hereof to be assessed as of the first day of July.

HeinOnline -- 1977 Vol. I 675 1977

each year. *A camper which is customarily attached to a motor vehicle shall be assessed at the time the vehicle is assessed.* Provided that such tax shall not be assessed against motor vehicles which constitute inventory of motor vehicle dealers as of January 1, but said vehicles, and all other motor vehicles brought into the state subsequent to January 1, as motor vehicle dealer's inventory, shall be assessed to their respective purchasers as of the dates said vehicles are registered by said purchasers, and purchasers means and includes dealers who apply for registration or re-registration of motor vehicles, except as otherwise provided by section 32-3315. Goods, wares and merchandise of motor vehicle dealers, other than new motor vehicles and new mobile homes, shall be assessed at full and true value as of the first day of January.

Except that this paragraph shall not apply to an applicant for registration or re-registration of a mobile home, nothing herein contained shall relieve the applicant for registration or re-registration of any other motor vehicle so assessed or subject to assessment of the duty of paying taxes thereon as a condition precedent to registration or re-registration in the event said taxes have not been paid by any prior applicant or owner in all cases where required to be paid.

(3) The assessed value of livestock in each county on the assessment date shall be computed by adding the assessed value of all livestock more than nine (9) months of age owned by the taxpayer in each county on the last day of each month since the last assessment date and dividing the sum by twelve (12). For purposes of this subdivision "livestock" means cattle, sheep, horses, and mules.

(4) The department of revenue or its agent must ascertain and assess all snowmobiles in each county subject to taxation as of July 1 in each year, and the same shall be assessed to the persons by whom owned or claimed, or in whose possession or control such snowmobile was at 12 midnight on the first day of July in each year; provided, however, that snowmobiles which constitute inventory of snowmobile dealers shall be assessed to the dealers as of 12 midnight of the first day of January in each year; and further provided that all snowmobiles that have been assessed and for which taxes have been paid for the period of January 1, 1975 through December 31, 1975, shall be assessed for only six (6) months during the period July 1, 1975 through June 30, 1976."

CHAPTER NO. 223

AN ACT AMENDING SECTION 91A-3-203, R.C.M. 1947, TO PROVIDE FOR COURT APPOINTMENT OF ANY QUALIFIED PERSON AS PERSONAL REPRESENTATIVE OF A DECEDENT'S ESTATE WHEN TWO OR MORE PERSONS HAVING PRIORITY OF APPOINTMENT CANNOT AGREE IN NOMINATING ANOTHER TO ACT FOR THEM OR IN APPLYING FOR APPOINTMENT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 91A-3-203, R.C.M. 1947, is amended to read as follows:

"**91A-3-203. Priority among persons seeking appointment as personal representative.** (1) Whether the proceedings are formal or informal, persons who are not disqualified have priority for appointment in the following order:

(a) the person with priority as determined by a probated will including a person nominated by a power conferred in a will;

(b) the surviving spouse of the decedent who is a devisee of the decedent;

(c) other devisees of the decedent;

(d) the surviving spouse of the decedent;

(e) other heirs of the decedent;

(f) public administrator;

(g) forty-five (45) days after the death of the decedent, any creditor.

(2) An objection to an appointment can be made only in formal proceedings. In case of objection the priorities stated in (1) apply except that

(a) if the estate appears to be more than adequate to meet exemptions and costs of administration but inadequate to discharge anticipated unsecured claims, the court, on petition of creditors, may appoint any qualified person;

HeinOnline -- 1977 Vol. I 689 1977

(b) in case of objection to appointment of a person other than one whose priority is determined by will by an heir or devisee appearing to have a substantial interest in the estate, the court may appoint a person who is acceptable to heirs and devisees whose interests in the estate appear to be worth in total more than half of the probable distributable value, or, in default of this accord any suitable person.

(3) A person entitled to letters under (b) through (e) of (1) above, may nominate a qualified person to act as personal representative. Any person entitled to letters may renounce his right to nominate or to an appointment by appropriate writing filed with the court. When two (2) or more persons share a priority, those of them who do not renounce must concur in nominating another to act for them, or in applying for appointment. *If they are unable to concur in nominating another to act for them or in applying for appointment, the court may appoint any qualified person.*

(4) Conservators of the estates of protected persons, or if there is no conservator, any guardian except a guardian ad litem of a minor or incapacitated person, may exercise the same right to nominate, to object to another's appointment, or to participate in determining the preference of a majority in interest of the heirs and devisees that the protected person or ward would have if qualified for appointment.

(5) Appointment of one who does not have priority, including priority resulting from renunciation or nomination determined pursuant to this section, may be made only in formal proceedings. Before appointing one without priority, the court must determine that those having priority, although given notice of the proceedings, have failed to request appointment or to nominate another for appointment, and that administration is necessary.

(6) No person is qualified to serve as a personal representative who is:

(a) under the age of eighteen (18);

(b) a person whom the court finds unsuitable in formal proceedings.

(7) A personal representative appointed by a court of the decedent's domicile has priority over all other persons except where the decedent's will nominates different persons to be personal representative in this state and in the state of domicile. The domiciliary personal representative may nominate another, who shall have the same priority as the domiciliary personal representative.

(8) This section governs priority for appointment of a successor personal representative but does not apply to the selection of a special administrator."

CHAPTER NO. 226

AN ACT TO CREATE CERTAIN EXEMPTIONS TO THE INSPECTION AND PERMITTING SYSTEM FOR ENFORCEMENT OF THE STATE PLUMBING CODE; AMENDING SECTION 66-2427, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 66-2427, R.C.M. 1947, is amended to read as follows:

"**66-2427. Permit fee — payment — penalties.** (1) It is unlawful for any person to engage in the business, trade, or work having to do with the installation, removal, alteration, or repair of plumbing and drainage systems or parts thereof without first obtaining a permit from the board of plumbers.

A separate permit shall be obtained for each building or structure.

No person may allow any other person to do or cause to be done any work under a permit secured by the permittee except persons in his employ.

(2) No permit is required for any minor replacement or repair work, the performance of which does not have a significant potential for creating a condition hazardous to public health and safety. No permit is required where the installation is exempt under the provisions of section 66-2426 or 66-2401. *No state permit is required whenever the installation occurs in an area governed by a municipality and where there is in effect a municipal building code which covers plumbing installations and which provides inspection procedures.* Nothing contained in this act shall prohibit the owner of residential property from making an installation for all sanitary plumbing and potable water supply piping without a permit providing he does the work himself. The provisions of this act do not apply to regularly employed maintenance personnel doing maintenance work on the business premises of their employer unless work is subject to the permit provisions of this act.

(3) Persons required by this section to apply for a permit shall make application on forms provided by the board or authorized representative. He shall give a description of the character of the work proposed to be

done, and the location, ownership, occupancy and use of the premises in connection therewith. The board of plumbers or its authorized representative may require sketches, specifications or drawings and such other information it deems necessary in order to determine the scope of the work contemplated.

If the board determines that the sketches, specifications, drawings, descriptions and information furnished by the applicant are in compliance with the state plumbing code, it shall issue the permit applied for upon payment of the required fee as established by the board.

(4) Any person who commences any work for which a permit is required without first obtaining a permit shall, if subsequently permitted to obtain a permit, pay double the permit fee for the work, except that this provision does not apply to emergency work when it is proved to the satisfaction of the board of plumbers or its authorized representative that the work was urgently necessary and that it was not practical to obtain a permit before the commencement of the work. In all such cases, a permit shall be obtained as soon as it is practical to do so, and if there is unreasonable delay in applying for the permit, a double fee shall be charged.

For the purpose of this section, a sanitary plumbing outlet on or to which a plumbing fixture or appliance may be set or attached shall be construed to be a fixture. Fees for reconnection and retest of plumbing systems in relocated buildings shall be based on the number of plumbing fixtures, gas systems, water heaters, and the like involved.

When a permit has been obtained to connect an existing building or existing work to the public sewer or to connect to a new private disposal facility, backfilling of private sewage disposal facilities abandoned consequent to the connection is included in the permit.

The board of plumbers shall establish permit fees in accordance with the Montana Administrative Procedure Act and the fees shall be deposited to the earmarked revenue fund of the board of plumbers for use in the administration and enforcement of this act and the Montana state plumbing code.

(5) All plumbing and drainage systems may be inspected by the board of plumbers or their authorized representative to insure compliance with the requirements of the state plumbing code.

(6) It is the duty of the person doing work authorized by the permit to notify the board orally or in writing, that the work is ready for inspection. The notification shall be given not less than 24 hours before the work is to be inspected.

It is the duty of the person doing the work authorized by the permit to ensure that the work performed before notification and after notification pending inspection complies with the state plumbing code.

(7) Whenever any work is being done contrary to the provisions of the state plumbing code, the board or its authorized representative may, after a hearing conducted under the provisions of the Montana Administrative Procedure Act, order work stopped by notice in writing served on any person engaged in the work.

HeinOnline -- 1977 Vol. I 700 1977

(8) The board may suspend or revoke a permit, whenever it is issued in error or on the basis of incorrect information supplied, or work performed thereunder is in violation of any of the provisions of Title 66, chapter 24, R.C.M. 1947."

Approved April 4, 1977.

This authority does not limit the right, power, or authority of the state or a municipality to zone property adjacent to an airport or restricted landing area pursuant to a law of this state.

(4) The department may engage in all those activities jointly with the United States, other states, and with municipalities or other agencies of this state.

(5) For the purpose of acquiring any property which it is authorized to acquire, the department may exercise the right of eminent domain, in the name of the state, in the manner provided by the laws of this state for the acquisition of real property for public purposes. The acquisition of property for any of those purposes is a public use.

(7) It may determine the charges or rental for the use of state airports, the charges for service or accommodations under its control, and the terms and conditions under which the properties may be used. However, the public may not be deprived of its rightful, equal, and uniform use of the property. Charges shall be reasonable and uniform for the same class of service and established with due regard to the property and improvements used and the expenses of operation to the state. The state has, and the department may enforce, agisters' liens as provided by law for repair, improvement, storage, or care of any personal property."

ered necessary to eliminate dangerous obstructions of air space in the vicinity of airports or landing fields which may now be or which may hereafter be acquired, owned, operated, controlled, or maintained by the United States, the state of Montana *or* any county or municipality thereof. *In order* to promote the public order, health, and safety by providing unobstructed air space for the safe descent, landing, ascent, and operation of aircraft utilizing public airports in the state of Montana, the height of buildings and other structures in the vicinity of the airports and landing fields in the state of Montana owned, leased, operated, maintained, or controlled by any of *those* public authorities *shall be* regulated and restricted as hereafter provided."

Section 4. Section 1-702, R.C.M. 1947, is amended to read as follows:

"**1-702. Regulation of building heights.** *(1) The height of buildings and other structures shall be regulated for* the purposes set forth in *1-701,* considering among other things:

(a) *requirements* and facilities necessary to secure the safe descent, landing, ascent, and operation of aircraft utilizing the public airports and landing fields in the state of Montana;

(b) *hazards* from the obstruction of air space *and the* relation of the height of buildings and other structures in the vicinity of such airports and landing fields to such hazards;

(c) the area within which buildings and other structures may dangerously obstruct air space in the vicinity of public airports and landing fields *and the* height of buildings or other structures within such area which is consistent with the safe use of such airports and landing fields; and

(d) the maintenance and use of *either* obstruction markers or lights, *or both,* upon buildings and other structures within *such area* as safety devices.

(2) The height of buildings and other structures is regulated and restricted within a distance of 2 miles from any public airport or landing field, measured at a right angle from any side or in a radial line from any corner of the established boundary line thereof, in any and all directions, as follows:

(a) The trapezoidal portion of the total *2-mile* zone area, 500 feet in width at the boundary of the field or airport and broadening to a width of *2,500* feet *2* miles distant, the center line of which *is* a continuation of the center line of each runway at and upon such public airports and landing fields, known as the approach zone, *may* have no building or other structure *or* natural feature or object of any kind therein, the height of which is more than one-twentieth its distance from the nearest boundary of the airport or landing field.

(b) The remaining portion of the *2-mile* zone area surrounding such public airports and landing fields, lying between the approach zones and known as turning zones, *may* have no building or other structure *or* natural feature or object of any kind therein, the height of which is more than one-seventh its distance from the nearest boundary of the airport or landing field.

HeinOnline -- 1977 Vol. I 707 1977

(3) In measuring distances and heights to determine the zone standard, measurements shall be taken from the nearest side of the building or structure or other object to the nearest side of the airport or landing field. *In* the event of airports having boundaries not regular, the nearest established perimeter of such port and field shall be used, as distinguished from *the* actual boundary."

Section 5. Section 1-704, R.C.M. 1947, is amended to read as follows:

"**1-704. Duty to acquire permit.** *(1) Each* person, firm, or corporation in this state proposing to erect, establish, or maintain any building or other structure that would exceed the height limit established by law *or to grow any natural object that would exceed such limit* when grown, *whenever the proposed erection or growth is within 2 miles of a public airport or landing field, shall apply* to the proper officer of the United States *or* the state of Montana *or* any county or municipality *thereof,* whichever of *those* bodies has control of the airport or landing field affecting the area, *for* a permit *to erect, establish, or maintain* the structure, building, or object proposed.

(2) No permit *may* be granted unless the specifications of the building or other structure or object reveal that the total height *does not or will* not exceed the height limits fixed by law for the zone in which the same is to be established.

(3) No permit *may* be issued in violation *of this section,* and any permit which is *issued* in violation *of this section is void.*"

Section 6. Section 1-903, R.C.M. 1947, is amended to read as follows:

All income from the operation of such airports shall be deposited in the state treasury in *the airport* operating *account within the revolving fund.* All expenditures from *the account* shall be within the limits of legislative appropriations and shall be made upon vouchers signed and approved by the director of the department."

(c) grants or contributions from the federal government; or

HeinOnline -- 1977 Vol. I 708 1977

(d) other sources.

(2) The bonds may be issued by resolution of the authority, without an election and without any limitation of amount, except *that no* such bonds *may* be issued at any time if the total amount of principal and interest to become due in any year on such bonds and on any then outstanding bonds for which revenues from the same source or sources are pledged exceeds the amount of such revenues to be received in that year as estimated in the resolution authorizing the issuance of the bonds. *The* authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any are pledged, sufficient to make the revenues from the pledged source in such year at least equal to the amount of such principal and interest due in that year.

(3) The bonds may be sold at public or private sale and *may* bear interest at a rate not exceeding 10% *a year.* Except as otherwise provided herein, any bonds issued pursuant to this chapter by an authority *may* be payable as to principal and interest solely from revenues of the authority and shall state on their face the applicable limitations or restrictions regarding the source from which such principal and interest are payable.

(4) Bonds issued by an authority or municipality pursuant to the provisions of this chapter are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 84-4905(2)(a).

(5) For the security of any such bonds, the authority or municipality may by resolution make and enter into any covenant, agreement, or indenture and *may* exercise any additional powers authorized to be exercised by a municipality under Title 11, chapter 24. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be *paid* from any revenues referred to in this chapter, prior to the payment of current costs of operation and maintenance of the facilities.

(6) Subject to the conditions stated in this *subsection (6),* the governing body of any municipality having a population in excess of 10,000, with respect to bonds issued pursuant to this chapter by the municipality or by an authority in which the municipality is included, *may* by resolution covenant that in the event that at any time all revenues, including taxes, appropriated and collected for such bonds are insufficient to pay principal or interest then due, it will levy a general tax upon all of the taxable property in the municipality for the payment of such deficiency, and may further covenant that at any time a deficiency is likely to occur within 1 year for the payment of principal and interest due on such bonds, it will levy a general tax upon all the taxable property in the municipality for the payment of such deficiency, and such taxes *are* not subject to any limitation of rate or amount applicable to other municipal taxes but shall be limited to a rate estimated to be sufficient to produce the amount of the deficiency. In the event more than one municipality having a population in excess of 10,000 is included in an authority issuing bonds pursuant to this chapter, the municipalities may apportion the obligation to levy taxes for the payment of, or in anticipation of, a deficiency in the revenues appropriated for such bonds in such manner as the municipal-

ities *may* determine. The resolution shall state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies. No such resolution *becomes* effective until the question of its approval has been submitted to the qualified electors of the municipality at a special election called for *that* purpose by the governing body of the municipality and a majority of the electors voting on the question have voted in favor thereof. The notice and conduct of the election shall be governed, to the extent applicable, by 11-2308 and 11-2310 for an election called by cities and towns, and *16-2024* and 16-2026 for an election called by counties. If a majority of the electors voting thereon vote against approval of the resolution, the municipality *has* no authority to make the covenant or to levy a tax for the payment of deficiencies pursuant to this section, but such municipality or authority may nevertheless issue bonds under this chapter payable solely from the sources referred to in *subsection* (1) above."

Section 8. Section 1-918, R.C.M. 1947, is amended to read as follows:

"**1-918. Joint exercise of powers.** *(1)* For the purposes of this section, unless otherwise qualified, the term "public agency" includes municipality and authority, each as defined in this chapter, any agency of the state government and of the United States, and any municipality, political subdivision, or agency of an adjoining state. *The* term "governing body" includes commissioners of an authority, the governing body of a municipality, and the head of an agency of a state or the United States if the public agency is other than an authority or municipality. All powers, privileges, and authority granted by this chapter may be exercised and enjoyed by an authority jointly with any public agency of this state, and jointly with any public agency of any adjoining state or of the United States to the extent that the laws of such other state or of the United States permit such joint exercise *or* enjoyment. Any agency of the state government, when acting jointly with any authority, may exercise and enjoy all the powers, privileges, and authority conferred by this chapter upon an authority.

(2) Any two or more public agencies may enter into agreements with each other for joint action pursuant to the provisions of this section. Each agreement shall specify its duration; the proportionate interest which each public agency *will* have in the property, facilities, and privileges involved in the joint undertaking; the proportion of costs of operation, capital outlay, and maintenance to be borne by each public agency; and such other terms as are *considered* necessary or required by law. The agreement may also provide for amendments and termination; disposal of all or any of the property, facilities, and privileges jointly owned prior to or at such times as *the* property, facilities, and privileges, or any part thereof, cease to be used for the purposes provided in this chapter or upon termination of the agreement; the distribution of the proceeds received upon any disposal, and of any funds or other property jointly owned and undisposed of; the assumption of payment of any indebtedness arising from the joint undertaking which remains unpaid upon the disposal of all assets or upon a termination of the agreement; and such other provisions as may be necessary or convenient.

(3) Public agencies acting jointly pursuant to this section shall create

HeinOnline -- 1977 Vol. I 710 1977

a joint board which shall consist of members appointed by the governing body of each participating public agency. The number to be appointed *and* their term and compensation, if any, shall be provided for in the joint agreement. Each joint board shall organize, select officers for such terms as are fixed by the agreement, and adopt and amend from time to time rules for its own procedure. The joint board, as agent of the participating public agencies, *may* plan, acquire, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect, and police any airport or air navigation facility or airport hazard to be jointly acquired, controlled, and operated; and the board may be authorized by the participating public agencies to exercise on behalf of its constituent public agencies all the powers of each with respect to the airport, air navigation facility, or airport hazard, subject to the limitations of subsection *(4)* of this section.

(4) (a) The total expenditures to be made by the joint board for any purpose in any calendar year shall be as determined by a budget approved by the constituent public agencies on or before the preceding June 10 or as otherwise specifically authorized by the constituent public agencies.

(b) No airport, air navigation facility, airport hazard, or real or personal property, the cost of which is in excess of sums fixed therefor by the joint agreement or allotted in the annual budget, may be acquired, established, or developed by the joint board without the approval of the governing bodies of its constituent public agencies.

(c) Eminent domain proceedings under this section may be instituted by the joint board only by authority of the governing bodies of the constituent public agencies of the joint board. If so authorized, such proceedings shall be instituted in the names of the constituent public agencies jointly, and the property so acquired shall be held by *the* public agencies as tenants in common.

(d) The joint board *may* not dispose of any airport, air navigation facility, or real property under its jurisdiction except with the consent of the governing bodies of its constituent public agencies. *However,* the joint board may, without such consent, enter into contracts, leases, or other arrangements contemplated by 1-913 of this chapter.

(e) Resolutions, rules, or orders of the joint board dealing with subjects authorized by 1-913 of this chapter become effective only upon approval of the governing bodies of the constituent public agencies. *However,* upon such approval, the resolutions, rules, or orders of the joint board shall have the same force in the territories or jurisdictions involved as the ordinances, resolutions, rules, or orders of each public agency would have in its own territory or jurisdiction.

(5) For the purpose of providing the joint board with moneys for the necessary expenditures in carrying out the provisions of this section, a joint fund shall be created and maintained, into which shall be deposited the share of each of the constituent public agencies as provided by the joint agreement. Any federal, state, or other grants, contributions, or loans and the revenues obtained from the joint ownership, control, and operation of any airport or air navigation facility under the jurisdiction of the joint board shall be paid into the joint fund. Disbursements from

(2) (a) No game birds or game or fur-bearing animals shall be killed, taken or shot at from any aircraft, nor shall any aircraft be used for the purpose of concentrating, pursuing, driving, rallying or stirring up any game or migratory birds, game or fur-bearing animals, nor shall any powerboat, sailboat, or any boat under sail or any floating device towed by a powerboat, sailboat, or any boat under sail be used for the purpose of killing, capturing, taking, pursuing, concentrating, driving or stirring up any upland game birds, or game or fur-bearing animals.

tion or approximate location thereof by any signals whatsoever, whether radio, visual or otherwise, to any person or persons then on the ground.

(3) No person shall take into a field or forest, or have in his possession while out hunting, any device or mechanism devised to silence, or muffle or minimize the report of any firearms, whether such device or mechanism be operated from or attached to any firearm.

(4) No person may use a shotgun to hunt, kill or shoot deer except with loads as specified by the commission.

(5) No person shall chase with dogs any of the game or fur-bearing animals as defined by the fish and game laws of this state; provided, however, that livestock owners, employees of the state fish and game commission and of the federal fish and wildlife service may use dogs in pursuit of stock-killing bears, stock-killing mountain lions, *and stock-killing bobcats* or other means of taking stock-killing bears, stock-killing mountain lions, *and stock-killing bobcats* except the use of the dead fall; providing, however, that traps used in capturing bear shall be inspected twice each day, which inspection shall be 12 hours apart; and provided further, that a person may take game birds during the open season thereon with the aid of a dog or dogs and any person or association organized for the protection of game, may run field trials at any time upon obtaining written permission from the state fish and game director.

The restrictions in this subsection on motor-driven vehicle use off an established road or trail apply only to hunting on state or private land, not to hunting on federal land unless the federal agency specifically requests or approves state enforcement.

(9) Whenever said fish and game commission shall have made any orders, rules or regulations for the carrying out of the powers granted to it under this act, the same shall take effect and be in force from and after the publication and posting of notice of said orders, rules and regulations as required by the fish and game laws.

Funds of the fish and game commission for the cooperative predatory animal control shall be administered and expended by the fish and game commission."

CHAPTER NO. 236

AN ACT TO EXEMPT PASSENGER AUTOMOBILES FROM THE REQUIREMENTS FOR A SPECIAL FUEL DEALERS' LICENSE; AMENDING SECTION 84-1833, R.C.M. 1947; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 84-1833, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 Vol. I 725 1977

"84-1833. **Special fuel dealers' and special fuel users' licenses and special fuel vehicle permits.** (a) Required: It shall be unlawful for any person to act as a special fuel dealer in this state unless such person is the holder of an uncanceled fuel dealers' license issued to him by the department.

Every special fuel user shall obtain from the department, prior to the use of such special fuel for the propulsion of a motor vehicle or vehicles in this state, a special fuel users' license, and a special fuel vehicle permit for each such vehicle or vehicles operated by him upon the highways as herein defined, which permit shall at all times be carried in the vehicle for which it was issued, and shall be exhibited for inspection on request of any checking station officer, Montana highway patrol officer, any authorized employee of the department of revenue, or any other law enforcement officer.

A special fuel user's license or permit is not required of any person whose sole use of special fuel is for the propulsion of a privately operated passenger automobile provided the person purchases special fuel, tax paid, from a licensed special fuel dealer in this state. For purposes of this exemption, a privately operated passenger vehicle does not include a motor vehicle used for the transportation of persons for hire or for compensation or designed, used, or maintained primarily for transportation of property.

Any out of state user who operates a recreational passenger car, pickup truck or family motor coach powered by special fuels shall secure a special fuel user's "Courtesy" vehicle permit. The permit shall not be transferable and shall be valid for ninety (90) days. Permits will be issued at no cost to the user by the department of revenue, scale house personnel and gross vehicle weight patrol crews. The department may require the user who has fuel capacity in excess of thirty (30) gallons to file a report and pay the tax on fuel used in Montana on which the tax has not been paid.

(b) Application: Application for a special fuel dealer's license, a special fuel user's license, or a special fuel vehicle permit shall be made to the board unless otherwise provided herein.

(c) Form of application: The application shall be filed upon a form prepared and furnished by the department. The application shall contain such information as the department deems necessary.

(d) Bond: Except as herein provided, no special fuel dealer's license or special fuel user's license shall be issued to any person or continued in force unless such person has furnished bond, as defined in section 84-1831(i) and in such form as the department may require to secure its compliance with this act, and the payment of any and all taxes, interest and penalties due and to become due hereunder. Upon application, the department may waive the bond requirement of any resident special fuel user who establishes to the reasonable satisfaction of the board that the tax as herein provided is not delinquent or that interest or penalties are not accrued under the provisions of this act.

The total amount of the bond or bonds required of any special fuel dealer or special fuel user shall be equivalent to twice his estimated

HeinOnline -- 1977 Vol. I 726 1977

monthly tax payments as hereinafter provided, determined in such manner as the department may deem proper; provided, however, that the total amount of the bond or bonds shall never be less than five thousand dollars ($5,000) for any special fuel user awarded a contract in accordance with section 84-1832.1, nor less than five hundred dollars ($500) for any other special fuel user; and not less than one thousand dollars ($1,000) for a special fuel dealer.

(e) Issuance: Upon receipt of the application and bond in proper form, the department shall issue to the applicant a license to act as a special fuel dealer or special fuel user or a special fuel vehicle permit; provided, however, the department may refuse to issue a special fuel dealer's license, a special fuel user's license or a special fuel vehicle permit to any person: (1) who formerly held either type of license or permit which, prior to the time of filing application has been revoked for cause; or (2) who is not the real party in interest and where the license or permit of the real party in interest has been revoked for cause prior to the time of filing such application; or (3) upon other sufficient cause being shown. Before such refusal, the department shall grant the applicant a hearing and shall grant him at least ten (10) days' written notice of the time and place thereof.

(f) Expiration of license or permit: Each special fuel dealer's license, special fuel user's license and special fuel vehicle permit shall be valid until suspended or revoked for cause or otherwise canceled.

(g) Assignment forbidden: No special fuel dealer's license, special fuel user's license or special fuel vehicle permit shall be transferable.

(h) Revocation, suspension, cancellation and surrender of license and permit: The department may revoke the license of any special fuel dealer or special fuel user or any special fuel vehicle permit for reasonable cause. Before revoking such license or permit, the department shall notify the licensee or permittee of its intention so to do, by either certified or registered mail, addressed to his last known address shown in the files of the department, requiring him to appear before the department on a day and hour specified in such notice, not more than thirty (30) days nor less than ten (10) days from date of such notice, and show cause, if any he has, why the license or the permit, or each of them, should not be revoked; provided, however, that at any time prior to and pending such hearing the department may, in the exercise of reasonable discretion, suspend such license or permit.

Upon revocation by the department of any such license or permit, the holder thereof shall immediately surrender the same to the department for cancellation; and the holder of any such permit, having permanently discontinued the use of any vehicle for which the permit was issued, for whatever reason, shall immediately surrender the same to the department for cancellation.

The department shall cancel any license to act as a special fuel dealer or a special fuel user or any special fuel vehicle permit immediately upon surrender thereof by the holder.

(i) Release of surety: Any surety on a bond furnished by a special fuel

HeinOnline -- 1977 Vol. I 727 1977

dealer or special fuel user as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of thirty (30) days from the date upon which such surety shall have lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the thirty (30) day period. If any dealer, or motor vehicle, house trailer, trailer, or semitrailer is originally registered six (6) months after the time of registration as set by law, the registration or license fee for the remainder of such year shall be one-half (½) of the regular fee above given.

A dealer in motor vehicles or trailers who shall maintain more than one (1) place of business or who shall maintain any branch establishment or establishments, must register and pay a registration or license fee for each such place of business or establishment.

A registered dealer, who may sell or dispose of his entire business to any other person, may have his certificate of registration transferred to such purchaser upon filing with the registrar of motor vehicles a statement containing the name of the registered dealer, the number under which such dealer is registered, the name of the purchaser, and the loca-

tion of the place of business so sold. Upon the filing of such statement, accompanied by a filing fee of two dollars ($2.00), the registrar of motor vehicles shall note upon the registration record of such dealer the change of ownership. But no certificate of registration can be transferred unless the entire business of the dealer holding such certificate of registration be sold and disposed of, and no such certificate of registration can be transferred to any person other than the purchasers of such business.

The provisions of this act with respect to the payment of registration fees shall not apply to or be binding upon motor vehicles, trailers or semitrailers or tractors owned or controlled by the United States of America or any state, county or city, but in all other respects the provisions of this act shall be applicable to and binding upon motor vehicles, tractors, trailers, and semitrailers.

The provisions of this section relating to the payment of registration fees do not apply when number plates are transferred to a replacement vehicle under 53-106(4), 53-146, and 53-147.

All fees, other than license fees, unless otherwise specifically provided, shall hereafter be deposited in, and paid into, the earmarked revenue fund and shall be used to pay all salaries, operating expenses, and all other expenses of the department of the registrar of motor vehicles, including the manufacturer and delivery of license plates. Any reference in this code to the motor vehicle recording fund or the motor vehicle administration fund shall be taken to mean the motor vehicle recording account in the earmarked revenue fund."

Transfer of license plates to another motor vehicle.** Should the transferor make application for the registration of another motor vehicle at any time during the remainder of the current registration year *as shown on the original certificate of registration*, he may file an application, in the office of the county treasurer where the motor vehicle is taxable, upon a form to be prepared and furnished by the registrar of motor vehicles, accompanied by the original certificate of registration, for the transfer of the license plates. The application for transfer of the license plates from the motor vehicle for which originally issued to a motor vehicle acquired by the same person in whose name the original license plates were issued shall be made within ten (10) days from date of acquiring the vehicle. The use of the license plates shall not be legalized until proper transfer of license plates has been made."

CHAPTER NO. 246

AN ACT TO ESTABLISH A JOINT UNDERWRITING ASSOCIATION FOR MEDICAL LIABILITY INSURANCE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 40-6001 that reads as follows:

40-6001. Purpose. The legislature finds that a crisis exists because of the high cost and impending unavailability of medical liability insurance. The purpose of this act is to provide an interim solution to the unavailability of such insurance. This legislation will not resolve the underlying causes of the unavailability and high cost, which extend beyond the insurance mechanism. It is anticipated that future legislation will deal on a more permanent basis with the root causes of the current crisis. Accordingly, this act is enacted for a limited period of time.

Section 2. There is a new R.C.M. section numbered 40-6002 that reads as follows:

40-6002. Definitions. As used in this act the following definitions apply:

(1) "Medical liability insurance" means insurance coverage against the legal liability of the insured and against loss, damage, or expense incident to a claim arising out of the death or injury of any person as the result of negligence in rendering professional service by a licensed physician or a hospital, hospital-related facility, or long-term care facility, as defined by 69-5201.

(2) "Association" means the joint underwriting association established pursuant to the provisions of this act.

(3) "Net direct premiums" mean gross direct premiums on personal injury liability insurance written pursuant to the provisions of the insurance laws of Montana, including the liability component of multiple peril package policies as computed by the commissioner of insurance, less return premiums or the unused or unabsorbed portions of premium deposits.

Section 3. There is a new R.C.M. section numbered 40-6003 that reads as follows:

HeinOnline -- 1977 Vol. I 743 1977

40-6003. Joint underwriting association. (1) A joint underwriting association is hereby created, consisting of all insurers authorized to write and engaged in writing within this state on a direct basis insurance against legal liability for the death, injury, or disability of any person pursuant to the provisions of Title 40, including insurers covering the perils in multiple peril package policies. Each of these insurers shall be a member of the association and shall remain a member as a condition of its authority to continue to transact this kind of insurance in this state. The purpose of the association is to provide medical liability insurance on a self-supporting basis.

(2) The association may not commence underwriting operations for physicians until the commissioner of insurance, after due hearing and investigation, has determined that medical liability insurance cannot be made available for physicians in the voluntary market. Upon that determination the association is the exclusive agency through which medical liability insurance may be written in this state on a primary basis for physicians.

(3) The association may not commence underwriting operations for hospitals, hospital-related facilities, or long-term care facilities until the commissioner of insurance, after due hearing and investigation, has determined that medical liability insurance is not readily available for these facilities in the voluntary market. Upon that determination the association is authorized to issue policies of medical liability insurance to hospitals, hospital-related facilities, or long-term care facilities but need not be the exclusive agency through which this insurance may be written on a primary basis in this state.

(4) If the commissioner of insurance determines at any time that medical liability insurance can be made available in the voluntary market for either physicians or hospitals, hospital-related facilities, or long-term care facilities, the association shall thereby cease its underwriting operations for the medical liability insurance which the commissioner has determined can be made available in the voluntary market.

(5) The association has, pursuant to the provisions of this act and the plan of operation with respect to medical liability insurance, the power on behalf of its members to:

(a) subject to limits as specified in the plan of operation but not to exceed $1 million for each claimant under one policy and $3 million for all claimants under one policy in any 1 year, issue or cause to be issued policies of insurance to applicants, including incidental coverages;

(b) underwrite the insurance and assume reinsurance from its members; and

(c) cede reinsurance.

(6) (a) Within 45 days following the creation of the association, the directors of the association shall submit to the commissioner of insurance for his review a proposed plan of operation consistent with the provisions of this act to be fully effective and operative upon order of the commissioner of insurance.

HeinOnline -- 1977 Vol. I 744 1977

(b) The plan of operation shall provide for economic, fair, and nondiscriminatory administration and for the prompt and efficient provision of medical liability insurance and shall contain other provisions including but not limited to preliminary assessment of all members for initial expenses necessary to commence operations, establishment of necessary facilities, management of the association, assessment of members to defray losses and expenses, commission arrangements, reasonable and objective underwriting standards, acceptance and cession of reinsurance, appointment of servicing carriers, and procedures for determining amounts of insurance to be provided by the association.

(c) The plan of operation shall provide that any profit achieved by the association be added to the reserves of the association or returned to the policyholders as a dividend.

(d) Amendments to the plan of operation may be made by the directors of the association, subject to the approval of the commissioner of insurance, or shall be made at the direction of the commissioner.

Section 4. There is a new R.C.M. section numbered 40-6004 that reads as follows:

40-6004. Procedures. (1) (a) A licensed physician or hospital, on or after the effective date of the plan of operation, is entitled to apply to the association for coverage. The application may be made on behalf of an applicant by a broker or agent authorized by the applicant.

(b) If the association determines that the applicant meets the underwriting standards of the association as prescribed in the plan of operation and there is no unpaid, uncontested premium due from the applicant for prior insurance, as shown by the insured having failed to make written objections to the premium charges within 30 days after billing, then the association, upon receipt of the premium or such portion thereof as is prescribed in the plan of operation, shall cause to be issued a policy of professional liability insurance for a term of 1 year.

(2) (a) The rates, rating plans, rating rules, rating classifications, territories, and policy forms applicable to the insurance written by the association and statistics relating thereto are subject to the insurance laws of Montana, giving due consideration to the past and prospective loss and expense experience for medical liability insurance of all of the member companies of the association, trends in the frequency and severity of losses, the investment income of the association, and such other information as the commissioner of insurance may require.

(b) Within such time as the commissioner of insurance directs, the association shall submit for the approval of the commissioner an initial filing, in proper form, of policy forms, classifications, rates, rating plans, and rating rules applicable to medical liability insurance to be written by the association. In the event the commissioner disapproves the initial filing, in whole or in part, the association shall amend it in accordance with the direction of the commissioner. If the commissioner is unable to approve the filing or amended filing within the time specified, he shall promulgate the policy forms, classifications, rates, rating plans, and rules to be used by the association in writing such insurance.

HeinOnline -- 1977 Vol. I 745 1977

(c) Any deficit sustained by the association in any 1 year shall be recouped pursuant to the plan of operation and the rating plan then in effect by one or both of the following procedures:

(i) an assessment upon the policyholders; or

(ii) a rate increase applicable prospectively.

(d) Effective after the initial year of operation, rates, rating plans, rating rules, and any provision for recoupment through policyholder assessment or premium rate increase shall be based upon the association's loss and expense experience, together with such other information based upon that experience as the commissioner of insurance considers appropriate. The resultant premium rates shall be on an actuarially sound basis and shall be calculated to be self-supporting.

(e) In the event that sufficient funds are not available for the sound financial operation of the association, pending recoupment as provided in subsection (2)(d) of this section, all members shall on a temporary basis contribute to the financial requirements of the association in the manner provided for in this section. Contributions shall be reimbursed to the members following recoupment as provided in subsection (2)(d) of this section.

(f) The commissioner of insurance shall consider requiring the association to offer policies on both a claims made and occurrence basis so that applicants may select either policy at their option. However, the premium rate charged for both claims made and occurrence policies shall be at rates established on an actuarially sound basis and which are calculated to be self-supporting.

Section 5. There is a new R.C.M. section numbered 40-6005 that reads as follows:

40-6005. Participation. All insurers which are members of the association shall participate in its writings, expenses, profits, and losses in the proportion that the net direct premiums of each member written during the preceding calendar year, after excluding that portion of premiums attributable to the operation of the association, bears to the aggregate net direct premiums written in this state by all members of the association. Each insurer's participation in the association shall be determined annually on the basis of the net direct premiums written during the preceding calendar year as reported in the annual statements and other reports filed by the insurer with the commissioner of insurance. No member is obligated in any 1 year to reimburse the association on account of its proportionate share in the deficit from operations of the association in that year in excess of 1% of its surplus to policyholders, and the aggregate amount not so reimbursed shall be reallocated among the remaining members in accordance with the method of determining participation prescribed in this section after excluding from the computation the total net direct premiums of all members not sharing in the excess deficit. In the event that the deficit from operations allocated to all members of the association in any calendar year exceeds 1% of their respective surplus to policyholders, the amount of the deficit shall be allocated to each

HeinOnline -- 1977 Vol. I 746 1977

member in accordance with the method of determining participation prescribed in this section.

Section 6. There is a new R.C.M. section numbered 40-6006 that reads as follows:

40-6006. Directors. The association shall be governed by a board of directors, to be elected annually. Eight directors shall be elected by cumulative voting of members of the association, whose votes shall be weighted in accordance with each member's net direct premiums written during the preceding calendar year. Three directors shall be appointed by the commissioner of insurance as representatives of the medical profession, the appointments being made at or before each annual meeting. The eight directors serving on the first board who are to be elected by members of the association shall be elected at a meeting of the members held at a time and place designated by the commissioner.

Section 7. There is a new R.C.M. section numbered 40-6007 that reads as follows:

40-6007. Appeals and judicial review. (1) With respect to those items the plan of operation defines as appealable matters, an applicant to the association, a person insured pursuant to this act, his representative, or an affected insurer may appeal to the commissioner of insurance within 30 days after a ruling action or decision by or on behalf of the association.

(2) All orders of the commissioner of insurance made pursuant to this act are subject to judicial review as provided in Title 40.

Section 8. There is a new R.C.M. section numbered 40-6008 that reads as follows:

40-6008. Privileged communications. There is no liability on the part of and no cause of action of any nature may arise against the association, its agents or employees, an insurer, a licensed agent or broker, or the commissioner of insurance or his authorized representatives for any statements made in good faith by them in any reports or communications concerning risks insured or to be insured by the association or at any administrative hearings conducted in connection therewith.

Section 9. There is a new R.C.M. section numbered 40-6009 that reads as follows:

40-6009. Annual statements. The association shall file in the office of the commissioner of insurance annually on or before March 1 a statement containing information with respect to its transactions, condition, operations, and affairs during the preceding year. The statement shall contain the matters and information prescribed and shall be in a form approved by the commissioner. The commissioner may at any time require the association to furnish additional information with respect to its transactions, condition, or any matter connected therewith considered to be material and of assistance in evaluating the scope, operation, and experience of the association.

Section 10. There is a new R.C.M. section numbered 40-6010 that reads as follows:

HeinOnline -- 1977 Vol. I 747 1977

40-6010. Examinations of association's affairs. The commissioner of insurance shall make an examination into the affairs of the association at least annually. The examination shall be conducted and the report thereon filed in the manner provided by law. The expenses of every examination shall be borne and paid by the association in the manner prescribed by law.

Section 11. **Effective date.** This act is effective on its passage and approval and expires on December 31, 1979, after which no new policies may be issued by the association. However, all issued policies continue in force until their expiration date.

Approved April 4, 1977.

CHAPTER NO. 253

AN ACT TO ENABLE WATER USERS' ASSOCIATIONS TO HAVE INPUT INTO AND APPEAL FROM DECISIONS OF THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION RELATING TO REPAIR AND MAINTENANCE IN EXCESS OF $25,000 ON WATER PROJECTS INVOLVING AN ASSOCIATION AND TO REQUIRE LEGISLATIVE APPROVAL FOR ABANDONMENT OF PROJECTS WHENEVER THERE IS SUFFICIENT PROTEST BY AN ASSOCIATION.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 89-1107 that reads as follows:

89-1107. Operation of projects with water users' association. (1) As used in this section, "department" means the department of natural resources and conservation provided for in Title 82A, chapter 15 and "association" means a water users' association.

(2) Whenever the department proposes a program of maintenance, repair, operation, or alteration of a project in excess of $25,000, the cost of which will be borne by an association pursuant to the terms of a water marketing contract, the association shall be informed of the program and given an opportunity to comment. The department shall notify the association of its decision. If the association believes the program to be unnecessary or excessive in cost, it may appeal the department decision to the board of natural resources and conservation as provided for in 89-115(4). The board shall notify the association of its decision. If the board's decision is adverse to the association, the association may file within 30 days of receipt of notice of the board's decision a complaint to review the board's decision in the district court in any county where all or part of the project works are located or in Lewis and Clark County.

(3) If a complaint is filed under subsection (2), the court shall hold a trial de novo on the question of necessity of the department program and the question of excessive costs. If the association prevails, the court

HeinOnline -- 1977 Vol. I 758 1977

may award costs to the association. The court may specify an acceptable program of maintenance, repair, operation, or alteration or may order the department and the association to develop a program, subject to court approval.

(4) Whenever a program of maintenance, repair, operation, or alteration is proposed, the department shall assist the association in attempting to secure sources of financing, including federal funds.

(5) Whenever the department proposes to abandon a project which involves an association, the department shall notify the association. If, within 30 days of receipt of the notice of abandonment, stockholders of the association representing 15% or more of the issued and outstanding stock of the association file a petition of protest with the department, the project may not be abandoned without the consent of the legislature.

Approved April 4, 1977.

CHAPTER NO. 254

AN ACT TO AMEND SECTION 60-145, R.C.M. 1947, TO PROVIDE FOR CREDITING INTEREST AND INCOME FROM OIL PRODUCERS LICENSE TAX TO THE BOARD OF OIL AND GAS CONSERVATION ACCOUNT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 60-145, R.C.M. 1947, is amended to read as follows:

"**60-145. Privilege and license tax — quarterly statements — penalties — drilling permit fees — oil and gas conservation moneys.** (1) For the purpose of providing funds for defraying the expenses of the operation and enforcement of this chapter, and expenses of the board, the operators and producers of oil and gas shall pay an assessment not to exceed the amounts set forth in the following schedule on each barrel of crude petroleum originally produced, saved and marketed or stored within the state, or exported from the state, and on each ten thousand (10,000) cubic feet of natural gas produced, saved and marketed or stored within the state, or exported therefrom:

(a) On leases on which wells are producing an average of twenty-five (25) barrels of crude petroleum per day, or less, an assessment not to exceed three-eighths of one cent (⅜¢) per barrel;

(b) On leases on which wells are producing an average of more than twenty-five (25) barrels of crude petroleum per day, an assessment not to exceed three-fourths of one cent (¾¢) per barrel; and,

(c) On wells producing, saving and marketing, storing, or exporting, natural gas, the operators and producers shall pay an assessment not to exceed two and one-half (2 ½) mills per ten thousand (10,000) cubic feet of natural gas where said gas is marketed for less than fifteen cents (15¢) per thousand (1,000) cubic feet and an assessment not to exceed five (5)

HeinOnline -- 1977 Vol. I 759 1977

mills per ten thousand (10,000) cubic feet of natural gas where said gas is marketed for fifteen cents (15¢) or more per thousand (1,000) cubic feet.

(2) The board shall by order, without prior notice, or hearing, fix the amount of the assessments and may, from time to time, without prior notice or hearing, reduce or increase the amount thereof as, in its judgment, the expenses chargeable against the oil and gas conservation fund may require; however, the assessments fixed by the board may not exceed the limits prescribed in this section. The amounts of the assessments shall be a percentage factor (not to exceed one hundred percent (100%)) of the rates set forth in subsections (a), (b), and (c) above, and the same percentage factor shall be applied by the board in fixing the amount of the assessment on each barrel of crude production and each ten thousand (10,000) cubic feet of natural gas mentioned in those subsections. The producers of the crude petroleum and natural gas shall pay the assessments on each barrel of crude petroleum and each ten thousand (10,000) cubic feet of natural gas produced for themselves, as well as for others, including royalty holders, and the producers shall be reimbursed for the payments made on crude oil and natural gas produced for others in the same manner as they are reimbursed for net proceeds tax paid on crude petroleum or natural gas produced for others under section 84-6208.

(3) For the purposes of this section, a "lease" means that particularly described tract of land contained in a contract in writing whereby a person having a legal estate in the land so described conveys a portion of his interest to another, in consideration of a certain rental or other recompense or consideration. Further, for the purposes of this section, leases owned or operated by one (1) lessee which in whole or in part cover or affect an underground reservoir containing a common accumulation of crude petroleum oil or natural gas, or both, or which are encompassed within or affected by one (1) particular unit agreement shall be considered as one (1) lease relative to payments to be made under this section.

(4) In addition to the above-mentioned privilege and license tax, a person, before commencing the drilling of an oil or gas well or stratigraphic test well or core hole, shall secure from the board a drilling permit and shall pay to the board therefor the following amounts: for each well whose estimated depth is thirty-five hundred (3500) feet or less, twenty-five dollars ($25); from thirty-five hundred and one (3501) feet to seven thousand (7,000) feet, seventy-five dollars ($75); seven thousand (7,000) feet and deeper, one hundred fifty dollars ($150).

(5) Each producer of crude petroleum in the state shall, not later than the last day of each of the calendar months of February, May, August and November, of each calendar year, render a true statement to the state treasurer of the state, and a duplicate thereof to the board, duly signed and sworn to, of all crude petroleum produced and marketed by him in this state during the preceding quarter, and containing such other information as the board may require, and shall accompany the statement with the payment to the state treasurer of the assessment provided for in subsection (1) of this section, for the period covered by the statement. Each producer of natural gas in the state shall render like statements to the state treasurer of all natural gas produced and marketed by him in this state, and shall make payment of the assessment provided for in

HeinOnline -- 1977 Vol. I 760 1977

subsection (1) of this section, at such times and for such periods as may be prescribed by rule of the board. Any producer carrying on business at more than one (1) place or location in this state may include all those places of business in one (1) statement. The assessment imposed herein shall be due at the time the oil or natural gas is marketed. Oil or natural gas shall be deemed marketed when it is removed from the property from which it was produced.

(6) An assessment not paid within the time specified is delinquent, and a penalty of twenty-five percent (25%) thereof shall be added thereto and the whole thereof shall bear interest at the rate of one percent (1%) per month from the date of delinquency until paid. Upon request of the board the attorney general shall commence and prosecute to final determination in any court of competent jurisdiction an action at law to collect the same.

(7) All money collected under this chapter shall be deposited in the earmarked revenue fund by the state treasurer of the state, and shall be used for the purpose of paying all expenses of the board and for no other purpose; all these moneys shall be used by the board subject to the approval of the department of administration and biennial appropriations by the legislature. *Income and interest from investment of the board's moneys in the earmarked revenue fund shall be credited to the board.*"

Approved April 4, 1977.

CHAPTER NO. 255

AN ACT TO ALLOW BUSINESS INVENTORIES TO BE REPORTED FOR PROPERTY TAX PURPOSES AS THEY ARE REPORTED TO THE INTERNAL REVENUE SERVICE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 84-422.2 that reads as follows:

84-422.2. Statement of purpose. The purpose of 84-422.2 and 84-422.3 is to reduce the paperwork burden imposed by government on the businessman by permitting the use of federal tax inventory reporting forms for the Montana property tax business inventory reports. The report to the assessor shall continue to be made as of each January 1. Thus, if the taxpayer is an individual proprietor filing on a calendar year basis, the schedule C form attached to his form 1040 will also be his property tax inventory report. However, if the taxpayer's taxable year ends on a date other than December 31, he will send the assessor a copy of the last preceding federal schedule he filed.

Section 2. There is a new R.C.M. section numbered 84-422.3 that reads as follows:

84-422.3. Business inventory reporting — copy of federal schedule. For the purposes of 84-409, a person required to report his business inventory as of January 1 to the department of revenue may satisfy this

HeinOnline -- 1977 Vol. I 761 1977

requirement by submitting a copy of the schedule he filed with the internal revenue service as of that day if the person reports his federal income taxes on a calendar year basis or a copy of the schedule he filed with the internal revenue service as of a date within the preceding year if the person reports his federal income taxes on other than a calendar year basis. In the latter instance, the business inventory indicated on the federal schedule shall be presumed to be the business inventory in the possession on January 1 of the person reporting it.

Approved April 4, 1977.

CHAPTER NO. 256

AN ACT TO ENCOURAGE EXPLORATION FOR NATURAL GAS BY EXEMPTING NEW GAS PRODUCTION CONSUMED IN MONTANA FROM ONE-HALF OF THE NET PROCEEDS TAX AND ALL THE SEVERANCE TAX FOR A 3-YEAR PERIOD; AMENDING SECTIONS 84-2202, 84-2207, 84-6204, AND 84-6208, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 84-2212 that reads as follows:

84-2212. Policy. It is the public policy of this state to promote a sufficient supply of natural gas to provide for the residents of this state and to lessen Montana's dependence on imported natural gas.

Section 2. There is a new R.C.M. section numbered 84-2213 that reads as follows:

84-2213. Exemption from net proceeds and severance tax. (1) Natural gas produced from a well 5000 feet deep or deeper on which drilling was commenced after December 31, 1976, but before December 31, 1980, is exempt from one-half the net proceeds tax imposed by chapter 62, Title 84 and all of the severance tax imposed by 84-2202 for 3 years if the gas produced from the well is

(a) placed into a natural gas distribution system for delivery to consumers after diligent completion of the well, and

(b) distributed by a natural gas distribution system serving only natural gas consumers a majority of which are within Montana, or at least 10,000 natural gas consumers within Montana. The 3 year exemption provided by this section shall begin when natural gas from a qualifying well is first placed into a natural gas distribution system.

(2) Notwithstanding the provisions of subsection (1), all reporting requirements under the net proceeds and severance taxes remain in effect.

Section 3. Section 84-2202, R.C.M. 1947, is amended to read as follows:

"84-2202. Oil or gas producers' severance tax — amount —

HeinOnline -- 1977 Vol. I 762 1977

exceptions. Every person engaging in or carrying on the business of producing, within this state, petroleum, or other mineral or crude oil, or natural gas or engaging in or carrying on the business of owning, controlling, managing, leasing or operating within this state any well or wells from which any merchantable or marketable petroleum or other mineral or crude oil or natural gas is extracted or produced, sufficient in quantity to justify the marketing of the same, must, *except as provided in 84-2213,* each year when engaged in or carrying on any such business in this state, pay to the state department of revenue, for the exclusive use and benefit of the state of Montana, a severance tax, computed at the following rates:

(a) Two and one-tenth per cent 2.1% of the total gross value of that portion of all the petroleum and other mineral or crude oil produced by such person from each lease or unit in the calendar quarter not in excess of an amount obtained by multiplying the number of producing wells on such lease or unit by four hundred fifty 450 barrels.

(b) Two and sixty-five hundredths per cent 2.65% of the total gross value of that portion of all the production of such person from each lease or unit in each calendar quarter in excess of 450 barrels multiplied by the number of producing wells on such lease or unit; but in determining the amount of such tax there shall be excluded from consideration all petroleum, or other crude or mineral oil produced and used by such person during such year in connection with his operations in prospecting for, developing and producing such petroleum, crude or mineral oil; provided, however, that nothing in this act shall be construed as requiring laborers or employees, hired or employed by any person, to drill any oil well, or to work in or about any oil well, or prospect or explore for, or do any work for the purpose of developing any petroleum or other mineral or crude oil to pay such severance tax, nor shall any work be done, or the drilling of any well or wells, for the purpose of prospecting or exploring for petroleum or other mineral or crude oils, or for the purpose of developing same, be deemed to be engaging in or carrying on of any such business; provided, further, that in the doing of any such work, or in the drilling of any oil well, or in such prospecting, exploring or development work, any merchantable or marketable petroleum or other mineral or crude oil in excess of the quantity required by such person for carrying on such operation shall be produced sufficient in quantity to justify the marketing of the same, then such work, drilling, prospecting, exploring or development work shall be deemed to be the engaging in and carrying on of such business within this state within the meaning of this section.

(c) Two and sixty-five hundredths percent 2.65% of the total gross value of natural gas produced from each lease or unit, but in determining the amount of such tax there shall be excluded from consideration all gas produced and used by such person during such year in connection with his operations in prospecting for, developing and producing such gas, or petroleum, crude or mineral oil; and there shall also be excluded from consideration all gas recycled or reinjected into the ground.

(d) Every person required to pay such tax hereunder shall pay the same in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas

HeinOnline -- 1977 Vol. I 763 1977

extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of such extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the aforesaid interests that are owned by the federal, state, county or municipal governments shall be exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under said lease or leases or division of proceeds orders or other contracts."

Any such person engaged in carrying on such business at more than one place in this state, or owning, leasing, controlling, or operating more than one oil or gas well in this state, may include all thereof in one statement. The department of revenue shall receive and file all such statements and collect and receive from such person making and filing a statement the amount of tax payable by such person, if any, as the same shall appear from the face of the statement.

(2) It shall be the duty of the department of revenue to examine each of such statements and compute the taxes thereon, and the amount so computed by the department of revenue shall be the taxes imposed, assessed against and payable by the taxpayer making the statement for the quarter for which the statement is filed. If the tax found to be due shall be greater than the amount paid, the excess shall be paid by the taxpayer to the department of revenue within 10 days after written notice of the amount of the deficiency shall be mailed by the department of revenue to such taxpayer. Provided, that if the tax imposed shall be less than the amount paid, the difference must be applied as a credit against tax liability for subsequent quarters, or refunded if there is no subsequent tax liability."

The department shall also compute and allow deductions for any capital expenditures made during the year 1953, where the same have not been previously allowed in computing such net proceeds under the laws of the state of Montana."

The county treasurer shall proceed to give full notice thereof to such operator and to collect the same in manner provided by law.

The operator or producer shall be liable for the payment of said taxes and same shall be payable by and shall be collected from such operators in the same manner and under the same penalties as provided for the collection of taxes upon net proceeds of mines; provided, however, that the operator may, at his option, withhold from the proceeds of royalty interest, either in kind or in money, an estimated amount of the tax to be paid by him upon such royalty or royalty interest, after such withholding any deviation between the estimated tax and the actual tax may be accounted for by adjusting subsequent withholdings from the proceeds of royalty interests."

In the case of corporations having income from business activity which is taxable both within and without this state, the license fee shall be measured by the net income derived from or attributable to Montana sources as determined under section 84-1503. *This tax is due and payable on the 15th day of the fifth month following the close of the taxable year of the corporation; however, the tax becomes a lien as provided in this chapter on the last day of the taxable year in which the income was earned and is for the privilege of carrying on business in this state for the taxable year in which the income was earned.*

AN ACT AMENDING SECTION 84-1835, R.C.M. 1947, TO PROVIDE FOR A 1% CREDIT TO SPECIAL FUEL DEALERS FOR SHRINKAGE, SPILLAGE, AND LEAKAGE OF SPECIAL FUELS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 84-1835, R.C.M. 1947, is amended to read as follows:

"**84-1835. Returns and payments.** (a) Returns: For the purpose of determining the amount of his liability for the tax herein imposed, each

HeinOnline -- 1977 Vol. I 767 1977

special fuel dealer and each special fuel user shall file with the department, on forms prescribed by said department, a monthly tax return.

Upon annual application the department shall waive the filing of a monthly tax return of any special fuel user who establishes that such user's monthly tax liability is or will be ten dollars ($10) or less.

Such user shall make an annual report and return to the department, on forms prescribed by said department on or before the 25th day of January of each year hereafter. Should the department determine that a user filing annual returns as herein provided is delinquent in making reports and payments, it shall require such person to file monthly returns as herein provided. Such return, annual or monthly, shall contain a declaration by the person making the same, to the effect that the statements contained are true and are made under penalties of perjury, which declarations shall have the same force and effect as a verification. The return shall show such information as the department may reasonably require for the proper administration and enforcement of this act; provided, however, that if a special fuel dealer or user is also a wholesale distributor of special fuel at a location where special fuel is delivered into the supply tank of a motor vehicle, and if separate storage is provided thereat from which special fuel is delivered or placed into fuel supply tanks of motor vehicles, the monthly return to the department need not include inventory control data covering bulk storage from which wholesale distribution of special fuel is made. The special fuel dealer or special fuel user shall file the return on or before the twenty-fifth (25th) day of the next succeeding calendar month following the monthly period to which it relates; provided, however, that for good cause the department may grant a taxpayer a reasonable extension of time for filing, but not to exceed thirty (30) days.

Any claim, statement, remittance, or other document which is transmitted to this state through the United States mail, shall be deemed filed and received by this state on the date shown by the post office cancellation mark stamped upon the envelope or other appropriate wrapper containing it. Any claim, statement, remittance or other document which is mailed but not received by this state or where received with a cancellation mark that is illegible, erroneous, or omitted, shall be deemed filed and received on the date mailed if the sender establishes by competent evidence that the claim, statement, remittance, or other document was deposited in the United States mail on or before the date due for filing. In cases of such nonreceipt of a claim, statement, remittance, or other document, the sender must file with the state a duplicate within thirty (30) days after written notification is given to the sender by the state of its nonreceipt of such claim, statement, remittance, or other document.

If any claim, statement, remittance or other document is sent by United States registered mail, certified mail or certificate of mailing, a record authenticated by the United States Post Office of such registration, certification or certificate shall be considered competent evidence that the report, claim, tax return, statement, remittance or other document was mailed to the addressee, and the date of registration, certification or certificate shall be deemed the postmarked date.

HeinOnline -- 1977 Vol. I 768 1977

If the final filing date falls on a Saturday, Sunday or legal holiday, the next secular or business day shall be the final filing date. Such reports shall be considered filed or received on the date or as provided in this chapter.

(b) Computation: The tax imposed by this act shall be computed as follows: (1) with respect to special fuel used by the seller thereof as a special fuel dealer, by multiplying the tax rate per gallon provided in this act by the number of gallons of special fuel delivered or placed by him into the supply tank or tanks of a motor vehicle, (2) with respect to special fuel as to which the tax has not been paid to a special fuel dealer in this state and which has been consumed by the purchaser thereof as a special fuel user, by multiplying the tax rate per gallon provided in this act by the number of gallons of special fuel consumed by him in the propulsion of motor vehicles on the highways of this state.

(c) Payments: The monthly tax return shall be accompanied by remittance covering the tax due hereunder on account of the use as defined in 84-1831(f) of special fuels during the preceding month. *A licensed special fuel dealer is allowed a deduction equal to 1% of the first 6 cents per gallon of the taxes paid by the dealer under 84-1832.1 as an allowance for shrinkage, spillage, and evaporation of special fuels and other losses beyond the dealer's control.*

(d) Refusal or failure to file return or pay tax when due: In case of any special fuel dealer or special fuel user who refuses or fails to file a return required by this act within the time prescribed by subsection (a) of this section, there is hereby imposed a penalty of twenty-five dollars ($25) or a sum equal to twenty-five per cent (25%) of the tax due, whichever is greater, together with interest at the rate of one per cent (1%) on the tax due, for each calendar month or fraction thereof during which such refusal or failure continues; provided, however, that if any such special fuel dealer or special fuel user shall establish to the satisfaction of the department that his failure to file a return within the time prescribed was due to reasonable cause, the department shall waive the penalty provided by this subsection.

(e) Failure to pay tax: Where a special fuel dealer or a special fuel user files a return, but fails to pay in whole or in part the tax due hereunder, there shall be added to the amount due and unpaid, interest at the rate of one per cent (1%) per month or fraction thereof, from the date such tax was due to the date of payment in full thereof.

(f) Deficiency: If it be determined by the department that the tax reported by any special fuel dealer or special fuel user is deficient, it shall proceed to assess the deficiency on the basis of information available to it and there shall be added to this deficiency interest at the rate of one per cent (1%) per month or fraction thereof from the date the return was due.

(g) Determination if no return made: If any special fuel dealer or special fuel user, whether or not he is licensed as such, fails, neglects, or refuses to file a special fuel tax return when due, the department shall, on the basis of information available, to it, determine the tax liability

HeinOnline -- 1977 Vol. I 769 1977

of the special fuel dealer or special fuel user for the period during which no return was filed, and to the tax as thus determined, the department shall add the penalty and interest provided in subsection (d) above.

An assessment made by the department pursuant to this subsection or to subsection (f) of this section shall be presumed to be correct, and in any case where the validity of the assessment is drawn in question, the burden shall be on the person who challenges the assessment to establish by a fair preponderance of the evidence that it is erroneous or excessive as the case may be.

(h) Fraudulent return: If any special fuel dealer or special fuel user shall file a false or fraudulent return with intent to evade the tax imposed by this act, there shall be added to the amount of deficiency determined by the department a penalty equal to twenty-five per cent (25%) of the deficiency together with interest at one per cent (1%) per month, or fraction thereof, on such deficiency from the date such tax was due to the date of payment, in addition to all other penalties prescribed by law.

(i) Limitation: Except in the case of a fraudulent return or of neglect, or refusal to make a return, every deficiency shall be assessed under subsection (f) above within five (5) years after the twenty-fifth day of the next succeeding calendar month following the monthly period for which the amount is proposed to be determined or within five (5) years after the return is filed, whichever period expires the later."

Approved April 4, 1977.

(2) On the last day of the year in which the estimate is made, the taxpayer must file a current statement setting forth the number of all livestock more than 9 months of age owned by him in each county on the last day of each month during the current tax year.

Section 9. Section 84-6013, R.C.M. 1947, is amended to read as follows:

"**84-6013. Collection of tax on livestock.** The department of revenue or its agent upon receipt of such letter or other information, that livestock has been brought into his county from outside of the state, after the first day of January in any year, shall immediately proceed under the provisions of *chapter 52.*"

CHAPTER NO. 261

AN ACT TO RAISE THE PER CAPITA LICENSE FEE ON SHEEP; AMENDING SECTIONS 46-2102 AND 46-2104, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-2102, R.C.M. 1947, is amended to read as follows:

"**46-2102. County commissioners may require per capita license fee on sheep.** To defray the expense of such protection the board of county commissioners of any county shall have the power to require all owners or persons in possession of any sheep, coming one year old or over, in the county on the regular assessment date of each year to pay a license fee of not exceeding *50¢* per head of sheep so owned or possessed by him in the county; provided that all owners or persons in possession of any sheep, coming one year old or over, coming into the county after the regular assessment date and subject to taxation under the provisions of section 84-6008 shall also be subject to payment of the license fee herein prescribed. Upon the order of the board of county commissioners such license fees may be imposed by the entry thereof in the name of the licensee upon the property tax rolls of the county by the county assessor. Said license fees shall be payable to and collected by the county treasurer, and when so levied, shall be a lien upon the property, both real and personal of the licensee. In case the person against whom said license fee is levied owns no real estate against which said license fee is or may become a lien, then said license fee shall be payable immediately upon its levy and the treasurer shall collect the same in the manner provided by law for the collection of personal property taxes which are not a lien upon real estate. When collected, said fees shall be placed by the treasurer in the predatory animal control fund and the moneys in said fund shall be expended on order of the board of county commissioners of the county for predatory animal control only. The word "owners" or "persons" shall include natural persons, copartnerships, corporations, trusts and estates."

Section 2. Section 46-2104, R.C.M. 1947, is amended to read as follows:

"**46-2104. Duty of county commissioners — petition of sheep owners.** In conducting a predatory animal control program, the board of county commissioners shall give preference to recommendations for such program and its incidents as made by organized associations of sheep growers in the county. Upon petition of the resident owners of at least 51% of the sheep in the county, as shown by the assessment rolls of the last preceding assessment, which petition shall be filed with the board of county commissioners on or before the first Monday in December in any year, such board shall establish the predatory animal control program, and cause said licenses to be secured and issued and the fees collected for the following year in such amount, not exceeding the limits of *50¢* per head of sheep as shown by said assessment rolls, as will defray

HeinOnline -- 1977 Vol. I 776 1977

the cost of administering the program so established. The license fee determined and set by the board, within said limits, shall remain in full force and effect from year to year without change, unless there is filed with the board a petition subscribed by the resident owners of at least 51% of the sheep in the county, as shown by the assessment rolls of the last assessment preceding the filing of the petition, for termination of the program and repeal of the license fee, in which event the program shall by order of the board of county commissioners be disestablished and the license fee shall not be further levied. If the resident owners of at least 51% of the sheep in the county either (a) petition for an increase in the license fee, subject always to the maximum limitation of 50¢ per head of sheep, or (b) petition for a decrease in the license fee then in force, the board of county commissioners shall upon receipt of any such petition fix a new license fee to continue from year to year and the program shall thereupon continue within the limits of the aggregate amount of the license fee as collected from year to year."

Approved April 4, 1977.

CHAPTER NO. 262

AN ACT TO AMEND SECTION 89-3504, R.C.M. 1947, TO CLEARLY AUTHORIZE A POLITICAL SUBDIVISION TO ADOPT LOCAL LAND-USE REGULATIONS IN DESIGNATED FLOODPLAINS AND FLOODWAYS AFTER THE STATUTORY 6-MONTH DEADLINE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 89-3504, R.C.M. 1947, is amended to read as follows:

"**89-3504. Program for delineation of floodplains and floodways — land-use regulations.** (1) (a) The department shall initiate a comprehensive program for the delineation of designated floodplains and designated floodways for every watercourse and drainway in the state. It shall make a study relating to the acquiring of flood data and may enter into arrangements with the United States geological survey, the United States army corps of engineers, or any other state or federal agency for such acquisition.

(b) Before the board establishes by order a designated floodplain or a designated floodway, the department shall consult with the affected political subdivisions. Consultation shall include but not be limited to the following:

(i) specifically requesting that the political subdivisions submit pertinent data concerning flood hazards, including flooding experiences, plans to avoid potential hazards, estimates of economic impacts of flooding on the community, both historical and prospective, and such other data as considered appropriate;

(ii) notifying local officials, including members of the county commis-

HeinOnline -- 1977 Vol. I 777 1977

sion, city council, and planning board of the progress of surveys, studies, and investigations and of proposed findings, along with information concerning data and methods employed in reaching such conclusions; and

(iii) encouraging local dissemination of information concerning surveys, studies, and investigations so that interested persons will have an opportunity to bring relevant data to the attention of the department.

(2) When sufficient data have been acquired by the department, the board shall establish, by order, after a public hearing, the designated floodplain within which a political subdivision may establish land-use regulation. When sufficient data have been acquired, the board shall establish, by order, after a public hearing, the designated floodway within which a political subdivision may establish land-use regulation. These designations shall be based upon reasonable hydrological certainty. When the designated floodplain or the designated floodway has been established, the department shall furnish this data to officials of the political subdivision having jurisdiction over those areas together with a map outlining the areas involved, a copy of this act, adopted rules of the board, and suggested minimum standards adopted by the board. These standards and rules shall reflect gradations in flood hazard based on criteria as outlined in 89-3507(2). In adopting these standards *and* rules, the board shall consider local input from the affected political subdivisions. The department shall record all designated floodplains or designated floodways established by the board in the office of the county clerk and recorder of each county in which those floodplains or floodways are found. The board may alter the floodplains or floodways at any later time, by order, after a public hearing if a *reevaluation* of the then available flood data *warrant* it. Notice of a hearing or order of the board establishing or altering the floodplains or floodways shall be given by publishing the notice once each week for 3 consecutive weeks in a legal newspaper published or of general circulation in the area involved, the last publication of which shall be not less than 10 days prior to the date set for the hearing or the effective date of the order.

(3) Upon transmittal of the floodplain information to officials of a political subdivision, the political subdivision has 6 months from the date of transmittal to adopt land-use regulations which meet or exceed the minimum standards of the board. If within the *6-month* period the political subdivision has failed to adopt the land-use regulations, the department shall enforce the minimum standards within the designated floodplain or the designated floodway as established by the board under subsection (2) of this section, and no artificial obstruction or nonconforming use *may* be established by any person within the designated floodplain or the designated floodway, unless specifically authorized by the board.

(4) A political subdivision which has failed to adopt land-use regulations which meet or exceed the minimum standards of the board within the 6-month period may subsequently adopt such regulations and, if approved by the board, they shall be effective within the designated floodplain or floodway and administered and enforced by the political subdivision.

(5) When necessary for compliance with federal flood insurance

HeinOnline -- 1977 Vol. I 778 1977

requirements, the board may shorten the *6-month* period upon notification to the political subdivision and publication of a notice thereof in a newspaper of general circulation in the affected area once a week for 3 consecutive weeks."

Approved April 4, 1977.

CHAPTER NO. 263

AN ACT TO GENERALLY REVISE THE LAWS RELATING TO AUCTION SALES; RENUMBERING AND AMENDING SECTIONS 66-201 THROUGH 66-203, 66-203.1, 66-204 THROUGH 66-207, 66-211, 66-213, 66-216, 66-219, AND 66-230, R.C.M. 1947; AMENDING SECTION 87A-2-328, R.C.M. 1947; AND REPEALING SECTIONS 66-208, 66-209, 66-210, 66-212, 66-214, 66-215, 66-217, 66-218, AND 66-220 THROUGH 66-229, R.C.M. 1947.

"74-702. Sale by auction. (1) In a sale by auction *of* goods *by lot,* each lot is the subject of a separate sale.

Where a bid is made while the hammer is falling in acceptance of a prior bid the auctioneer may in his discretion reopen the bidding or declare the goods sold under the bid on which the hammer was falling.

(3) Such a sale is with reserve unless the goods are in explicit terms put up without reserve. In an auction with reserve the auctioneer may withdraw the goods at any time until he announces completion of the sale. In an auction without reserve, after the auctioneer calls for bids on an article or lot, that article or lot cannot be withdrawn unless no bid is made within a reasonable time. In either case a bidder may retract his bid until the auctioneer's announcement of completion of the sale, but a bidder's retraction does not revive any previous bid.

(4) If the auctioneer knowingly receives a bid on the seller's behalf or the seller makes or procures such a bid, and notice has not been given that liberty for such bidding is reserved, the buyer may at his option avoid the sale or take the goods at the price of the last good faith bid prior to the completion of the sale. This subsection *does* not apply to any bid at a forced sale."

Section 5. Section 66-211, R.C.M. 1947, is renumbered 74-705 and is amended to read as follows:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-2006, R.C.M. 1947, is amended to read as follows:

"15-2006. Registration of broker-dealers, salesmen, and investment advisers. (1) It is unlawful for any person to transact business in this state as a broker-dealer or salesman, except in transactions exempt under 15-2014, unless he is registered under this *chapter.* It is unlawful for any person to transact business in this state as an investment adviser unless:

(a) he is so registered under this *chapter;*

(b) he is registered as a broker-dealer under this *chapter;* or

(c) his only clients in this state are investment companies as defined in the Investment Company Act of 1940 or insurance companies.

(2) A broker-dealer *or a* salesman, acting as *an agent* for an issuer, or acting as *an agent* for a broker-dealer in the *offer or* sale of securities for an issuer, or *an* investment adviser may apply for registration by filing with the commissioner an application in such form as the commissioner *prescribes* and payment of the fee prescribed in 15-2016. Except for persons in the employ of brokerage firms governed by the regulations of the securities and exchange commission, all salesmen must be legal residents of this state and must have actually resided in this state for a period of at least 1 year next prior to the date of application for registration. Salesmen shall also file with the commissioner a bond of a surety company duly authorized to transact business in this state. *The* bond *shall* be in the sum of $5,000, payable to the state of Montana and conditioned upon the faithful compliance with the provisions of this *chapter*, and shall provide that upon failure to so comply, the salesman shall be liable to any and all persons who may suffer loss by reason thereof.

(3) The application shall contain whatever information the commissioner requires.

(4) If no denial order is in effect and no proceeding is pending under *subsection* (8) of this section, registration becomes effective at noon of the

HeinOnline -- 1977 Vol. I 784 1977

30th day after an application is filed. The commissioner may specify an earlier effective date, and he may by order defer the effective date for an additional 60 days. *The* effective day after the filing of any amendment shall be noon of the 30th day thereafter unless otherwise accelerated by the commissioner.

(5) Registration of a broker-dealer, salesman, or investment adviser shall be effective until March *1* following such registration and may be renewed. The registration of a salesman is not effective during any period when he is not associated with an issuer or a registered broker-dealer specified in his application. When a salesman begins or terminates a connection with an issuer or registered broker-dealer, the salesman and the issuer or broker-dealer shall promptly notify the commissioner.

(6) Registration of a broker-dealer, salesman, or investment adviser may be renewed by filing with the commissioner prior to the expiration thereof an application containing such information as the commissioner may require to indicate any material change in the information contained in the original application or any renewal application for registration as a broker-dealer, salesman, or investment adviser filed with the commissioner by the applicant, payment of the prescribed fee and, in the case of a broker-dealer, a financial statement showing the financial condition of such broker-dealer as of a date within 90 days. A registered broker-dealer or investment adviser may file an application for registration of a successor, to become effective upon approval of the commissioner.

(7) Every registered broker-dealer and investment adviser shall make and keep such accounts and other records, except with respect to securities exempt under 15-2013(1), as may be prescribed by the commissioner. All records so required shall be preserved for 3 years unless the commissioner prescribes otherwise for particular types of records. All the records of a registered broker-dealer or investment adviser are subject at any time or from time to time to such reasonable periodic, special, or other examinations, within or without this state, by representatives of the commissioner, as the commissioner *considers* necessary or appropriate in the public interest or for the protection of investors.

(8) The commissioner may by order deny, suspend, or revoke registration of any broker-dealer, salesman, or investment adviser if he finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer or investment adviser, any partner, officer, or director:

(a) has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

(b) has willfully violated or willfully failed to comply with any provision of this *chapter* or a predecessor *law* or any rule or order under this *chapter* or a predecessor *law*;

(c) has been convicted of any misdemeanor involving a security or any aspect of the securities business or any felony;

HeinOnline -- 1977 Vol. I 785 1977

(d) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

(e) is the subject of an order of the commissioner denying, suspending, or revoking registration as a broker-dealer, salesman, or investment adviser;

(f) is the subject of an order entered within the past 5 years by the securities administrator of any other state or by the federal securities and exchange commission denying or revoking registration as a broker-dealer or salesman or the substantial equivalent of those terms as defined in this *chapter* or is the subject of an order of the federal securities and exchange commission suspending or expelling him from a national securities exchange or national securities association registered under the Securities Exchange Act of 1934, or is the subject of a United States post office fraud order; but:

(i) the commissioner may not institute a revocation or suspension proceeding under this *subsection (f)* more than 1 year from the date of the order relied on; and

(ii) he may not enter any order under this *subsection (f)* on the basis of an order unless that order was based on facts which would currently constitute a ground for an order under this section;

(g) has engaged in dishonest or unethical practices in the securities business;

(h) is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the commissioner may not enter an order against a broker-dealer or investment adviser under this *subsection (h)* without a finding of insolvency as to the broker-dealer or investment adviser;

(i) has not complied with a condition imposed by the commissioner under *subsection* (8) of this section, or is not qualified on the basis of such factors as training, experience, or knowledge of the securities business; or

(j) has failed to pay the proper filing fee; but the commissioner may enter only a denial order under this *subsection (j)*, and he shall vacate any such order when the deficiency has been corrected. The commissioner may by order summarily postpone or suspend registration pending final determination of any proceeding under this section.

(9) Upon the entry of the order under *subsection* (8) of this section, the commissioner shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is a salesman, that it has been entered and of the reasons therefor and that if requested by the applicant or registrant within 15 days after the receipt of the commissioner's notification the matter will be promptly set down for hearing. If no hearing is requested within 15 days and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the

HeinOnline -- 1977 Vol. I 786 1977

commissioner, after notice of and opportunity for hearing, may affirm, modify, or vacate the order.

(10) If the commissioner finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, investment adviser, or salesman, or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian, or cannot be located after reasonable search, the commissioner may by order cancel the registration or application."

Section 2. Section 66-209, R.C.M. 1947, is amended to read as follows:

"**66-209. Power of city authorities.** The city council or other corresponding authority of each city may designate such place or places therein for *auction sales* as *it considers* expedient."

Revenues and other funds on hand, including reserves pledged for the payment and security of outstanding revenue bonds, may be deposited in an escrow fund created for the retirement of *those* bonds and may be invested and disbursed as provided in subsection (c) hereof to the extent consistent with the resolutions or indentures authorizing such outstanding bonds.

HeinOnline -- 1977 Vol. I 836 1977

need be levied for each fund included on the final budget of the joint district, a joint statement of the required mill levies shall be prepared and signed by the county superintendents involved in the computation. A copy of the statement shall be delivered to the board of county commissioners of each county in which a part of the joint district is located not later than the Friday immediately preceding the second Monday in August."

Section 13. Section 75-6727, R.C.M. 1947, is amended to read as follows:

"75-6727. Emergency budget limitation, preparation and adoption procedures. The meeting of the trustees to consider and adopt an emergency budget shall be open to the public and any taxpayer in the district shall have the right to appear and be heard. If at such a meeting a majority of the trustees present shall find that an emergency exists, the trustees may make and adopt a preliminary emergency budget on the regular budget form setting forth fully the facts constituting the emergency. In adopting the preliminary emergency budget, the trustees may budget for any fund which was included on the final budget of the district for the current school fiscal year. The budget shall be itemized to show the amount appropriated for each item as required on the budget form.

When the emergency is due to any increase of enrollment, the maximum amount of the emergency budget for all funds shall be determined in the following manner:

(1) Determine the total amount in the final budget for the current school fiscal year of all funds affected by the emergency, less any amounts appropriated as capital outlay and any amount appropriated for addition to the cash reserve.

(2) Divide the amount determined in subsection (1) by the number of pupils originally enrolled in such district during the immediately preceding school fiscal year. The resulting cost per pupil shall constitute the maximum permissible per-pupil expenditure in the emergency budget.

(3) Determine the enrollment increase of the current school fiscal year by subtracting the number of pupils originally enrolled during the immediately preceding school fiscal year from the number of pupils enrolled for the current school year. The result shall be the enrollment increase for the current school fiscal year.

(4) Multiply the cost per pupil determined in subsection (2) by the enrollment increase determined in subsection (3). The result shall be the maximum limitation on an emergency budget for emergencies due to an increase of enrollment.

In the event of any other type of emergency, the budget shall be limited by those expenditures deemed by the trustees to be reasonable and necessary to finance the stated conditions of the emergency, and the preliminary emergency budget shall be accompanied with the details of the proposed expenditures.

Whenever the trustees adopt a preliminary emergency budget for the transportation fund, the trustees shall attach to such budget a copy of each transportation contract which is connected with the emergency and

HeinOnline -- 1977 Vol. I 837 1977

which has been prepared and executed in accordance with the school transportation contract laws.

After the trustees have adopted the emergency budget by a majority vote of the trustees, it shall be signed by the chairman of the trustees and the clerk of the district and *copies shall be sent to the county superintendent, the county treasurer, and the superintendent of public instruction.*"

Section 14. Section 75-6803, R.C.M. 1947, is amended to read as follows:

"**75-6803. County officials for financial administration when joint district.** When all of the schools of the joint district are located in one (1) county, the school financial administration duties assigned to county officials shall be performed by those officials of the county wherein the schools of the district are located. When the schools of a joint district are located in more than one (1) county, the superintendent of public instruction shall designate the county officials to perform such duties for the joint district.

The designated county treasurer shall be the custodian of all joint district moneys and shall perform all other duties of the county treasurer for the joint district. The superintendent of public instruction shall disburse all moneys for a joint district to such county treasurer."

Section 15. Section 75-7203, R.C.M. 1947, is amended to read as follows:

"**75-7203. Budgeting, levy requirement and paying elementary tuition.** The tuition amount that has been established in 75-7201 shall be paid during the ensuing school fiscal year. The trustees of the elementary district shall include such amount in the tuition fund of the preliminary budget. If the trustees should fail to include such amount or any portion of it in the preliminary budget, *they* shall adjust the budgeted amount in adopting the final budget to provide for the total tuition amount that is due during the ensuing school fiscal year. Such adjustment shall not be subject to the budget adjustment provisions of 75-6714.

The county superintendent shall report the net tuition fund levy requirement for each elementary district to the county commissioners on the second Monday of August, and a levy on the district shall be made by the county commissioners in accordance with 75-6717. Such levy requirement shall be calculated by subtracting from the total expenditure amount authorized in the final tuition fund budget, the sum of the cash balance in the tuition fund at the end of the immediately preceding school fiscal year plus any other anticipated moneys that may be realized in the tuition fund.

The trustees shall pay by warrants drawn on the tuition fund the tuition amounts owed to each district included in the county superintendent's notification provided under the provisions of 75-7201. Such payments shall be made whenever there is a sufficient amount of cash available in the tuition fund, but no later than the end of the school fiscal year for which the budget was adopted."

"**87A-8-102. Definitions and index of definitions.** (1) In this chapter unless the context otherwise requires

(a) A "security" is an instrument which

(i) is issued in bearer or registered form; and

(ii) is of a type commonly dealt in upon securities exchanges or markets or commonly recognized in any area in which it is issued or dealt in as a medium for investment; and

(iii) is either one of a class or series or by its terms is divisible into a class or series of instruments; and

(iv) evidences a share, participation or other interest in property or in an enterprise or evidences an obligation of the issuer.

(b) A writing which is a security is governed by this chapter and not by Uniform Commercial Code—Commercial Paper even though it also meets the requirements of that chapter. This chapter does not apply to money.

(c) A security is in "registered form" when it specifies a person entitled to the security or to the rights it evidences and when its transfer may be registered upon books maintained for that purpose by or on behalf of an issuer or the security so states.

(d) A security is in "bearer form" when it runs to bearer according to its terms and not by reason of any endorsement.

(2) A "subsequent purchaser" is a person who takes other than by original issue.

(3) A "clearing corporation" is a corporation:

(a) at least 90% of the capital stock of which is held by or for *one or more persons, other than individuals, each of whom:*

(i) is subject to supervision or regulation pursuant to the provisions of federal or state banking laws or state insurance laws and does not hold in excess of 20% of the capital stock of the corporation; or

(ii) is a broker or dealer or investment company registered under the Securities Exchange Act of 1934 or the Investment Company Act of 1940 and does not hold in excess of 20% of the capital stock of the corporation; or

"Broker." Section 87A-8-303.

"Guarantee of the signature." Section 87A-8-402.

"Intermediary bank." Section 87A-4-105.

"Issuer." Section 87A-8-201.

"Overissue." Section 87A-8-104.

(6) In addition Chapter 1 contains general definitions and principles of construction and interpretation applicable throughout this chapter."

Section 2. Section 87A-8-320, R.C.M. 1947, is amended to read as follows:

"87A-8-320. Transfer or pledge within a central depository system. (1) If a security

(a) is in the custody of a clearing corporation or of a custodian bank or a nominee of either subject to the instructions of the clearing corporation; and

(b) is in bearer form or endorsed in blank by an appropriate person or registered in the name of the clearing corporation or custodian bank or a nominee of either; and

HeinOnline -- 1977 Vol. I 840 1977

(c) is shown on the account of a transferor or pledgor on the books of the clearing corporation; then, in addition to other methods, a transfer or pledge of the security or any interest therein may be effected by the making of appropriate entries on the books of the clearing corporation reducing the account of the transferor or pledgor and increasing the account of the transferee or pledgee by the amount of the obligation or the number of shares or rights transferred or pledged.

(2) Under this section entries may be with respect to like securities or interests therein as a part of a fungible bulk and may refer merely to a quantity of a particular security without reference to the name of the registered owner, certificate or bond number or the like and, in appropriate cases, may be on a net basis taking into account other transfers or pledges of the same security.

(3) A transfer or pledge under this section has the effect of a delivery of a security in bearer form or duly endorsed in blank (section 87A-8-301) representing the amount of the obligation or the number of shares or rights transferred or pledged. If a pledge or the creation of a security interest is intended, the making of entries has the effect of a taking of delivery by the pledgee or a secured party (sections 87A-9-304 and 87A-9-305). A transferee or pledgee under this section is a holder.

(4) A transfer or pledge under this section does not constitute a registration of transfer under Part 4 of this chapter.

(5) That entries made on the books of the clearing corporation as provided in subsection (1) are not appropriate does not affect the validity or effect of the entries nor the liabilities or obligations of the clearing corporation to any person adversely affected thereby.

(6) Under this section a clearing corporation shall, upon written request, furnish to any issuer within a reasonable time a list disclosing the names of all persons who have securities of the issuer in their account with a depository and including a statement of the principal amount or number of units of each such security of the issuer on deposit. The clearing corporation may charge the issuer a fee for such written list, but the fee shall bear a reasonable relation to the cost of furnishing such list."

Section 3. There is a new R.C.M. section numbered 5-1601 that reads as follows:

5-1601. Definitions. For the purposes of 5-1602 and 5-1603, unless the context clearly indicates otherwise, the following definitions apply:

Section 4. There is a new R.C.M. section numbered 5-1602 that reads as follows:

5-1602. Deposit of securities in central depository. (1) Notwithstanding any other provision of law, any fiduciary, as defined in 5-1601, holding securities in its fiduciary capacity, any bank or trust company holding securities as a custodian or managing agent, and any bank or trust company holding securities as custodian for a fiduciary is authorized to deposit or arrange for the deposit of the securities in a clearing corporation, as defined in 87A-8-102. When the securities are so deposited, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of such clearing corporation with any other such securities deposited in such clearing corporation by any person regardless of the ownership of the securities, and certificates of small denomination may be merged into one or more certificates of larger denomination. The records of such fiduciary and the records of such bank or trust company acting as custodian, as managing agent, or as custodian for a fiduciary shall at all times show the name of the party for whose account the securities are deposited. Title to the securities may be transferred by bookkeeping entry on the books of the clearing corporation without physical delivery of certificates representing such securities. A bank or trust company so depositing securities pursuant to this section is subject to rules which in the case of state chartered institutions, the state banking board and, in the case of national banking associations, the comptroller of the currency, may from time to time adopt. A bank or trust company acting as custodian for a fiduciary shall, on demand of the fiduciary, certify in writing to the fiduciary the securities so deposited by the bank or trust company in the clearing corporation for the account of such fiduciary. A fiduciary shall, on demand by any party to a judicial proceeding for the settlement of the fiduciary's account or on demand by the attorney for such party, certify in writing to the party the securities deposited by the fiduciary in the clearing corporation for its account as such fiduciary.

(2) This section shall apply to any fiduciary holding securities in its fiduciary capacity and to any bank or trust company holding securities as a custodian, managing agent, or custodian for a fiduciary acting on the effective date of this section or who thereafter may act regardless of the date of the agreement, instrument, or court order by which it is appointed and regardless of whether or not such fiduciary, custodian, managing agent, or custodian for a fiduciary owns capital stock of such clearing corporation.

Section 5. There is a new R.C.M. section numbered 5-1603 that reads as follows:

5-1603. Fiduciaries — deposit of United States government and agency securities with a federal reserve bank. (1) Notwithstanding any other provision of law, any bank or trust company when acting as fiduciary as defined in 5-1601, and any bank or trust company when holding securities as custodian for a fiduciary is authorized to deposit or arrange for the deposit with the federal reserve bank in its district of any securities the principal and interest of which the United States or

HeinOnline -- 1977 Vol. I 842 1977

any department, agency, or instrumentality thereof has agreed to pay or has guaranteed payment, to be credited to one or more accounts on the books of the federal reserve bank in the name of the bank or trust company, to be designated fiduciary or safekeeping accounts, to which accounts other similar securities may be credited. A bank or trust company so depositing securities with a federal reserve bank shall be subject to such rules with respect to the making and maintenance of such deposit as, in the case of state chartered institutions, the state banking board and, in the case of national banking associations, the comptroller of the currency may from time to time adopt. The records of the bank or trust company shall at all times show the ownership of the securities held in such account. Ownership of and other interests in the securities credited to such account may be transferred by entries on the books of the federal reserve bank without physical delivery of any securities. A bank or trust company acting as custodian for a fiduciary shall, on demand of the fiduciary, certify in writing to the fiduciary the securities deposited by the bank or trust company with the federal reserve bank for the account of such fiduciary. A fiduciary shall, on demand by any party to its accounting or on demand by the attorney for the party, certify in writing to the party the securities deposited by the fiduciary with the federal reserve bank for its account as such fiduciary.

(2) This section shall apply to all fiduciaries and custodians for fiduciaries acting on the effective date of this section or who thereafter may act regardless of the date of the instrument or court order by which they are appointed.

Section 6. Section 82A-401.1, R.C.M. 1947, is amended to read as follows:

"**82A-401.1. Functions of department.** The department and its units are responsible for administering laws pertaining to business regulation, including, but not limited to, laws pertaining to:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 48-311, R.C.M. 1947, is amended to read as follows:

"**48-311. Declaration of invalidity.** (1) The district court shall enter its decree declaring the invalidity of a marriage entered into under the following circumstances:

(a) a party lacked capacity to consent to the marriage at the time the marriage was *entered into*, either because of mental incapacity or infirmity or because of the influence of alcohol, drugs, or other incapacitating substances, or a party was induced to enter into a marriage by force or duress, or by fraud involving the essentials of marriage;

(b) a party lacks the physical capacity to consummate the marriage by sexual intercourse, and at the time the marriage was *entered into* the other party did not know of the incapacity;

(c) a party was under the age of sixteen (16) years or was aged sixteen (16) or seventeen (17) years and did not have the consent of his parents or guardian or judicial approval; or

(d) the marriage is prohibited.

(2) A declaration of invalidity under subsection (1)(a) through (c) may be sought by any of the following persons and must be commenced within the times specified, but in no event may a declaration of invalidity be sought after the death of either party to the marriage:

(a) for lack of capacity to consent because of mental incapacity or infirmity, no later than one (1) year after the petitioner obtained knowledge of the described condition;

(b) for lack of capacity to consent because of the influence of alcohol, drugs, or other incapacitating substances, no later than one (1) year after the petitioner obtained knowledge of the described condition;

The provisions of this act relating to property rights of the spouses, maintenance, support, and custody of children on dissolution of marriage are applicable to nonretroactive decrees of invalidity."

Approved April 5, 1977.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 8-132 that reads as follows:

8-132. Purpose. The purpose of this bill is to establish a system to enforce provisions of the Motor Carrier Act that will:

(1) Authorize the department of highways, gross vehicle weight division, and the department of justice, highway patrol bureau, to enforce provisions of the Motor Carrier Act in cooperation with the public service commission, transport division;

(3) Allow for analysis of the program and recommendations to the legislature by the public service commission.

Section 2. Section 31-110, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 Vol. I 845 1977

"**31-110. Offenses for which arrest may be made by patrolmen — murder, etc. — patrolmen when police officers — forbidden to act in labor disputes — temporary control of traffic in cities and towns — investigations of accidents — inspection of livestock.** In addition to the above duties, the highway patrol supervisor and all patrolmen are authorized under this act to make arrests for the following offenses committed; if committed in the presence of said supervisor or any of said patrolmen, or if committed in a rural district, upon the request of a peace officer, or if committed in a city or town of less than twenty-five hundred (2500) inhabitants, upon the request of any peace officer, or the mayor of said city or town: The crimes of murder, assault with a deadly weapon, arson, burglary, larceny, kidnaping, illegal transportation of narcotics, or violation of the Dyer act regarding the transportation of stolen automobiles. Provided, that such highway patrolmen shall have no authority and are expressly forbidden to make arrests in labor disputes or in preventing violence in connection with strikes, and shall not be permitted to perform any duties whatsoever in connection with labor disputes, strikes or boycotts.

Patrolmen shall be deemed police officers in making arrests in all offenses occurring on the highways and in the use of motor vehicles or the registration thereof, and for the purpose of serving warrants of arrest in connection with such violations.

The patrolmen are also hereby empowered to stop any truck or motor vehicle in which livestock or livestock products are being transported and ascertain whether the driver of such truck or vehicle is rightfully in possession of such livestock or livestock products; and whenever the patrolmen have good reason to believe that such livestock or livestock products have been stolen, they are empowered to take possession of the same until such livestock or livestock products can be delivered into the custody of the sheriff or until such time as the facts as to the actual ownership can be ascertained.

A highway patrolman has the same authority to enforce provisions of the motor carrier's licensing law as that granted the public service commission under 8-103. The highway patrol bureau shall cooperate with the public service commission and the department of highways to assure minimum duplication and maximum coordination of enforcement effort."

That person may then require the driver to unload immediately that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in sections 32-1123.1 through 32-1123.11.

HeinOnline -- 1977 Vol. I 846 1977

(2) Commodities and material unloaded as required by this section shall be cared for and removed from the highway right of way by the owner or operator of the vehicle at the risk of that owner or operator. The removal shall be within a reasonable time designated by the person who has compelled the unloading.

(3) The department may establish, maintain, and operate, either intermittently or on a continuous schedule, weigh stations and require vehicles, except passenger cars and pickup trucks under eight thousand (8,000) pounds G.V.W., to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements.

(4) In addition to other enforcement duties assigned under this section, an employee of the department has the same authority to enforce provisions of the motor carriers licensing law as that granted the public service commission under 8-103. This section does not relieve the public service commission from its responsibility as the lead agency as required in section 8-103, R.C.M. 1947. The commission, highway patrol, and the department shall cooperate to assure minimum duplication, and maximum coordination, of enforcement effort.

(5) An employee of the department engaged in the enforcement of this section shall wear and prominently display an identification badge or device which shows the employee's name and title. The department may authorize uniform dress for those employees."

HeinOnline -- 1977 Vol. I 849 1977

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 74-608, R.C.M. 1947, is amended to read as follows:

"**74-608. Finance charge limitation.** *(1)* Notwithstanding the provisions of any other law, the finance charge included in a retail installment contract shall not exceed the following schedule:

(a) As to motor vehicles:

Class 1. Any new motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made $7 per $100 per year.

Class 2. Any new motor vehicle not in class 1 and any used motor vehicle designated by the manufacturer by a year model of the same or not more than 2 years prior to the year in which the sale is made $9 per $100 per year.

Class 3. Any used motor vehicle not in class 2 and designated by the manufacturer by a year model more than 2 years prior to the year in which the sale is made—$11 per $100 per year.

(b) As to any industrial or construction equipment primarily designed for or used in construction, logging, mining, or other industrial business, the price of which is over $5,000, $9 per $100 per year. This subsection shall not apply to agricultural equipment.

(c) As to services and goods other than as provided under subsections (1)*(a)* and *(1)(b)* above:

(i) *on* so much of the principal balance as does not exceed $300, $11 per $100 per year;

(ii) if the principal balance exceeds $300 but is less than $1,000, $9 per $100 per year on that portion over $300;

(iii) if the principal balance exceeds $1,000, $7 per $100 per year on that portion over $1,000.

(2) Such finance charge shall be computed on the principal balance as determined under 74-607(f) on contracts payable in successive monthly payments substantially equal in amount from the date of the contract until the maturity of the final installment, notwithstanding that the total time balance thereof is required to be paid in installments. A minimum finance charge of $20 may be charged on any retail installment contract.

(3) When a retail installment contract provides for payment other than in equal successive monthly installments, the finance charge may be a rate which will provide the same yield as is permitted on monthly payment contracts under subsections *(1)* and *(2)* hereof, having due regard for the schedule of payments in the contract.

(4) Notwithstanding the provisions of any other law, a retail charge account agreement may provide for and the seller or holder may charge, collect, and receive a finance charge as specified herein for the privilege

HeinOnline -- 1977 Vol. I 850 1977

of paying in installments thereunder. The finance charge may be computed from month to month (which need not be a calendar month) or other regular billing cycle period by applying a rate not to exceed 1½ % for each such monthly period to an amount (not including any unpaid finance charge) not in excess of the greatest of:

(i) the average daily balance in the account in the billing cycle period;

(ii) the ending balance of the account as of the last day of the billing cycle less the amount of purchases charged to the account during that billing cycle; or

(iii) the median amount within a $10 range within which such average daily balance or beginning balance falls, provided the seller applies the same rate of finance charge to all such balances within such range.

(5) If the finance charge so determined pursuant to *(4)* above for such monthly period is less than *50* cents, a maximum finance charge not in excess of *50* cents may be charged, received, and collected for such period."

Section 2. Section 74-610, R.C.M. 1947, is amended to read as follows:

"74-610. Refinancing retail installment contract. The holder of a contract, upon request by the buyer, may extend the scheduled due date of all or any part of any installment or installments or defer payment or payments or renew or restate the unpaid time balance of such contract, the amount of the installments, and the time schedule therefor and may collect for such extension, deferment, renewal, or restatement a refinance charge computed as follows: The holder may compute the refinance charge on the unpaid time balance to be extended, deferred, renewed, or restated by adding to such unpaid time balance the cost for any insurance and other benefits incidental to the refinancing plus any accrued delinquency and collection charges, after deducting any refund which may be due the buyer as for a prepayment pursuant to 74-609 at the rate of the finance charge specified in 74-608*(1)* and by reclassifying in the case of motor vehicles by its then year model for the term of the refinancing agreement but otherwise subject to the provisions of this act governing computation of the original finance charge. The provisions of this act relating to minimum finance charges under 74-608*(2)* and an acquisition cost under 74-609 shall not apply in calculating refinance charges on the contract extended, deferred, renewed, or restated. If all unpaid installments are deferred for not more than 2 months, the holder may at his election charge and collect for such deferment an amount equal to the difference between:

(1) the refund required for prepayment in full under 74-609 as of the scheduled due date of the first deferred installment, and

(2) the refund required for prepayment in full as of 1 month prior to said date times the number of months in which no scheduled payment is made."

Section 3. Section 74-611, R.C.M. 1947, is amended to read as follows:

"74-611. Penalties. *(1)* Any person who knowingly *violates* any provision of this act or *engages* in the business of a sales finance company in this state without a license therefor as provided in this act shall be

guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than $500 or by imprisonment for not more than 6 months, or both.

(2) Any person violating 74-607 *through* 74-610, except as the result of an accidental and bona fide error of computation, shall be barred from recovery of any finance charge, delinquency or collection charge on the contract."

Approved April 5, 1977.

CHAPTER NO. 285

AN ACT FOR THE GENERAL REVISION OF THE LAWS RELATING TO ADMINISTRATIVE PROCEDURE; AMENDING SECTIONS 82-4201 THROUGH 82-4208, 82-4212, 82-4213, 82-4215, 82-4216, 82-4217, 82-4220 THROUGH 82-4223, 82-4227 THROUGH 82-4229, AND 82A-107, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4201, R.C.M. 1947, is amended to read as follows:

"**82-4201. Short title.** This *part (82-4201 through 82-4225)* shall be known and may be cited as the "Montana Administrative Procedure Act"."

Section 2. Section 82-4202, R.C.M. 1947, is amended to read as follows:

"**82-4202. Definitions.** For purposes of this *part, the following definitions apply:*

(1) "Agency" means any *agency, as defined in 82-4227,* of the state government, except that the provisions of this *part do* not apply to the following:

(a) the state board of pardons, except that *the* board shall be subject to the requirements of 82-4203 and 82-4205 and its rules shall be published in the Montana administrative code and register;

(b) the supervision and administration of any penal institution with regard to the institutional supervision, custody, control, care, or treatment of *youths or* prisoners;

(c) the board of regents and the Montana university system;

(d) the financing, construction, and maintenance of public works.

(2) "Rule" means each agency regulation, standard, or statement of general applicability that implements, interprets, or prescribes law or policy or describes the organization, procedures, or practice requirements of an agency. *Substantive rules are either legislative rules, which if adopted in accordance with this part and under expressly delegated authority have the force of law and when not so adopted are invalid, or*

HeinOnline -- 1977 Vol. I 852 1977

adjective or interpretive rules, which may be adopted in accordance with this part and under express or implied authority to codify an interpretation of a statute although such interpretation lacks the force of law. The term includes the amendment or repeal of a prior rule but does not include:

(a) statements concerning only the internal management of an agency and not affecting private rights or procedures available to the public;

(b) declaratory rulings issued pursuant to 82-4218;

(c) rules relating to the use of public works, facilities, streets, and highways when the substance of such rules is indicated to the public by means of signs or signals;

(d) seasonal rules adopted annually relating to hunting, fishing, and trapping when there is a statutory requirement for the publication of such rules and rules adopted annually relating to the seasonal recreational use of lands and waters owned or controlled by the state when the substance of such rules is indicated to the public by means of signs or signals;

(e) rules *implementing the state personnel classification plan, the state wage and salary plan, or the statewide budgeting and accounting system;*

(f) uniform rules adopted pursuant to interstate compact, except that such rules shall be filed in accordance with *82-4205* and shall be published in the Montana administrative code.

(3) "Contested case" means any proceeding before an agency in which a determination of legal rights, duties, or privileges of a party is required by law to be made after an opportunity for hearing. The term includes but is not restricted to rate making, price fixing, and licensing.

(4) "License" includes the whole or part of any agency permit, certificate, approval, registration, charter, or other form of permission required by law but does not include a license required solely for revenue purposes.

(5) "Licensing" includes any agency process respecting the grant, denial, renewal, revocation, suspension, annulment, withdrawal, limitation, *transfer,* or amendment of a license.

(6) "Party" means any person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party; but nothing herein shall be construed to prevent an agency from admitting any person or agency as a party for limited purposes.

(7) "Person" means any individual, partnership, corporation, association, governmental subdivision, or public organization of any character other than an agency."

Section 3. Section 82-4203, R.C.M. 1947, is amended to read as follows:

"82-4203. Rules describing agency organization and procedures — public inspection of rules — model rules. (1) In addition to other rule-making requirements imposed by law, each agency shall:

(a) *adopt* as a rule a description of its organization, stating the general course and method of its operations and the methods whereby the public

may obtain information or make submissions or requests. The notice and hearing requirements contained in 82-4204 do not apply to adoption of a rule relating to a description of its organization.

(b) *adopt* rules of practice, not inconsistent with statutory provisions, setting forth the nature and requirements of all formal and informal procedures available, including a description of all forms and instructions used by the agency;

(c) *make* available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted, or used by the agency in the discharge of its functions;

(d) *upon* request of any person or agency, provide a copy of any rule. Unless otherwise provided by statute, an agency may require the payment of the cost of providing such copies.

(2) No agency rule *is* valid or effective against any person or party whose rights have been substantially prejudiced by an agency's failure to comply with the public inspection requirement herein.

(3) The attorney general shall prepare a model form for a rule describing the organization of agencies and model rules of practice for agencies to use as a guide in fulfilling the requirements of 82-4203(1). The attorney general shall add to, amend, or revise the model rules from time to time as he *considers* necessary for the proper guidance of agencies. The model rules and additions, amendments, or revisions thereto shall be appropriate for the use of as many agencies as is practicable and shall be filed with the secretary of state and provided to any agency upon request. The adoption by an agency of all or part of the model rules *does* not relieve the agency from following the rule-making procedures required by this *part*."

Section 4. Section 82-4203.1, R.C.M. 1947, is amended to read as follows:

"**82-4203.1. Legislative review of rules.** (1) The legislature may, by joint resolution, repeal any rule in the Montana administrative code. If a rule is repealed, the legislature shall, in the joint resolution, state its objections to the repealed rule. If an agency adopts a new rule to replace the repealed rule, the agency shall adopt the new rule in accordance with the objections stated by the legislature in the joint resolution. If the legislature does not repeal a rule filed with it before the adjournment of that regular session, the rule remains valid.

(2) The legislature may also, by joint resolution, direct a change to be made in any rule in the Montana administrative code or direct the adoption of an additional rule. If a change in any rule or the adoption of an additional rule is directed to be made, the legislature shall, in the joint resolution, state the nature of the change or the additional rule to be made and its reasons therefor. The agency shall, in the manner provided in the Montana Administrative Procedure Act, adopt a new rule in accordance with the legislative direction.

(3) Rules made by agencies and changes in rules directed by the legislature under subsection *(2)* of this section, shall conform and be pursuant to statutory authority."

HeinOnline -- 1977 Vol. I 854 1977

Section 5. Section 82-4203.2, R.C.M. 1947, is amended to read as follows:

"**82-4203.2. Administrative code committee — appointment and term of members — officers.** The administrative code committee consists of four members of the senate and four members of the house of representatives appointed before the *60th* legislative day of the regular session in the same manner as standing committees of the respective houses are appointed. A vacancy on the committee occurring when the legislature is not in session shall be filled by the selection of a member of the legislature by the remaining members of the committee. No more than two of the appointees of each house may be members of the same political party. A member of the committee shall serve until his term of office as a legislator ends or until the end of the *60th* legislative day of the session of the biennium following his appointment or until his successor is appointed, whichever occurs first. The committee shall elect one of its members as chairman and such other officers as it *considers* necessary."

Section 6. Section 82-4203.4, R.C.M. 1947, is amended to read as follows:

"**82-4203.4. Appointment of employees and consultants.** The administrative code committee may *retain* whatever employees, consultants, or counsel *as* are necessary to carry out the provisions of this *part and to advise the publisher in relation to the text and legal authority of the material published in the register or the code,* within the limitations of legislative appropriations."

Section 7. Section 82-4203.5, R.C.M. 1947, is amended to read as follows:

"**82-4203.5. Powers of the committee.** (1) The committee shall review all proposed rules *filed with the secretary of state* and may:

(a) prepare written recommendations for the adoption, amendment, or rejection of a rule and submit those recommendations to the department proposing the rule when a rule-making hearing will not be held in accordance with the provisions of 82-4204;

(b) prepare recommendations for the adoption, amendment, or rejection of a rule and submit oral or written testimony at a rule-making hearing; or

(c) *require* that a rule-making hearing be held in accordance with the provision of 82-4204.

(2) The committee shall prepare a report to the legislature at least once each biennium and may recommend amendments to the *Montana* Administrative Procedure Act or the repeal, amendment, or adoption of a rule as provided in 82-4203.1."

Section 8. Section 82-4204, R.C.M. 1947, is amended to read as follows:

"**82-4204. Adoption, amendment, or repeal of rules — emergency**

HeinOnline -- 1977 Vol. I 855 1977

rules. (1) Prior to the adoption, amendment, or repeal of any rule, the agency shall:

(a) *give* written notice of its intended action. The notice shall include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, *rationale for the intended action,* and the time when, place where, and manner in which interested persons may present their views thereon. The notice shall be filed with the secretary of state for publication in the Montana administrative register as provided in 82-4206(2) and mailed to persons who have made timely requests to the agency for advance notice of its rule-making proceedings. The notice shall be published and mailed at least *30* days in advance of the agency's intended action. If any statute *provides* for a different method of publication, the affected agency shall comply with the statute in addition to the requirements contained herein. However, in no case *may* the notice period be less than *30* days *or more than 6 months.*

(b) *afford* interested persons *at least 20 days' notice of a hearing and 28* days to submit data, views, or arguments, orally or in writing. In the case of substantive rules, opportunity for oral hearing shall be granted if requested by either 10% or 25 of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, or by an association having not less than 25 members who will be directly affected. An *agency may continue a hearing date for cause.* Contested case procedures need not be followed in hearings held pursuant to this section. *If* a hearing is otherwise required by statute, nothing herein *alters* that requirement. The agency shall consider fully written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

(2) If an agency finds that an imminent peril to the public health, safety, or welfare requires adoption of a rule upon fewer than 20 days' notice and states in writing its reasons for that finding, it may proceed, without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable, to adopt an emergency rule. The rule may be effective for a period not longer than 120 days, but the adoption of an identical rule under subsections (1)(a) and (1)(b) of this section is not precluded. The sufficiency of the reasons for a finding of imminent peril to the public health, safety, or welfare *is* subject to judicial review.

(3) No rule *is* valid unless adopted in substantial compliance with subsections (1) *or* (2) of this section *and within 6 months of the publishing of notice thereof.*

(4) An agency may use informal conferences and consultations as a means of obtaining the viewpoints and advice of interested persons with respect to contemplated rule making. An agency may also appoint committees of experts or interested persons or representatives of the general public to advise it with respect to any contemplated rule making. The powers of the committees shall be advisory only. Nothing herein shall relieve the agency from following rule-making procedures required by this *part.*

HeinOnline -- 1977 Vol. I 856 1977

(5) Rules *may* not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference shall clearly indicate that portion of the language which is statutory and the portion which is amplification of the language. Each rule shall include a citation of authority pursuant to which it, or any part thereof, is adopted.

(6) Each agency shall at least annually review its rules to determine if any new rule should be adopted or any existing rule should be modified or repealed."

Section 9. There is a new R.C.M. section to be codified within the Montana Administrative Procedure Act numbered 82-4204.1, that reads as follows:

82-4204.1. Authority for rules. (1) Except as provided in 82-4203, nothing in this part confers authority upon or augments the authority of any state agency to adopt, administer, or enforce any rule. To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(2) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, no rule adopted is valid or effective unless consistent and not in conflict with the statute and reasonably necessary to effectuate the purpose of the statute.

Section 10. Section 82-4205, R.C.M. 1947, is amended to read as follows:

"**82-4205. Filing of rules — effective date of rules.** Each agency shall file with the secretary of state a copy of each rule adopted by it. Each rule shall become effective after publication in the Montana administrative register as provided in 82-4206, except that:

(1) if a later date is required by statute or specified in the rule, the later date shall be the effective date;

(2) subject to applicable constitutional or statutory provisions, an emergency rule shall become effective immediately upon filing with the secretary of state or at a stated date following publication in the Montana administrative register if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare. The agency's finding and a brief statement of reasons therefor shall be filed with the rule. The agency shall take appropriate measures to make emergency rules known to every person who may be affected by them.

(3) The secretary of state may prescribe a format, style, and arrangement for rules which are filed pursuant to this *part* and may refuse to accept the filing of any rule that is not in compliance therewith. He shall keep and maintain a permanent register of all rules filed (including superseded and repealed rules), which shall be open to public inspection, and shall provide copies of any rule upon request of any person or agency.

HeinOnline -- 1977 Vol. I 857 1977

Unless otherwise provided by statute, the secretary of state may require the payment of the cost of providing such copies."

Section 11. Section 82-4206, R.C.M. 1947, is amended to read as follows:

"**82-4206. Publication and distribution of rules and notices.** (1) The secretary of state shall compile, index, *arrange, rearrange, correct errors or inconsistencies without changing the meaning, intent, or effect of any rule,* and publish all rules filed pursuant to this *part* in a publication which shall be known as the *administrative rules of Montana* (herein referred to as the code). *However, this does not require the republication of rules which have been published under the name "Montana Administrative Code".* The secretary of state shall *supplement,* revise, *and publish* the code, or any part thereof, as often as he *considers* necessary. *He may include such editorial notes, cross references, and other matter as he and the administrative code committee consider desirable or advantageous. He shall publish supplements to the code at such times and in such form as he considers appropriate.*

(2) The secretary of state shall each month *or at more frequent intervals* compile and publish the Montana administrative register (herein referred to as the register). The register shall contain *three* sections, a rules section, a notice section, *and an interpretation section.*

(a) The rules section of the register shall contain all rules filed since the compilation and publication of the preceding issue of the register *together with the concise statement of reasons required under 82-4204(1)(b).*

(b) The notice section of the register shall contain all rule-making notices filed with the secretary of state pursuant to 82-4204 since the compilation and publication of the preceding register.

(c) The interpretation section of the register shall contain all opinions of the attorney general and all declaratory rulings of agencies issued since the publication of the preceding register.

(d) Each issue of the register shall contain the issue number and date of the register and a table of contents. Each page of the register shall contain the issue number and date of the register of which it is a part. The secretary of state may include *with* the register information to help the user in *relating the register to the Montana administrative code.*

(3) The secretary of state, with the consent of the adopting agency, may omit from the code or register any rule the publication of which would be unduly cumbersome, expensive, or otherwise inexpedient, if the rule *merely incorporates by reference a model code, federal agency rule, or like publication* made available on application to the agency and if the code or register contains a notice stating the *citation and* general subject matter of the omitted rule and stating how a copy may be obtained.

(4) The code shall be arranged, indexed, and printed or duplicated in such manner as to permit separate publication of portions thereof relating to individual agencies. An agency may make arrangements with the secretary of state for the printing of as many copies of such separate publications as it may require. The cost of any such separate publications shall be paid by the agency.

HeinOnline -- 1977 Vol. I 858 1977

(5) The secretary of state shall distribute copies of the code *and supplements or* revisions thereto without charge to the following:

(a) attorney general, one copy;

(b) clerk of each court of record of this state, one copy;

(c) clerk of United States district court for the district of Montana, one copy;

(d) clerk of United States court of appeals for the ninth circuit, one copy;

(e) each county clerk of this state, for use of county officials and the public, one copy, *which may be maintained in a public library in the county seat or in the county offices;*

(f) state law library, one copy;

(g) state historical society, one copy;

(h) each unit of the *Montana university system*, one copy;

(i) law library of the university of Montana, one copy;

(j) legislative council, three copies;

(k) library of congress, one copy;

(l) state library, one copy.

(6) The secretary of state, clerk of each court of record in the state, clerk of each county in the state, and the librarians for the state law library and the university of Montana law library shall maintain a complete, current set of the code, including *supplements or* revisions thereto. Such persons shall also maintain the register *issues published* during the preceding 2 years. The secretary of state shall also maintain a permanent *set of the registers.*

(7) The secretary of state shall make copies of and subscriptions to the code *and supplements or* revisions thereto and the register available to any person at prices fixed to cover publication and mailing costs.

(8) The secretary of state shall determine the cost of supplying copies of the code *and supplements or* revisions thereto and the register. Such cost shall be the approximate cost of printing or duplicating and mailing. However, a uniform price per page or group of pages may be established without regard to differences in cost of printing different parts of the code *and supplements or* revisions thereto and the register.

(9) The secretary of state shall publish all notices, rules, and interpretations filed with him, at least once a month or as directed by the administrative code committee but not more often than twice a month, in a publication called the Montana administrative code register. He shall send the register without charge to each person listed in 82-4206(5) and to each member of the legislature requesting the same. He shall send the register to any other person who pays a subscription fee which he shall fix in consultation with the administrative code committee.

HeinOnline -- 1977 Vol. I 859 1977

(10) The secretary of state shall deposit all fees he collects in the general fund.

(11) The secretary of state may charge agencies a filing fee for all material to be published in the code or register based on an estimated cost of printing, which he shall fix in consultation with the administrative code committee."

Section 12. Section 82-4207, R.C.M. 1947, is amended to read as follows:

"**82-4207. Petition for adoption of rules.** An interested person or, when the legislature is not in session, a member of the legislature on behalf of an interested person may petition an agency requesting the promulgation, amendment, or repeal of a rule. Each agency shall prescribe by rule the form for petitions and the procedure for their submission, consideration, and disposition. Within 60 days after submission of a petition, the agency either shall deny the petition in writing (stating its reasons for the denial) or shall initiate rule-making proceedings in accordance with 82-4204."

Section 13. Section 82-4208, R.C.M. 1947, is amended to read as follows:

"**82-4208. Judicial notice of rules.** The courts shall take judicial notice of any rule filed and published under the provisions of this *part.*"

Section 14. Section 82-4212, R.C.M. 1947, is amended to read as follows:

"**82-4212. Examination of evidence by agency — proposed orders.** When in a contested case a majority of the officials of the agency who are to render the final decision have not heard the case or read the record, the decision, if adverse to a party to the proceeding other than the agency itself, *may* not be made until a proposal for decision is served upon the parties and an opportunity is afforded to each party adversely affected to file exceptions and present briefs and oral argument to the officials who are to render the decision. The proposal for decision shall contain a statement of the reasons therefor and of each issue of fact or law necessary to the proposed decision, prepared by the person who conducted the hearing *unless he becomes unavailable to the agency. If the person who conducted the hearing becomes unavailable to the agency, proposed findings of fact may be prepared by a person who has read the record only if the demeanor of witnesses is considered immaterial by all parties.* The parties may waive compliance with this section by written stipulation."

Section 15. Section 82-4213, R.C.M. 1947, is amended to read as follows:

"**82-4213. Final orders — notification.** (1) A final decision or order adverse to a party in a contested case shall be in writing or stated in the record. A final decision shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the

HeinOnline -- 1977 Vol. I 860 1977

underlying facts supporting the findings. If, in accordance with agency rules, a party submitted proposed findings of fact, the decision shall include a ruling upon each proposed finding. Parties shall be notified either personally or by mail of any decision or order. Upon request, a copy of the decision or order shall be delivered or mailed forthwith to each party and to his attorney of record. *Each conclusion of law shall be supported by authority or by a reasoned opinion.*

(2) Each agency shall index and make available for public inspection all final decisions and orders, including declaratory rulings under 82-4218. No such agency decision or order *is* valid or effective against any person or party nor may it be invoked by the agency for any purpose until it has been made available for public inspection as herein required. This provision is not applicable in favor of any person or party who has actual knowledge thereof or when a state statute or federal statute or regulation prohibits public disclosure of the contents of a decision or order."

Section 16. Section 82-4215, R.C.M. 1947, is amended to read as follows:

"**82-4215. Licenses.** (1) When the grant, denial, renewal, revocation, suspension, annulment, withdrawal, limitation, *transfer,* or amendment of a license is required by law to be preceded by notice and opportunity for hearing, the provisions of this *part* concerning contested cases apply.

(2) When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency and, in case the application is denied or the terms of the new license limited, until the last day for seeking review of the agency order or a later date fixed by order of the reviewing court.

(3) No revocation, suspension, annulment, withdrawal, or amendment of any license is lawful unless, prior to the institution of agency proceedings, the agency gave notice by mail to the licensee of facts or conduct which warrant the intended action and the licensee was given an opportunity to show compliance with all lawful requirements for the retention of the license. If the agency finds that public health, safety, or welfare imperatively requires emergency action and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. These proceedings shall be promptly instituted and determined."

Section 17. Section 82-4216, R.C.M. 1947, is amended to read as follows:

"**82-4216. Judicial review of contested cases.** (1) *(a)* A person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final decision in a contested case is entitled to judicial review under this *part.* This section does not limit utilization of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by statute. A preliminary, procedural, or intermediate agency action or ruling is immediately reviewable if review of the final agency decision would not provide an adequate remedy.

HeinOnline -- 1977 Vol. I 861 1977

(b) A party who proceeds before an agency under the terms of a particular statute shall not be precluded from questioning the validity of that statute on judicial review, but such party may not raise any other question not raised before the agency, unless it is shown to the satisfaction of the court that there was good cause for failure to raise the question before the agency.

(2) (a) Proceedings for review shall be instituted by filing a petition in district court within 30 days after service of the final decision of the agency or if a rehearing is requested, within 30 days after the decision thereon. Except as otherwise provided by statute, the petition shall be filed in the district court for the county where the petitioner resides or has his principal place of business or where the agency maintains its principal office. Copies of the petition shall be promptly served upon the agency and all parties of record.

(b) The petition shall include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved, and the ground or grounds specified in subsection (7) of this section upon which the petitioner contends he is entitled to relief. The petition shall demand the relief to which the petitioner believes he is entitled, and the demand for relief may be in the alternative.

(3) Unless otherwise provided by statute, the filing of the petition shall not stay enforcement of the agency's decision. The agency may grant or the reviewing court may order a stay upon terms which it *considers* proper.

(4) Within 30 days after the service of the petition or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record.

(5) If, before the date set for hearing, application is made to the court for leave to present additional evidence and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the proceeding before the agency, the court may order that the additional evidence be taken before the agency upon conditions determined by the court. The agency may modify its findings and decision by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions with the reviewing court.

(6) The review shall be conducted by the court without a jury and shall be confined to the record. In cases of alleged irregularities in procedure before the agency not shown in the record, proof thereof may be taken in the court. The court, upon request, shall hear oral argument and receive written briefs.

HeinOnline -- 1977 Vol. I 862 1977

(7) The court *may* not substitute its judgment for that of the agency as to the weight of the evidence on questions of fact. The court may affirm the decision of the agency or remand the case for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

(a) in violation of constitutional or statutory provisions;

(b) in excess of the statutory authority of the agency;

(c) made upon unlawful procedure;

(d) affected by other error of law;

(e) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record;

(f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion; or

(g) because findings of fact, upon issues essential to the decision, were not made although requested."

Section 18. Section 82-4217, R.C.M. 1947, is amended to read as follows:

"**82-4217. Appeals.** An aggrieved party may obtain review of a final judgment of a district court under this *part* by appeal to the supreme court within 60 days after entry of judgment. Such appeal shall be taken in the manner provided by law for appeals from district courts in civil cases. Unless otherwise provided by statute or unless the agency has granted a stay through the completion of the judicial review process:

(1) *if* appeal is taken from a judgment of the district court affirming an agency decision, the agency decision shall not be stayed except upon order of the supreme court; except that, in cases where a stay is in effect at the time of the filing of notice of appeal, the stay shall be continued by operation of law for 20 days from the date of filing of the notice;

(2) *if* appeal is taken from a judgment of the district court reversing or modifying an agency decision, the agency decision shall be stayed pending final determination of the appeal unless the supreme court orders otherwise."

Section 19. Section 82-4220, R.C.M. 1947, is amended to read as follows:

"**82-4220. Subpoenas and enforcement — compelling testimony.** (1) An agency conducting any proceeding subject to this *part* shall have the power to require the furnishing of such information, the attendance of such witnesses, and the production of such books, records, papers, documents, and other objects as may be necessary and proper for the purposes of the proceeding. In furtherance of this power, an agency upon its own motion may, and upon request of any party appearing in a contested case shall, issue subpoenas for witnesses or subpoenas duces tecum. The method for service of subpoenas, witness fees, and mileage shall be the

HeinOnline -- 1977 Vol. I 863 1977

same as required in civil actions in the district courts of the state. Except as otherwise provided by statute, witness fees and mileage shall be paid by the party at whose request the subpoena was issued.

(2) In case of disobedience of any subpoena issued and served under this section or of the refusal of any witness to testify as to any material matter with regard to which he may be interrogated in a proceeding before the agency, the agency may apply to any district court in the state for an order to compel compliance with the subpoena or the giving of testimony. If the agency fails or refuses to seek enforcement of a subpoena issued at the request of a party or to compel the giving of testimony *considered* material by a party, the party may make such application. The court shall hear the matter as expeditiously as possible. If the disobedience or refusal is found to be unjustified, the court shall enter an order requiring compliance. Disobedience of such order shall be punishable by contempt of court in the same manner and by the same procedures as is provided for like conduct committed in the course of civil actions in district courts. If another method of subpoena enforcement or compelling testimony is provided by statute, it may be used as an alternative to the method provided for in this section.

(3) Each agency shall provide in its rules of practice for discovery prior to a contested case hearing."

Section 20. Section 82-4221, R.C.M. 1947, is amended to read as follows:

"**82-4221. Representation.** Any person compelled to appear in person or who voluntarily appears before any agency or representative thereof shall be accorded the right to be accompanied, represented, and advised by counsel. In a proceeding before an agency, every party shall be accorded the right to appear in person or by or with counsel but this *part* shall not be construed as requiring an agency to furnish counsel to any such person."

Section 21. Section 82-4222, R.C.M. 1947, is amended to read as follows:

"**82-4222. Service.** Except where a statute expressly provides to the contrary, service in all agency proceedings subject to the provisions of this *part* and in proceedings for judicial review thereof shall be as prescribed for civil actions in the district courts."

Section 22. Section 82-4223, R.C.M. 1947, is amended to read as follows:

"**82-4223. Construction and effect.** Nothing in this *part* shall be *considered* to limit or repeal requirements imposed by statute or otherwise recognized law. No subsequent legislation shall be *considered* to supersede or modify any provision of this *part*, whether by implication or otherwise, except to the extent that such legislation shall do so expressly."

Section 23. Section 82-4227, R.C.M. 1947, is amended to read as follows:

"**82-4227. Definitions.** As used in this *chapter*:

The procedures shall assure adequate notice and assist public participation before a final *agency action is taken* that is of significant interest to the public.

(2) An agency shall be *considered* to have complied with the notice provisions of this *section* if:

(a) an environmental impact statement is prepared and distributed as required by the Montana Environmental Policy Act, Title 69, chapter 65;

(5) Each agency shall adopt guidelines for its programs, which guidelines shall provide policies and procedures to facilitate public participation in those programs, consistent with subsection (1) of this section. These guidelines shall be adopted as rules and published in a manner which may be provided to a member of the public upon request."

Section 25. Section 82-4229, R.C.M. 1947, is amended to read as follows:

"**82-4229. Enforcement.** The district courts of the state have jurisdiction to set aside an agency decision under *82-4228* upon petition of any person whose rights have been prejudiced, made within 30 days of the date of the decision."

A petition of nomination, consisting of not less than five (5) individual certificates for any one candidate, may be presented to the county clerk not earlier than forty-five (45) days nor later than thirty (30) days before the election. The county clerk shall endorse thereon the date upon which the petition was presented to him. If the district lies in more than one county, such petition for nomination shall be presented to the county clerk whose county contains the largest percentage of the territory of said district and said county clerk shall fulfill all duties assigned to county clerks in elections under this act.

(7) Examination of petition. When a petition of nomination is presented for filing to the county clerk, he shall forthwith examine the same, and ascertain whether or not it conforms to the provisions of this section. If found not to conform thereto, he shall then and there in writing designate on said petition the defect or omission or reason why such petition cannot be filed, and shall return the petition to the person named as the person to whom the same may be returned in accordance with this section. The petition may then be amended and again presented to the clerk as in the first instance. The clerk shall forthwith proceed to examine the petition as hereinbefore provided. If necessary, the board of commissioners shall provide extra help to enable the clerk to perform satisfactorily and promptly the duties imposed by this section.

(8) Signer may withdraw name. Any signer to a petition of nomination and certificate may withdraw his name from the same by filing with the county clerk a verified revocation of his signature before the filing of his petition by the clerk, and not otherwise. He shall then be at liberty to sign a petition for another candidate for the same office.

(9) Candidate may withdraw. Any person whose name has been presented under this section as a candidate may, not later than twenty-five

HeinOnline -- 1977 Vol. I 884 1977

(25) days before the day of election, cause his name to be withdrawn from nomination by filing with the county clerk a request therefor in writing, and no name so withdrawn shall be printed upon the ballot. If, upon such withdrawal, the number of candidates remaining does not exceed the number to be elected, then other nominations may be made by filing petitions therefor not later than twenty-five (25) days prior to such election.

(10) Petition filed. If either the original or amended petition of nomination be found sufficiently signed as hereinbefore provided, the clerk shall file the same twenty-five (25) days before the date of the election. When a petition of nomination shall have been filed by the clerk it shall not be withdrawn or added to and no signatures shall be revoked thereafter.

(11) Petitions preserved. The county clerk shall preserve in his office for a period of two years, all petitions of nomination and all certificates belonging thereto, filed under this section.

(12) List of candidates. Immediately after such petitions are filed, the county clerk shall enter the names of the candidates in a list, with the offices to be filled, and shall not later than twenty (20) days before the election certify such list as being the list of candidates nominated as required by the provisions of this act, and the board of commissioners of each county in which the district lies shall cause said certified list of names and the offices to be filled, to be published in the proclamation calling the election at least *once each week for 2 consecutive weeks in a newspaper* of general circulation published in each county in which such district is located. Such proclamation shall conform in all respects to the general state law governing the conduct of general elections now or hereafter in force, applicable thereto, except as otherwise herein provided.

(13) Ballots. Form. The county clerk shall cause the ballots to be printed and bound and numbered as provided by said general state law, except as otherwise required in this act. The ballots shall contain the list of names and the respective offices as published in the proclamation and shall be in substantially the following form:

GENERAL (OR SPECIAL) DISTRICT ELECTION
.... District,
(Inserting date thereof.)

Instructions to Voters: To vote, stamp or write a cross (x) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election, and obtain another.

(14) How printed. All ballots printed shall be precisely on the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right-hand side for questions to be voted upon at district election, as provided for under this act. The names of the candidates for each office shall be arranged in alphabetical order, and nothing on the ballot shall be indicative of the source of the candidacy or of the support of any candidate.

HeinOnline -- 1977 Vol. I 885 1977

(15) No candidate omitted. The name of no candidate who has been duly and regularly nominated, and who has not withdrawn his name as herein provided shall be omitted from the ballot.

(16) Office. The offices to be filled shall be arranged in the following order: "For director vote for (giving number)."

(17) Voting squares. Half-inch square shall be provided at the right of the name of each candidate wherein to mark the cross.

(18) Spaces below printed names. Half-inch spaces shall be left below the printed names of candidates for each office, equal in number to the number to be voted for, wherein the voter may write the name of any person or persons for whom he may wish to vote.

(19) Votes necessary to elect. In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast for all the candidates for that office, shall be declared elected; in case there are two or more persons to be elected to an office, as that of director, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected.

(20) Failure to qualify. If a person elected fails to qualify, the office shall be filled as if there were a vacancy in such office, as hereinafter provided.

(21) Mode of appointment by mayor. The mode of appointment of director or directors by a mayor, or by a board of commissioners, shall be by certificate of appointment signed by said mayor or mayors, or issued by said board of commissioners, and transmitted to the board of directors of said district.

(22) Informality not to invalidate. No informality in conducting district elections shall invalidate the same, if they have been conducted by directors to fill a vacancy, or appointed by a mayor or by this act."

Section 4. Section 16-4520, R.C.M. 1947, is amended to read as follows:

"**16-4520. Publication.** Such notice shall be published *once each week for 2 consecutive weeks in a* newspaper published in each county wherein such district is located, which newspaper or newspapers shall be designated by the board of directors. Every qualified elector, owning or residing upon real property, within such voting precincts, but no others, shall be entitled to vote at such election. All the expenses of holding such election shall be borne by the district."

Section 5. Section 16-4527, R.C.M. 1947, is amended to read as follows:

"**16-4527. Commissioners to levy water taxes.** If from any cause, the revenues of the district shall be inadequate to pay the interest or principal of any bonded debt as it becomes due or any other expenses or claims against the district, then the board of directors must, at least fifteen (15) days before the first day of the month in which the board of commissioners

HeinOnline -- 1977 Vol. I 886 1977

of the county, or city and county, or counties in which such district is located, are required by law to levy the amount of taxes required for county or city and county purposes, furnish to the board or boards of commissioners, and to the auditor or auditors, respectively, an estimate in writing of the amount of money required by the district for the payment of the principal of or interest on any bonded debt as it becomes due, and of the amount of money required to establish reasonable reserve funds for either of said purposes, together with a description of the lands benefited thereby, as stated by the board of directors in the resolution declaring the necessity to incur such bonded indebtedness, and also of the amount of money required by the district for any other purpose in this section set forth, and the board of commissioners of such county or city and county must annually, at the time and in the manner of levying other county or city and county taxes and until any such bonded debt is fully paid, levy upon the lands so benefited and cause to be collected, the proportionate share to be borne by the land located in their county of a tax sufficient for the payment thereof to be known as the ".... district bond tax"; and until all other expenses or claims are fully paid, levy upon all of the lands of the district and cause to be collected the proportionate share to be borne by the land located in their county of a tax sufficient for the payment thereof to be known as the ".... district water and/or sewer tax.

When the amount of money required for any purpose in this section enumerated has been determined, each lot or parcel of land to be assessed shall be assessed with that part of the amount of money required which its area bears to the total area of all of the lands to be assessed; or said assessment may, at the option of the board or boards of county commissioners, be based upon the taxable valuation, as stated in the last completed county assessment roll, of the lots or parcels of land, exclusive of improvements thereon, within said district, in which case, each lot or parcel of land to be assessed shall be assessed with that part of the amount of money required which its taxable valuation bears to the total taxable valuation of all of the lands to be assessed. Provided however that where the district lies in more than one county, the same method of assessment shall be used by each board of county commissioners.

When the written estimate of the amount of money required has been delivered to the board of commissioners, said board shall give notice of its intention to levy and collect a tax sufficient for the payment thereof. Such notice shall be given:

(1) By posting notice thereof in five (5) public places within the county and within the boundaries of the lands upon which the tax is to be levied, and

(2) By publishing a copy of the notice *once each week for 2 consecutive weeks in a* newspaper published in each county wherein the district is located.

(3) By forwarding regular first class mail or registered mail, at least ten (10) days prior to the hearing provided for in paragraph (d) of this section, a copy of the notice addressed to the owners of taxable real property within the district as shown by the current assessment book on file

HeinOnline -- 1977 Vol. I 887 1977

in the office of the assessor of the county or counties the boundaries of which include taxable real property of the district.

The legislative assembly hereby finds, determines and declares that the giving of notice in accordance with paragraphs (1), (2) and (3) of this section is reasonably calculated to inform the owners of taxable real property located within the boundaries of the district of the hearing provided for in paragraph (d) of this section, and that the giving of any further notice is impracticable and is unnecessary to the assurance of due process of law to such property owners.

Such notice shall state:

(a) The amount of money required;

(b) The method of assessment which the board or boards of commissioners intends to employ;

(c) The boundaries or description of the lands to be assessed, which said boundaries or description may be recited in full, or may be given by reference to any instrument on file or of record in the office of the clerk and recorder, treasurer or assessor of the county or counties in which the district or part thereof is situate; and

(d) The time when and the place where, the board or boards of commissioners will hear and pass upon all protests that may be made against the levy of the tax or any matter pertaining thereto, which said hearing shall be had no less than fifteen (15) days after the last publication of the notice.

At the time and place designated for said hearing any owner of property situated within the area to be assessed may appear and protest the levy of the tax or any matter pertaining thereto. All protests must be heard, considered and ruled upon by the board of commissioners. The board of commissioners may adjourn said hearing from time to time.

Where such tax is, for any reason, deemed unlawful by the person whose property is taxed, whether he has protested the same at the hearing above provided or not, he may pay the tax or the installments thereof under protest in the manner provided by section 84-4502, and thereupon, and within the time prescribed and in the manner provided by said section 84-4502, may commence an action to recover such tax, or installments, and in such action contest and litigate the payment of such tax on the same grounds and for the same reasons that he has stated in his written protest, and for no other reasons and on no other grounds; provided, that all of the provisions of said section 84-4502 for the retention or refunding of taxes paid under protest shall apply to taxes paid under protest under this section."

Section 6. Section 16-4533, R.C.M. 1947, is amended to read as follows:

"**16-4533. Exclusion of territory — petition — contents — duties of secretary — hearing — order excluding lands.** Any territory, included within any district formed under the provisions of this act, and not benefited in any manner by such district, or its continued inclusion

HeinOnline -- 1977 Vol. I 888 1977

therein, may be excluded therefrom by order of the board of directors of such district upon the verified petition of the owner or owners in fee of lands whose assessed value, with improvements, is in excess of one-half of the assessed value of all the lands, with improvements, held in private ownership in such territory. Said petition shall describe the territory sought to be excluded and shall set forth that such territory is not benefited in any manner by said district or its continued inclusion therein, and shall pray that such territory may be excluded and taken from said district. Such petition shall be filed with the secretary of the district and shall be accompanied by a deposit with such secretary of the sum of one hundred dollars ($100.00), to meet the expenses of advertising and other costs incident to the proceedings for the exclusion of such territory, including the cost of recording a certified copy of the order hereinafter provided for, any unconsumed balance to be returned to the petitioner. Upon the filing of such petition with the secretary of the district he shall call a meeting of the board of directors of the district at a time not less than twenty-five (25) days nor more than fifty (50) days after the filing of the petition and cause a notice of the filing of such petition to be published *once each week for 2 consecutive weeks in a* newspaper of general circulation published in each county in which the district is situated. Such notice shall also state the date of the filing of such petition and that the same will come on for hearing before the board of directors of the district and shall state the time of the hearing and the place thereof, which shall be the regular meeting place of the board of directors of the district; provided, that the board may adjourn the hearing to a more convenient meeting place within the district. Any landowner or taxpayer within the district shall have the right to appear at said hearing, either in behalf of or in opposition to the granting of said petition. Said petition shall come on for hearing before the board of directors of the district at the time and place specified in the notice of hearing. If upon such hearing the board of directors determines that it is for the best interests of the district that the lands mentioned in the petition, or some portion thereof, be excluded from the district, or if it appears that such lands, or some portion thereof, will not be benefited by their continued inclusion in the district, then the board of directors shall make an order that such lands, or such portion thereof, be excluded from the district, such order to describe specifically the lands so excluded. From the time of the making of such order the lands so excluded shall be deemed to be no longer included in the district, but such order of exclusion shall not be taken to invalidate in any manner any taxes or assessments theretofore levied or assessed against the lands so excluded. A copy of such order of exclusion, certified to by the secretary of the district, shall be recorded in the office of the county recorder of the county or counties in which the district is situated and the record of such certified copy shall be deemed prima facie evidence of the exclusion from the district of the lands purporting to be excluded thereby."

Section 4. There is a new R.C.M. section numbered 14-430 that reads as follows:

14-430. Reserves — distribution of net earnings. (1) An association organized under this chapter may set aside such part of its net earnings as its board of directors considers advisable for the purpose of creating or maintaining a capital reserve. In addition to such capital reserve, the directors may set aside a sum not to exceed 5% of the annual net earnings of the association, which shall be used for the purposes of promoting and teaching cooperative organization and principles. The directors may establish and accumulate reserves for buildings, machinery and equipment, depreciation, losses, and other proper purposes.

(2) Net earnings in excess of any such deductions shall be distributed annually to patrons on the basis of patronage. An association subject to the provisions of this chapter may distribute net earnings in cash, credits, stock, revolving fund certificates, other certificates or securities of the association or of other associations, or in any combination thereof.

Section 5. There is a new R.C.M. section numbered 14-431 that reads as follows:

14-431. Merger or consolidation of cooperative associations — sale of substantially all assets. (1) It is lawful for two or more cooperative associations formed, before or after July 1, 1977, under the laws of the state of Montana to merge or consolidate with each other. One or more such associations may merge or consolidate with one or more associations incorporated under the laws of another state relating to organization of cooperative associations by complying with the provisions of this chapter or with the applicable laws of the state where the surviving or new association has its principal place of business.

(2) Before an association may merge or consolidate with any other association, a written plan of merger or consolidation shall be prepared by the board of directors of one or both associations by a committee

HeinOnline -- 1977 Vol. I 894 1977

appointed for that purpose by the board of directors of one or both associations or by a committee composed of at least 10% of the stockholders of one of the associations concerned. Such plan shall set forth all the terms of the merger or consolidation and the proposed effect thereof on each of the stockholders of the associations concerned. In the case of consolidation, the plan shall also contain a copy of the proposed articles for the new association to be formed.

(3) Notice of the proposed plan and, in the case of consolidation, of the proposed new articles shall be mailed to each stockholder of the associations to be affected thereby.

(4) The notice shall advise the stockholders of each association of the time and place that each association will meet, at which time the proposal shall be considered and voted upon by each association. The meetings may be held not less than 30 or more than 60 days after the mailing of notice. The plan shall be considered adopted if a quorum is present and two-thirds of those voting vote in its favor.

(5) Within 30 days after the merger or consolidation plan has been adopted, documents of merger or consolidation setting forth the plan and the manner of adoption thereof shall be signed and acknowledged by the president or vice-president and by the secretary or assistant secretary of each association merging or consolidating and filed with the clerk and recorder of the county in which the principal office of the new or surviving association is located if the office is in Montana and with the Montana secretary of state. If the new or surviving association has its principal office in Montana, the merger or consolidation becomes effective as of the date of filing with the Montana secretary of state. If its principal office is outside the state of Montana, the merger or consolidation becomes effective upon full compliance with the laws of the state in which its principal office is located. If there is a merger, the articles and bylaws of the surviving association are amended to the extent provided in the documents setting forth the plan of merger.

(6) At any meeting, the stockholders of a cooperative association may authorize the disposition or sale of all or substantially all of the association's assets if notice that such disposition or sale will be considered at such meeting has been given to all persons entitled to vote thereon and if disposition or sale is approved by two-thirds of those stockholders voting at the meeting.

(7) On the effective date, the associations which are parties to a plan adopted pursuant to this section become a single association. In the case of a merger, the surviving association is that association so designated in the plan. In the case of a consolidation, the new association is the association provided for in the plan. The separate existence of all associations which are parties to the plan, except the surviving or new association, then ceases. The surviving or new association possesses all the rights and all the property of each of the individual associations and is responsible for all their obligations. Title to any property is vested in the surviving or new association with no reversion or impairment thereof caused by the merger or consolidation. No right of any creditor may be impaired by the merger or consolidation without his consent.

HeinOnline -- 1977 Vol. I 895 1977

(8) No action may be maintained to invalidate any sale, merger, or consolidation taken pursuant to this chapter because of the manner of its adoption unless the action is commenced within 2 years after the required filings have been made in relation to such corporate action or, if none is required, after the effective date of such corporate action.

Approved April 5, 1977.

CHAPTER NO. 299

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 93-4301, R.C.M. 1947, is amended to read as follows:

"**93-4301. When attachment may issue.** *(1) A* plaintiff, at the time of issuing the summons, or at any time afterward, may have the property of the defendant attached as security for the satisfaction of any judgment that may be recovered.

(2) Property may be attached in:

(a) an action upon a contract, express or implied, for the direct payment of money, where the contract*:*

(i) is not secured by any mortgage or lien upon real property*;* or

(ii) is originally secured *and* such security has, without any act of the plaintiff or the person to whom the security was given, *become* valueless*;* and

(b) an action based upon a statutory stockholders' liability.

(3) Attachment may not issue if the defendant gives security to pay the judgment."

Section 2. There is a new R.C.M. section numbered 93-4302.1 that reads as follows:

93-4302.1. Affidavit required for attachment. When attachment of a defendant's property is sought, an affidavit must be made by the plaintiff or someone in his behalf stating:

(b) is disposing or about to dispose of his property which would be subject to execution;

(c) has the power to dispose of or conceal or remove from the state property which would be subject to execution; or

Section 3. Section 93-4304, R.C.M. 1947, is amended to read as follows:

"**93-4304. Undertaking.** *(1)* Before issuing the writ, the *court* must require a written undertaking on the part of the plaintiff, with two or more sufficient sureties to be approved by the *court*, in a sum not less than double the amount claimed by the plaintiff, if such amount be $1,000 or under, or, in case the amount so claimed by plaintiff shall exceed $1,000, then in a sum equal to such amount. *In* no case shall an undertaking be required exceeding in amount the sum of $20,000. The condition of such undertaking shall be to the effect that if the defendant *recovers* judgment, or if the court finally *decides* that the plaintiff was not entitled to an attachment, the plaintiff will pay all costs that may be awarded to the defendant, and all damages he may sustain by reason of the issuing of the attachment, not exceeding the sum specified in the undertaking.

(2) At any time within 30 days after the service of summons, the defendant may except to the sufficiency of the sureties. If he fails to do so, he is deemed to have waived all objections to them.

(3) When excepted to, the plaintiff's sureties, upon notice to the defendant of not less than 2 days nor more than 10 days, must justify before a judge of the district court, and upon failure to justify, or if others in their place fail to justify, at the time and place appointed, the judge shall issue an order vacating the writ of attachment."

(3) the party seeking attachment has made a prima facie showing:

HeinOnline -- 1977 Vol. I 897 1977

(a) in the case of real property, of his right to attachment and the necessity for seizure;

(b) in the case of personal property:

(i) of his right to attachment and the necessity for seizure at a show cause hearing before the court with at least 3 days' notice to the defendant; if the defendant cannot be found for personal service, notice shall be posted on the property and in three public places in the county where the property is located; or

(ii) of his right to attachment and the necessity for seizure and that the delay caused by notice and a hearing would seriously impair the remedy sought by the party seeking possession. Evidence of such impairment must be presented in open court and the court must set forth with specificity the reasons why such delay would seriously impair the remedy sought by the person seeking attachment.

Section 5. There is a new R.C.M. section numbered 93-4304.2 that reads as follows:

93-4304.2. Postseizure hearing. (1) When a writ has been issued upon real property or upon the showing specified in 93-4304.1(3)(b)(ii), the defendant may challenge the seizure of the property at a hearing before the court to be held within 3 days after the seizure. Notice of the right to a postseizure hearing shall be served personally on the defendant, or if the defendant cannot be found for personal service, notice shall be posted on the property and in three public places in the county where the property is located.

(2) At such hearing the defendant may challenge the merit of the underlying action, the need for the prejudgment seizure of property, or both. The writ shall be quashed if the court makes a preliminary finding that:

(a) the plaintiff cannot establish the prima facie validity of his claim; or

(b) the plaintiff cannot establish by a preponderance of the evidence the need for the continued attachment of the defendant's property.

Section 6. Section 93-6908, R.C.M. 1947, is amended to read as follows:

"**93-6908. Writ of attachment may issue upon affidavit.** A writ to attach the property of the defendant *may* be issued by the justice at the time of, or after issuing summons and before answer, on receiving an affidavit by or on behalf of the plaintiff, showing the same facts as are required to be shown by the affidavit specified in *93-4302.1*."

Section 7. **Repealer.** Section 93-4302, R.C.M. 1947, is repealed.

(2) The board shall adopt a seal and authenticate its acts."

However, the foregoing provisions do not prevent the board, under rules it adopts from permitting a person holding a teacher's license and not actively engaged either full time or part time in teaching cosmetology from teaching as a substitute for an active teacher.

(3) A fee of *$10* shall be charged in addition to other fees fixed by law for renewal applications of licenses and certificates made after December 31 of each year *or other predetermined renewal deadline.* The

CHAPTER NO. 311

AN ACT TO REQUIRE THE BOARD OF LAND COMMISSIONERS TO LEASE STATE LAND TO THE HIGHEST BIDDER EXCEPT UNDER CERTAIN CONDITIONS; AMENDING SECTION 81-405, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 81-405, R.C.M. 1947, is amended to read as follows:

"**81-405. Renewal leases — preference right of lessee — exceptions.** (1) A lessee of state land classed as agricultural, grazing, town lot or city lot, who has paid all rentals due from him to the state, and who has not violated the terms of his lease, is entitled to have his lease renewed for a five (5) or ten (10) year period at the rental rate provided by law for the renewal period, and subject to any other conditions at the time of the renewal imposed by law as terms of the lease at any time within thirty (30) days prior to its expiration if no other applications for lease of the land have been received thirty (30) days prior to the expiration of his lease. If other applications have been received, the holder of the lease has the preference right to lease the land covered by his former lease

HeinOnline -- 1977 Vol. I 925 1977

by meeting the highest bid made by any other applicant. Applications for lease of lands in this section shall be given preference in the order of their receipt at the office of the department.

(2) The board shall accept the highest bid. If the lessee exercises the preference right and believes the bid to be excessive, he may request an administrative hearing. Such request must contain a statement of reasons why the lessee believes the bid not to be in the state's best interest, and must be accompanied by a deposit equal to 20% of the competitive bid in the case of grazing lands, and $1 per acre in the case of agricultural lands. The department shall grant the request for a hearing if it determines that the statement indicates evidence that the bid may not be in the state's best interests. The board may, after the hearing, reduce the rental from the amount bid if the lessee shows that the bid is not in the best interest of the state because it is above community standards for a lease of such land, would cause damage to the tract, or impair its long-term productivity. If the board reduces the bid, it shall set forth its findings and conclusions in writing and so inform the lessee and competitive bidder. It is the duty of the board to secure the best lessees possible, so that the state may receive the maximum return possible with the least injury occurring to the land.

(3) When the department receives an application to lease an unleased tract, it shall advertise for bids on the tract. The tract shall be leased to the highest bidder unless the board determines that the bid is not in the state's best interest for the reasons set forth in subsection (2). If the high bid is rejected, the board shall set forth the reasons for the rejection in writing. The lease shall then be issued, at a rental to be determined by the board, to the first bidder willing to pay the board determined rental whose name is selected through a random selection process from all bidders on the tract.

(4) Notwithstanding the foregoing provisions, the board may withdraw any agricultural or grazing land from further leasing for such period as the board determines to be in the best interest of the state. Bids for leases and applications for renewals of leases of state agricultural lands or state grazing lands shall be in writing and sealed and shall be submitted to the board at the office of the department."

Approved April 5, 1977.

CHAPTER NO. 312

AN ACT ALLOWING THE MOVEMENT OF CATTLE TO AN ADJACENT COUNTY FOR GRAZING PURPOSES UNDER A TRANSPORTATION PERMIT USED IN LIEU OF A COUNTY LINE BRAND INSPECTION; AMENDING SECTIONS 46-801.2 AND 46-802, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-801.2, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 Vol. I 926 1977

"**46-801.2. Inspection of livestock before change of ownership or removal from county — transportation permits.** (1) Except as otherwise provided in this act, it is unlawful to remove or cause to be removed from a county in this state any livestock, or to transfer ownership by sale or otherwise, or for an intended purchaser or his agent to take possession of any such animal subject to title passing upon meeting or satisfaction of any conditions unless the livestock has been inspected for brands by a state stock inspector or deputy state stock inspector, and a certificate of the inspection has been issued in connection with and for the purpose of the transportation or removal or of such change of ownership as provided in this act. The inspection must be made in daylight provided, however, that the change of ownership inspection requirements of this subsection shall not apply when such sale or change of ownership transaction involves five or less such animals.

(2) It is unlawful to sell or offer for sale at a livestock market any livestock originating within any county in this state in which a livestock market is maintained, or transported under a market consignment permit until the livestock has been inspected for marks and brands by a state stock inspector, as provided in this act.

(3) It is unlawful to remove or cause to be removed any livestock from the premises of a livestock market in this state unless the livestock has been inspected for marks and brands by a state stock inspector and an inspection certificate for the livestock has been issued in connection with and for the purpose of the removal from the premises of the livestock market, as provided in this act.

(4) The person in charge of livestock being removed from a county in this state, where inspection thereof is required by this act, or where change of ownership has occurred or when moved under a market consignment permit shall have in his possession the certificate of inspection, market consignment permit, *or transportation permit* issued in connection therewith, and shall exhibit the certificate to any sheriff, deputy sheriff, constable, highway patrolman, state stock inspector, or deputy state stock inspector at the request of either of them. Section 46-803 shall be extended to livestock transported or sold under the above-mentioned permits.

(5) The following transportation permits may be issued:

(a) If a saddle, work, or show horse is being transported from county to county in this state by the owner for his personal use or business, or where a purebred cow is being transported from county to county in this state by its owner for show purposes, and where there is no change of ownership, the inspection certificate as required by this act, may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for a period not to exceed one (1) year for the horse or cow described thereon. The permit becomes void upon any transfer of ownership or if the horse or cow are to be removed from the state. In such instances an inspection must be secured for removal and the endorsed certificate surrendered.

(b) The owner of a saddle, work, or show horse may apply for a perma-

nent transportation permit valid for both interstate and intrastate transportation of the horse until there is a change of ownership. To obtain a permit a horse must have either a registered brand that has been legally cleared, or a lip tattoo, or the owner must present proof of ownership to a state stock inspector. A written application, on forms to be provided by the department, must be completed by the owner and presented to a state stock inspector together with a five dollar ($5) permit fee for each horse. The application shall contain a thorough physical description of the horse and list all brands and tattoos carried by the horse.

Upon approval of the application by a state stock inspector, a permanent transportation permit shall be issued by the department to the owner for each horse and such permit shall be valid for the life of the horse. If there is a change of ownership in a horse the permit shall automatically become void. The permit must accompany the horse for which it was issued at all times while the horse is in transit. This permit shall be in lieu of other permits and certificates required under the provisions of this section. The state of Montana shall recognize as valid permanent transportation permits issued in other jurisdictions to the owner of a saddle, work, or show horse subsequently entering the state. Such a permit shall be automatically void upon a change of ownership.

(c) When livestock owned by and bearing the registered brand of a bona fide rodeo producer are being transported from county to county in this state by the owner for rodeo purposes, and where there is no change of ownership, the inspection certificate required by this section may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for the livestock described thereon. The certificate is effective only between April 1 and October 31 of the year for which it is issued. The certificate shall be issued by a state stock inspector.

(d) An owner of livestock or his agent may be issued a transportation permit allowing the movement of his livestock into an immediately adjoining county and return when the livestock are being moved for grazing purposes and when they are being moved to and from land owned or controlled by the owner of the livestock or his agent. The permit is valid for 6 months and must be issued by a state stock inspector. The fee for the permit is $5, which shall be paid to the state stock inspector at the time the permit is issued and remitted by him to the department for deposit in the state treasury to the credit of the earmarked revenue fund for the use of the department. This permit may be used in lieu of the inspection and certificate required by this section for movement of livestock across a county line."

Section 2. Section 46-802, R.C.M. 1947, is amended to read as follows:

"46-802. Duties of state stock inspectors and deputy stock inspectors — department authorized to adopt rules. (1) State stock inspectors and deputy state stock inspectors, upon the application of the owner, or the duly authorized agent of the owner of livestock, shall inspect the livestock which are intended for sale, removal or shipment and issue his certificate of inspection therefor, if it appears with reasonable certainty that the applicant is the owner of the livestock or has the lawful right to the possession thereof.

HeinOnline -- 1977 Vol. I 928 1977

(2) The inspection shall include an examination of the livestock and all marks and brands thereon to identify the livestock. The certificate of inspection shall be made in triplicate and shall specify the date of inspection, the place of origin and place of destination of the shipment, the name and address of the owner of the livestock or of the applicant for inspection, and the purchaser or transferee, if applicable, the class of the animal, the marks and brands, if any, upon the animal, and any other information and upon the form of certificate as the department may from time to time require. One copy of the certificate shall be retained by the inspector, one copy shall be furnished by the inspector to the owner or shipper of the livestock, and one copy shall be filed by the inspector with the department within 5 days.

(3) If it appears with reasonable certainty that the applicant is the owner of the livestock or has the lawful right to the possession thereof, the state stock inspectors or deputy state stock inspectors or any sheriff or deputy sheriff, upon application of an owner or his agent of the livestock to be consigned and delivered directly to a licensed livestock market located in another county of the state, or delivered directly to a shipping point duly approved by the department where a livestock inspector is available for inspection, in an adjoining county, shall issue to the person a separate market consignment permit or transportation permit for each owner when the owner, or owners, or their duly authorized agents sign the permit certifying the brands, description and destination of the livestock. The market consignment permit or transportation permit shall be made in triplicate, shall specify the date and time issued, the place of origin and place of destination of the shipment, the name and address of the owner of the livestock and the name and address of the person actually transporting the livestock if different than the owner, the kind of livestock, the marks and brands, if any, upon the livestock, a description of the vehicle or vehicles to be used to transport the livestock to include the license number of the vehicles and any other information and upon the form of permit as the department may from time to time require. Any permit so issued shall be good for shipment within thirty-six (36) hours from date and time of issue, however, permits not used within this time limitation must be returned to the issuing officer to be canceled and to release the permittee from performance. One (1) copy of the permit shall be retained by the inspector or sheriff's office, one (1) copy shall be filed by the inspector or sheriff's office with the department within five (5) days of the date of issue, and one (1) copy shall be furnished by the inspector or sheriff's office to the owner or shipper of the livestock which copy of the permit shall accompany the shipment and be delivered to the state stock inspector at the livestock market or shipping point where the livestock is delivered.

(4) Upon application of an owner or his agent, when it appears with reasonable certainty that the applicant is the owner of the livestock or has lawful right to the possession thereof, a state stock inspector shall issue a transportation permit which will allow the movement of the livestock into an immediately adjoining county to land owned or controlled by the owner or his agent for purposes of grazing. The transportation permit shall state the breed, description, marks and brands if any, head count, and descrip-

tion of land to and from which the livestock will be moved. The permit will be valid for 6 months. A state stock inspector may enter the premises where livestock so moved have been transported and inspect any livestock moved under the transportation permit or any livestock commingled therewith. Any person transporting strays or livestock not lawfully under his control is guilty of a misdemeanor and punishable as provided in 46-806.

(5) The department may adopt rules necessary to carry out this act."

Approved April 5, 1977.

"Dwelling unit", in the case of a person who rents space in a mobile home park but does not rent the mobile home, means the space rented and not the mobile home itself.

(3) "Good faith" means honesty in fact in the conduct of the transaction concerned.

(4) "Landlord" means the owner, lessor, or sublessor of the dwelling unit or the building of which it is a part and also means a manager of the premises who fails to disclose his managerial position.

(5) "Organization" includes a corporation, government, governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, and any other legal or commercial entity.

(12) "Single family residence" means a structure maintained and used as a single dwelling unit. Notwithstanding that a dwelling unit shares one or more walls with another dwelling unit, it is a single family residence if it has direct access to a street or thoroughfare and shares neither heating facilities, hot water equipment, nor any other essential facility or service with another dwelling unit.

(13) "Tenant" means a person entitled under a rental agreement to occupy a dwelling unit to the exclusion of others.

Section 10. There is a new R.C.M. section numbered 42-410 that reads as follows:

42-410. Obligation of good faith. Every duty under this chapter and every act which must be performed as a condition precedent to the exercise of a right or remedy under this chapter imposes an obligation of good faith in its performance or enforcement.

Section 11. There is a new R.C.M. section numbered 42-411 that reads as follows:

42-411. Unconscionability. (1) If the court, as a matter of law, finds that:

(a) a rental agreement or any provision thereof is unconscionable, the court may refuse to enforce the agreement or enforce the remainder of the agreement without the unconscionable provision to avoid an unconscionable result; or

(b) a settlement in which a party waives or agrees to forego a claim or right under this chapter or under a rental agreement is unconscionable, the court may refuse to enforce the settlement, enforce the remainder of the settlement without the unconscionable provision, or limit the application of any unconscionable provision to avoid an unconscionable result.

(2) If unconscionability is put into issue by a party or by the court upon its own motion, the parties shall be afforded a reasonable opportunity to present evidence as to the setting, purpose, and effect of the rental agreement or settlement to aid the court in making the determination.

Section 12. There is a new R.C.M. section numbered 42-412 that reads as follows:

42-412. Notice. (1) A person has notice of a fact if:

(a) he has actual knowledge of it;

(b) in the case of a landlord, it is delivered at the place of business of the landlord through which the rental agreement was made; or

(c) in the case of a landlord or tenant, it is delivered in hand to the landlord or tenant or mailed by registered or certified mail to him at the place held out by him as the place for receipt of the communication or, in the absence of such designation, to his last known address.

(2) Notice received by an organization is effective for a particular

HeinOnline -- 1977 Vol. I 933 1977

transaction from the time it is brought to the attention of the individual conducting that transaction and, in any event, from the time it would have been brought to his attention if the organization had exercised reasonable diligence.

Section 13. There is a new R.C.M. section numbered 42-413 that reads as follows:

42-413. Terms and conditions of rental agreement. (1) A landlord and a tenant may include in a rental agreement terms and conditions not prohibited by this chapter or other rule or law, including rent, term of the agreement, and other provisions governing the rights and obligations of the parties.

(2) Unless the rental agreement provides otherwise:

(a) the tenant shall pay as rent the fair rental value for the use and occupancy of the dwelling unit as determined by the landlord;

(b) rent is payable at the landlord's address;

(c) periodic rent is payable at the beginning of a term of a month or less and otherwise in equal monthly installments at the beginning of each month;

(d) rent is uniformly apportionable from day to day; and

(e) the tenancy is week to week in the case of a roomer who pays weekly rent and in all other cases month to month.

(3) Rent is payable without demand or notice at the time and place agreed upon by the parties or provided for by subsection (2) of this section.

Section 14. There is a new R.C.M. section numbered 42-414 that reads as follows:

42-414. Effect of unsigned or undelivered rental agreement. (1) If the landlord does not sign and deliver a written rental agreement signed and delivered to him by the tenant, acceptance of rent without reservation by the landlord gives the rental agreement the same effect as if it had been signed and delivered by the landlord.

(2) If the tenant does not sign and deliver a written rental agreement signed and delivered to him by the landlord, acceptance of possession and payment of rent without reservation gives the rental agreement the same effect as if it had been signed and delivered by the tenant.

(3) If a rental agreement given effect by the operation of this section provides for a term longer than 1 year, it is effective for only 1 year.

Section 15. There is a new R.C.M. section numbered 42-415 that reads as follows:

42-415. Prohibited provisions in rental agreements. (1) A rental agreement may not provide that a party:

(a) agrees to waive or forego rights or remedies under this chapter;

(b) authorizes any person to confess judgment on a claim arising out of the rental agreement; or

HeinOnline -- 1977 Vol. I 934 1977

(c) agrees to the exculpation or limitation of liability resulting from the other party's purposeful misconduct or negligence or to indemnify the other party for that liability or the costs or attorney's fees connected therewith.

(2) A provision prohibited by subsection (1) included in a rental agreement is unenforceable. If a party purposefully uses a rental agreement containing provisions known by him to be prohibited, the other party may recover, in addition to his actual damages, an amount up to 3 months' periodic rent.

Section 16. There is a new R.C.M. section numbered 42-416 that reads as follows:

42-416. Separation of rents and obligations to maintain property forbidden. A rental agreement or a document related thereto may not permit the receipt of rent free of the obligation to comply with 42-420.

Section 17. There is a new R.C.M. section numbered 42-417 that reads as follows:

42-417. Attorney fees. In an action on a rental agreement or arising under this chapter, reasonable attorney fees, together with costs and necessary disbursements, may be awarded to the prevailing party notwithstanding an agreement to the contrary. As used in this section, "prevailing party" means the party in whose favor final judgment is rendered.

Section 18. There is a new R.C.M. section numbered 42-418 that reads as follows:

42-418. Disclosure. (1) A landlord or a person authorized to enter into a rental agreement on his behalf shall disclose to the tenant in writing at or before the commencement of the tenancy the name and address of:

(a) the person authorized to manage the premises; and

(b) the owner of the premises or a person authorized to act for the owner for the purpose of service of process and receiving notices and demands.

(2) The information required to be furnished by this section shall be kept current and in writing, and this section extends to and is enforceable against any successor landlord, owner, or manager.

(3) A person who fails to comply with subsection (1) becomes an agent of each person who is a landlord for:

(a) the purpose of service of process and receiving notices and demands; and

(b) the purpose of performing the obligations of the landlord under this chapter and under the rental agreement and expending or making available for that purpose all rent collected from the premises.

Section 19. There is a new R.C.M. section numbered 42-419 that reads as follows:

HeinOnline -- 1977 Vol. I 935 1977

42-419. Landlord to deliver possession of dwelling unit. At the commencement of the term, a landlord shall deliver possession of the premises to the tenant in compliance with the rental agreement and 42-420. A landlord may bring an action for possession against a person wrongfully in possession.

Section 20. There is a new R.C.M. section numbered 42-420 that reads as follows:

42-420. Landlord to maintain premises. (1) A landlord shall:

(a) comply with the requirements of applicable building and housing codes materially affecting health and safety in effect at the time of original construction in all dwelling units where construction is completed after the effective date of this act;

(b) make repairs and do whatever is necessary to put and keep the premises in a fit and habitable condition;

(c) keep all common areas of the premises in a clean and safe condition;

(d) maintain in good and safe working order and condition all electrical, plumbing, sanitary, heating, ventilating, air-conditioning, and other facilities and appliances, including elevators, supplied or required to be supplied by him;

(e) provide and maintain appropriate receptacles and conveniences for the removal of ashes, garbage, rubbish, and other waste incidental to the occupancy of the dwelling unit and arrange for their removal; and

(f) supply running water and reasonable amounts of hot water at all times and reasonable heat between October 1 and May 1, except if the building that includes the dwelling unit is not required by law to be equipped for that purpose or the dwelling unit is so constructed that heat or hot water is generated by an installation within the exclusive control of the tenant.

(2) If the duty imposed by subsection (1)(a) of this section is greater than a duty imposed by subsections (1)(b) through (1)(f), a landlord's duty shall be determined by reference to subsection (1)(a).

(3) A landlord and tenant of a one-, two-, or three-family residence may agree in writing that the tenant perform the landlord's duties specified in subsections (1)(e) and (1)(f) of this section and specified repairs, maintenance tasks, alteration, and remodeling but only if the transaction is entered into in good faith and not for the purpose of evading the obligations of the landlord.

(4) A landlord and tenant of a one-, two-, or three-family residence may agree that the tenant is to perform specified repairs, maintenance tasks, alterations, or remodeling only if:

(a) the agreement of the parties is entered into in good faith and not for the purpose of evading the obligations of the landlord and is set forth in a separate writing signed by the parties and supported by adequate consideration;

HeinOnline -- 1977 Vol. I 936 1977

(b) the work is not necessary to cure noncompliance with subsection (1)(a) of this section; and

(c) the agreement does not diminish the obligation of the landlord to other tenants in the premises.

Section 21. There is a new R.C.M. section numbered 42-421 that reads as follows:

42-421. Limitation of liability. (1) Unless otherwise agreed, a landlord who conveys, in a good faith sale to a bona fide purchaser, premises that include a dwelling unit subject to a rental agreement is relieved of liability under the rental agreement and this chapter as to events occurring after written notice to the tenant of the conveyance. He remains liable to the tenant for all security recoverable by the tenant pursuant to 42-301 through 42-309 and all prepaid rent.

(2) Unless otherwise agreed, a manager of premises that include a dwelling unit is relieved of liability under the rental agreement and this chapter as to events occurring after written notice to the tenant of the termination of his management.

Section 22. There is a new R.C.M. section numbered 42-422 that reads as follows:

42-422. Tenant to maintain dwelling unit. (1) A tenant shall:

(a) comply with all obligations primarily imposed upon tenants by applicable provisions of building and housing codes materially affecting health and safety;

(b) keep that part of the premises that he occupies and uses as reasonably clean and safe as the condition of the premises permit;

(c) dispose from his dwelling unit all ashes, garbage, rubbish, and other waste in a clean and safe manner;

(d) keep all plumbing fixtures in the dwelling unit or used by the tenant as clean as their condition permits;

(e) use in a reasonable manner all electrical, plumbing, sanitary, heating, ventilating, air-conditioning, and other facilities and appliances, including elevators, in the premises;

(f) conduct himself and require other persons on the premises with his consent to conduct themselves in a manner that will not disturb his neighbors' peaceful enjoyment of the premises; and

(g) use the parts of the premises including the living room, bedroom, kitchen, bathroom, and dining room in a reasonable manner considering the purposes for which they were designed and intended.

(2) A tenant may not destroy, deface, damage, impair, or remove any part of the premises or permit any person to do so.

Section 23. There is a new R.C.M. section numbered 42-423 that reads as follows:

HeinOnline -- 1977 Vol. I 937 1977

42-423. Landlord authorized to adopt rules. (1) A landlord may adopt a rule concerning the tenant's use and occupancy of the premises. A rule is enforceable against the tenant only if:

(a) its purpose is to promote the convenience, safety, or welfare of the occupants in the premises, preserve the landlord's property from abusive use, or make a fair distribution of services and facilities held out for the tenants generally;

(b) it is reasonably related to the purpose for which it is adopted;

(c) it applies to all occupants in the premises in a fair manner;

(d) it is sufficiently explicit in its prohibition, direction, or limitation of the tenant's conduct to fairly inform him of what he must or must not do to comply;

(e) it is not for the purpose of evading the obligations of the landlord; and

(f) the tenant has notice of it at the time he enters into the rental agreement or when it is adopted.

(2) If a rule is adopted after a tenant enters into a rental agreement that works a substantial modification of his bargain, it is not valid until 7 days after notice to the tenant in the case of a week to week tenancy or 30 days' notice in the case of tenancies from month to month.

Section 24. There is a new R.C.M. section numbered 42-424 that reads as follows:

42-424. Access to premises by landlord. (1) A tenant may not unreasonably withhold consent to the landlord or his agent to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, decorations, alterations, or improvements, supply necessary or agreed services, or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen, or contractors.

(2) A landlord may enter the dwelling unit without consent of the tenant in case of emergency.

(3) A landlord may not abuse the right of access or use it to harass the tenant. Except in case of emergency or unless it is impracticable to do so, the landlord shall give the tenant at least 24 hours' notice of his intent to enter and may enter only at reasonable times.

(4) A landlord has no other right of access except:

(a) pursuant to court order;

(b) as permitted by 42-434 and 42-435(2); or

(c) when the tenant has abandoned or surrendered the premises.

Section 25. There is a new R.C.M. section numbered 42-425 that reads as follows:

42-425. Use and occupancy by tenant — extended absence.

HeinOnline -- 1977 Vol. I 938 1977

Unless otherwise agreed, a tenant shall occupy his dwelling unit only as a dwelling unit. The rental agreement may require that the tenant notify the landlord of an anticipated extended absence from the premises in excess of 7 days no later than the first day of the extended absence.

Section 26. There is a new R.C.M. section numbered 42-426 that reads as follows:

42-426. Noncompliance by the landlord generally. (1) Except as provided in this chapter, if there is a noncompliance with 42-420 affecting health and safety, the tenant may:

(a) deliver a written notice to the landlord specifying the acts and omissions constituting the breach and that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice if the breach is not remedied in 14 days. The rental agreement terminates as provided in the notice subject to the following exceptions:

(i) If the breach is remediable by repairs, the payment of damages, or otherwise and the landlord adequately remedies the breach before the date specified in the notice, the rental agreement does not terminate by reason of the breach.

(ii) If substantially the same act or omission which constituted a prior noncompliance of which notice was given recurs within 6 months, the tenant may terminate the rental agreement upon at least 14 days' written notice specifying the breach and the date of termination of the rental agreement.

(iii) The tenant may not terminate for a condition caused by himself, a member of his family, or other persons on the premises with his consent.

(b) make repairs himself that do not cost more than 1 month's rent and deduct the cost from the rent if he has given the landlord notice and he has not made the repairs within a reasonable time.

(2) Except as provided in this chapter, the tenant may recover actual damages and obtain injunctive relief for any noncompliance by the landlord with the rental agreement or 42-420.

(3) The remedy provided in subsection (2) of this section is in addition to a right of the tenant arising under subsection (1).

(4) If the rental agreement is terminated, the landlord shall return all security recoverable by the tenant pursuant to 42-301 through 42-309.

Section 27. There is a new R.C.M. section numbered 42-427 that reads as follows:

42-427. Failure to deliver possession. (1) If the landlord fails to deliver possession of the dwelling unit to the tenant as provided in 42-419, rent abates until possession is delivered and the tenant may:

(a) terminate the rental agreement upon at least 5 days' written notice to the landlord and, upon termination, the landlord shall return all prepaid rent and security; or

(b) demand performance of the rental agreement by the landlord and,

HeinOnline -- 1977 Vol. I 939 1977

if the tenant elects, maintain an action for possession of the dwelling unit against the landlord or a person wrongfully in possession and recover the actual damages sustained by him.

(2) If a person's failure to deliver possession is purposeful and not in good faith, an aggrieved party may recover from that person an amount not more than 3 months' periodic rent or treble damages, whichever is greater.

Section 28. There is a new R.C.M. section numbered 42-428 that reads as follows:

42-428. Damages for minor defects. If the landlord fails to comply with the rental agreement or 42-420 and the reasonable cost of compliance is less than the 1 month's rent, the tenant may recover damages for the breach under 42-426(2).

Section 29. There is a new R.C.M. section numbered 42-429 that reads as follows:

42-429. Purposeful failure to supply heat, water, hot water, or essential services. (1) If contrary to the rental agreement or 42-420 the landlord purposefully or negligently fails to supply heat, running water, hot water, electric, gas, or other essential services, the tenant may give written notice to the landlord specifying the breach and may:

(a) procure reasonable amounts of heat, hot water, running water, electricity, gas, and other essential services during the period of the landlord's noncompliance and deduct their actual and reasonable cost from the rent;

(b) recover damages based upon the diminution in the fair rental value of the dwelling unit; or

(c) procure reasonable substitute housing during the period of the landlord's noncompliance, in which case the tenant is excused from paying rent for the period of the landlord's noncompliance.

(2) If the tenant proceeds under this section, he may not proceed under 42-426 or 42-428 as to that breach.

(3) Rights of the tenant under this section do not arise until he has given notice to the landlord and the landlord has had a reasonable opportunity to correct the conditions or if the conditions were caused by the act or omission of the tenant, a member of his family, or other person on the premises with his consent.

Section 30. There is a new R.C.M. section numbered 42-430 that reads as follows:

42-430. Landlord's noncompliance as defense to action for possession or rent. (1) In an action for possession based upon nonpayment of the rent or in an action for rent when the tenant is in possession, the tenant may counterclaim for any amount he may recover under the rental agreement or this chapter. The court from time to time may order the tenant to pay into court all or part of the rent accrued and thereafter accruing and shall determine the amount due to each party. The party

HeinOnline -- 1977 Vol. I 940 1977

to whom a net amount is owed shall be paid first from the money paid into court and the balance by the other party. The court may at any time release money paid into the court to either party if the parties so agree or if the court finds a party entitled to the sums released. If no rent remains due after application of this section, judgment shall be entered for the tenant in the action for possession.

(2) In an action for rent when the tenant is not in possession, he may counterclaim as provided in subsection (1) of this section but is not required to pay any rent into court.

Section 31. There is a new R.C.M. section numbered 42-431 that reads as follows:

42-431. Fire or casualty damage. (1) If the dwelling unit or premises are damaged or destroyed by fire or casualty to an extent that enjoyment of the dwelling unit is substantially impaired, the tenant may:

(a) immediately vacate the premises and notify the landlord in writing within 14 days thereafter of his intention to terminate the rental agreement, in which case the rental agreement terminates as of the date of vacating; or

(b) if continued occupancy is lawful, vacate any part of the dwelling unit rendered unusable by the fire or casualty, in which case the tenant's liability for rent is reduced in proportion to the diminution in the fair rental value of the dwelling unit.

(2) This section does not apply when the fire and casualty damage was caused by the purposeful or negligent act of the tenant, the tenant's family, or guests.

(3) If the rental agreement is terminated, the landlord shall return all security recoverable pursuant to 42-301 through 42-309 and all prepaid rent. Accounting for rent in the event of termination or apportionment shall be made as of the date of the fire or casualty.

Section 32. There is a new R.C.M. section numbered 42-432 that reads as follows:

42-432. Tenant's remedies for landlord's unlawful ouster, exclusion, or diminution of service. If a landlord unlawfully removes or excludes the tenant from the premises or purposefully diminishes services to the tenant by interrupting or causing the interruption of heat, running water, hot water, electricity, gas, or other essential services, the tenant may recover possession or terminate the rental agreement and, in either case, recover an amount not more than 3 months' periodic rent or treble damages, whichever is greater. If the rental agreement is terminated, the landlord shall return all security recoverable pursuant to 42-301 through 42-309 and all prepaid rent.

Section 33. There is a new R.C.M. section numbered 42-433 that reads as follows:

42-433. Landlord remedies for noncompliance with rental agreement or failure to pay rent. (1) Except as provided in this chapter,

HeinOnline -- 1977 Vol. I 941 1977

if there is a noncompliance by the tenant with the rental agreement or a noncompliance with 42-422 affecting health and safety, the landlord may deliver a written notice to the tenant pursuant to 42-412 specifying the acts and omissions constituting the breach and that the rental agreement will terminate upon a date not less than 14 days after receipt of the notice. If the breach is not remedied within that time, the rental agreement terminates as provided in the notice subject to the following exceptions:

(a) If the breach is remediable by repairs, the payment of damages, or otherwise and the tenant adequately remedies the breach before the date specified in the notice, the rental agreement does not terminate.

(b) If substantially the same act or omission which constituted a prior noncompliance of which notice was given recurs within 6 months, the landlord may terminate the rental agreement upon at least 5 days' written notice specifying the breach and the date of the termination of the rental agreement.

(2) If rent is unpaid when due and the tenant fails to pay rent within 3 days after written notice by the landlord of nonpayment and his intention to terminate the rental agreement if the rent is not paid within that period, the landlord may terminate the rental agreement.

(3) Except as provided in this chapter, the landlord may recover actual damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or 42-422. If the tenant's noncompliance is purposeful, the landlord may recover treble damages.

Section 34. There is a new R.C.M. section numbered 42-434 that reads as follows:

42-434. Failure of tenant to maintain dwelling. If there is noncompliance by the tenant with 42-422 affecting health and safety that can be remedied by repair, replacement of a damaged item, or cleaning and the tenant fails to comply as promptly as conditions require in case of emergency or within 14 days after written notice by the landlord specifying the breach and requesting that the tenant remedy it within that period of time, the landlord may enter the dwelling unit and cause the work to be done in a workmanlike manner and submit an itemized bill for the actual and reasonable cost, the fair and reasonable cost, or the fair and reasonable value thereof as rent on the next date periodic rent is due or, if the rental agreement has terminated, for immediate payment.

Section 35. There is a new R.C.M. section numbered 42-435 that reads as follows:

42-435. Remedies for absence, nonuse, and abandonment. (1) If the rental agreement requires the tenant to give notice to the landlord of an anticipated extended absence in excess of 7 days, as provided for in 42-425, and the tenant fails to do so, the landlord may recover actual damages from the tenant.

(2) During an absence of the tenant in excess of 7 days, the landlord may enter the dwelling unit at times reasonably necessary.

HeinOnline -- 1977 Vol. I 942 1977

(3) If the tenant abandons the dwelling unit, the landlord shall make reasonable efforts to rent it at a fair rental. If the landlord rents the dwelling unit for a term beginning before the expiration of the rental agreement, the rental agreement terminates as of the date of the tenancy. If the landlord fails to use reasonable efforts to rent the dwelling unit at a fair rental or if the landlord accepts the abandonment as a surrender, the rental agreement is terminated by the landlord as of the date the landlord has notice of the abandonment. If the tenancy is from month to month or week to week, the term of the rental agreement for this purpose is a month or a week, as the case may be.

Section 36. There is a new R.C.M. section numbered 42-436 that reads as follows:

42-436. Waiver of landlord's right to terminate. Acceptance by the landlord of full payment of rent due with knowledge of a tenant's default or acceptance by the landlord of a tenant's performance that varies from the terms of the rental agreement constitutes a waiver of the landlord's right to terminate the rental agreement for that breach unless otherwise agreed after the breach has occurred. The acceptance of partial payment of rent due does not constitute a waiver of any right.

Section 37. There is a new R.C.M. section numbered 42-437 that reads as follows:

42-437. Disposition of personal property abandoned by tenant. (1) If a tenancy terminates in any manner except by court order and the landlord reasonably believes the tenant has abandoned all personal property which the tenant has left on the premises, the landlord shall:

(a) make reasonable attempts to notify the tenant in writing that the property must be removed:

(i) from the premises; or

(ii) from the place of safekeeping if the landlord has stored the goods as provided in subsection (3) of this section; and

(b) specify a day not less than 15 days after delivery of a notice mailed by certified mail to the last known address of the tenant, at which specified time the property will be disposed of if not removed.

(2) The landlord may dispose of the property by:

(a) selling all or part of the property at a public or private sale; or

(b) destroying or otherwise disposing of all or part of the property if he reasonably believes the value of the property is so low that the cost of storage or sale exceeds the reasonable value thereof.

(3) After notifying the tenant as required by subsection (1) of this section, the landlord shall store all goods, chattels, and personal property of the tenant in a place of safekeeping and shall exercise reasonable care for the property. The landlord may store the property in a commercial storage company, in which case the storage cost includes the actual storage charge plus the cost of removal of the property to the place of storage.

HeinOnline -- 1977 Vol. I 943 1977

(4) If the tenant, upon receipt of the notice provided in subsection (1) of this section, responds in writing to the landlord on or before the day specified in the notice that he intends to remove his property and does not do so within 15 days after delivery of the tenant's response, the tenant's property shall be conclusively presumed to be abandoned. If the tenant removes the property, the landlord is entitled to reasonable or actual storage costs for the period the property remains in safekeeping plus the cost of removal of the property to the place of storage.

(5) The landlord is not responsible for any loss to the tenant resulting from storage unless the loss is caused by the landlord's purposeful or negligent act. On the event of purposeful violation, the landlord is liable for double damages.

(6) A public or private sale authorized by this section shall be conducted under the provisions of 87A-9-504(3).

(7) The landlord may deduct from the proceeds of the sale the reasonable costs of notice, storage, and sale and must remit to the tenant the remaining proceeds, if any, together with an itemized accounting. If the tenant cannot after due diligence be found, the remaining proceeds shall be deposited with the county treasurer of the county in which the sale occurred and, if not claimed within 3 years, shall revert to the general fund of the county available for general purposes.

Section 38. There is a new R.C.M. section numbered 42-438 that reads as follows:

42-438. Remedy after termination. If the rental agreement is terminated, the landlord has a claim for possession and for rent and a separate claim for actual damages for any breach of the rental agreement.

Section 39. There is a new R.C.M. section numbered 42-439 that reads as follows:

42-439. Recovery of possession limited. Except in the case of abandonment, surrender, or as permitted in this chapter, a landlord may not recover or take possession of the dwelling unit by action or otherwise, including purposeful diminution of services to the tenant by interrupting or causing the interruption of heat, running water, hot water, electricity, gas, or other essential services.

Section 40. There is a new R.C.M. section numbered 42-440 that reads as follows:

42-440. Termination of tenancy — holdover remedies. (1) The landlord or the tenant may terminate a week-to-week tenancy by a written notice given to the other at least 7 days before the termination date specified in the notice.

(2) The landlord or the tenant may terminate a month-to-month tenancy by giving to the other at any time during the tenancy at least 30 days' notice in writing prior to the date designated in the notice for the termination of the tenancy. The tenancy terminates on the date designated and without regard to the expiration of the period for which, by the terms of the tenancy, rents are to be paid. Unless otherwise agreed, rent is uniformly apportionable from day to day.

HeinOnline -- 1977 Vol. I 944 1977

(3) If the tenant remains in possession without the landlord's consent after expiration of the term of the rental agreement or its termination, the landlord may bring an action for possession. If the tenant's holdover is purposeful and not in good faith, the landlord may recover an amount not more than 3 months' periodic rent or treble damages, whichever is greater. If the landlord consents to the tenant's continued occupancy, 42-413(2)(e) applies.

Section 41. There is a new R.C.M. section numbered 42-441 that reads as follows:

42-441. Landlord and tenant remedies for refusal or abuse of access. (1) If the tenant refuses to allow lawful access, the landlord may either obtain injunctive relief to compel access or terminate the rental agreement. In either case the landlord may recover actual damages.

(2) If the landlord makes an unlawful entry or a lawful entry in an unreasonable manner or makes repeated demands for entry otherwise lawful but which have the effect of unreasonably harassing the tenant, the tenant may either obtain injunctive relief to prevent the recurrence of the conduct or terminate the rental agreement. In either case the tenant may recover actual damages.

Section 42. There is a new R.C.M. section numbered 42-442 that reads as follows:

42-442. Retaliatory conduct prohibited. (1) Except as provided in this section, a landlord may not retaliate by increasing rent, decreasing services, or by bringing or threatening to bring an action for possession after the tenant:

(a) has complained of a violation applicable to the premises materially affecting health and safety to a governmental agency charged with responsibility for enforcement of a building or housing code;

(b) has complained to the landlord in writing of a violation under 42-420; or

(c) has organized or become a member of a tenant's union or similar organization.

(2) If the landlord acts in violation of subsection (1) of this section, the tenant is entitled to the remedies provided in 42-432 and has a defense in any retaliatory action against him for possession. In an action by or against the tenant, evidence of a complaint within 6 months before the alleged act of retaliation creates a rebuttable presumption that the landlord's conduct was in retaliation. The presumption does not arise if the tenant made the complaint after notice of a proposed rent increase or diminution of services. For purposes of this section, "rebuttable presumption" means that the trier of fact must find the existence of the fact presumed unless and until evidence is introduced which would support a finding of its nonexistence.

(3) Notwithstanding subsections (1) and (2) of this section, a landlord may bring an action for possession if:

(4) The maintenance of an action under subsection (3) of this section does not release the landlord from liability under 42-427(2).

Section 43. **Saving clause.** Transactions entered into before July 1, 1977, and not extended or renewed on or after that date and the rights, duties, and interests flowing from them remain valid and may be terminated, completed, consummated, or enforced as required or permitted by any statute or other law amended or repealed by this chapter as though the repeal or amendment had not occurred.

Section 2. Section 3-311, R.C.M. 1947, is amended to read as follows:

"3-311. Licensing — issuance — application — fee — bonding — insurance. (1) All seed processing plants, seed labelers, seed buyers, and public agricultural seed warehouses shall obtain a license from the department before doing business in this state; however, a Montana certified seed grower, when processing or labeling certified seed from his own production is not required to be licensed under this section. *Bin-run seed sales from one farmer to another are exempt from this chapter.*

(2) All licenses are issued on a *fiscal-year* basis *and* expire on June 30 of each year. A license may cover any or as many as all four activities: processing plant, seed labeler, seed buyer, and public agricultural seed warehouse.

(3) Application for license is made in a manner and on forms provided by the department. *A* nonresident shall file a written power of attorney designating the secretary of state as *his* agent, and *the* power of attorney shall be so prepared and in such form as to render effective the jurisdiction of the courts of the state of Montana over *the* nonresident applicant. The department shall be furnished with a certified copy of the designation of the secretary of state or of a resident agent.

(6) Failure on the part of a licensee to comply with the rules issued under the authority of this section is sufficient cause for cancellation of a license by the department, provided the licensee is given a reasonable opportunity to correct inadvertent and nonrecurring deficiencies.

(7) The department may by rule establish bonding and insurance requirements for each class of license."

HeinOnline -- 1977 Vol. I 948 1977

Each dealer's license *shall cost no more than $20 a* year and expires on June 30 of each year. *The department may by rule establish license fees which bear a reasonable relationship to the cost of administering this chapter.* Any licensed processing plant, seed labeler, seed buyer, or public agricultural seed warehouse may obtain a dealer's license without additional fee.

(2) Application for a dealer's license shall be made in a manner and on forms provided by the department. Such forms shall require among other things the name of a person domiciled in this state authorized to receive and accept service or legal notices of all kinds.

(3) Violation of provisions of this section or the distribution of agricultural seeds not legally labeled constitutes adequate grounds for cancelling a license or *denying a* license *to* a dealer."

Section 4. Section 3-316, R.C.M. 1947, is amended to read as follows:

"**3-316. Cancellation of license — misdemeanor — enforcement proceedings.** (1) The department may cancel any license issued by it when the provisions of this act have been violated by the holder of the license.

(2) Any person convicted of violating the provisions of this act or rules promulgated under the authority of this act is guilty of a misdemeanor and shall be fined not less than $100 or more than $300 for the first violation and not less than $500 or more than $1,000 for each subsequent violation.

(3) Nothing in this act shall be construed as requiring the department or its representatives to report violations of this act when it believes that the public interest will be best served by a suitable notice of warning.

(4) It is the duty of each county attorney to whom any violation is reported to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay.

(5) The department is authorized to apply for and the court to grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this act or any rule promulgated under *this* act notwithstanding the existence of other remedies at law. An injunction is issued without bond.

(6) Any person adversely affected by an act, order, or ruling made pursuant to the provisions of this act may within 30 days bring action in the district court of the county or any county where the alleged violation occurred for trial of the issues bearing upon such act."

The quantity of dockage shall be calculated in terms of percentage. When less than *½ of 1%* it shall be disregarded. The percentage of dockage so determined and stated shall be added to the grade designation. Dockage is to be calculated by the *½ of 1%*, that is to say 0% to 0.4% will be designated

(4) Foreign material other than dockage *includes* all matter other than tame cultivated mustard seed, which is not separated in the proper determination of dockage; however, rapeseed, common wild mustards, and other seeds that blend with class 2 and class 3 mustard seed, and thus are not readily identified, and the total of which is not in excess of 2 ½%, shall not be considered foreign material, and shall not be considered in grading *such* classes of mustard seed.

(5) Each determination of dockage, temperature, *moisture,* odor, and live weevil or other insects injurious to stored mustard seed shall be upon the basis of the seed as a whole.

(6) Percentages, except in the case of moisture, shall be percentages ascertained by weight.

(7) Percentage of moisture shall be that ascertained by use of the equipment and procedure prescribed by the Montana department of agriculture.

(8) Percentage of dockage shall be that ascertained by use of the equipment and procedure prescribed by the Montana department of agriculture.

(9) The test weight per bushel shall be the weight per *winchester* bushel as determined by the testing apparatus and the method of use thereof described in Bulletin 1065 U.S.D.A. dated May 18, 1922, or as determined by any device and method which give equivalent results in the determination of test weight per bushel.

(10) The percentage of damage, heat damage, sound cultivated mustard seed, *and* foreign material and determinations of all other factors not otherwise provided for shall be on the basis of a portion cut from the original sample and separated by hand picking."

Section 7. Section 3-1907, R.C.M. 1947, is amended to read as follows:

"**3-1907. Penalty.** Anyone violating any of the terms of this act shall upon conviction be guilty of a misdemeanor and shall be fined not less than $25 *or* more than $100."

The bond shall be conditioned upon the payment for the contracted seed at the price specified in the contract

HeinOnline -- 1977 Vol. I 952 1977

and upon the payment of the license fee. Upon the approval of the bond, the department shall issue the license for a period of 1 year.

(2) A person who begins the business described in subsection (1) of this section after March 1 of any year shall pay the license fee and furnish the bond before engaging in the business.

(3) A licensee under this section shall, at the request of the department, report the amount of seed contracted.

(4) All funds collected from license fees shall be deposited by the department with the state treasurer for credit to the general fund.

(5) The department may revoke for cause any license issued under this section."

CHAPTER NO. 320

AN ACT TO GENERALLY REVISE THE LAWS ON UNFAIR INSURANCE CLAIM SETTLEMENT, FAVORED AGENT PRACTICES, AND ENFORCEMENT PROCEDURES AND PENALTIES; AMENDING SECTIONS 40-3501, 40-3512, AND 40-3514, R.C.M. 1947; REPEALING SECTION 40-3516, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 40-3502.1 that reads as follows:

40-3502.1. Unfair claim settlement practices. No person may, with such frequency as to indicate a general business practice, do any of the following:

(1) misrepresent pertinent facts or insurance policy provisions relating to coverages at issue;

(2) fail to acknowledge and act reasonably promptly upon communications with respect to claims arising under insurance policies;

(3) fail to adopt and implement reasonable standards for the prompt investigation of claims arising under insurance policies;

(4) refuse to pay claims without conducting a reasonable investigation based upon all available information;

(5) fail to affirm or deny coverage of claims within a reasonable time after proof of loss statements have been completed;

(6) neglect to attempt in good faith to effectuate prompt, fair, and equitable settlements of claims in which liability has become reasonably clear;

(7) compel insureds to institute litigation to recover amounts due under an insurance policy by offering substantially less than the amounts ultimately recovered in actions brought by such insureds;

(8) attempt to settle a claim for less than the amount to which a reasonable man would have believed he was entitled by reference to written or printed advertising material accompanying or made part of an application;

HeinOnline -- 1977 Vol. I 960 1977

(9) attempt to settle claims on the basis of an application which was altered without notice to or knowledge or consent of the insured;

(10) make claims payments to insureds or beneficiaries not accompanied by statements setting forth the coverage under which the payments are being made;

(11) make known to insureds or claimants a policy of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration;

(12) delay the investigation or payment of claims by requiring an insured, claimant, or physician of either to submit a preliminary claim report and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information;

(13) fail to promptly settle claims, if liability has become reasonably clear, under one portion of the insurance policy coverage in order to influence settlements under other portions of the insurance policy coverage; or

(14) fail to promptly provide a reasonable explanation of the basis in the insurance policy in relation to the facts or applicable law for denial of a claim or for the offer of a compromise settlement.

Section 2. There is a new R.C.M. section numbered 40-3502.2 that reads as follows:

40-3502.2. Failure to maintain complaint handling procedures. (1) An insurer shall maintain a complete record of all the complaints which it has received since the date of its last examination under 40-2713. This record shall indicate the total number of complaints, their classification by line of insurance, the nature of each complaint, the disposition of the complaints, and the time it took to process each complaint.

(2) For purposes of this section, "complaint" means any written communication primarily expressing a grievance.

Section 3. There is a new R.C.M. section numbered 40-3502.3 that reads as follows:

40-3502.3. Power of the commissioner. The commissioner may examine and investigate the affairs of every person engaged in the business of insurance in this state in order to determine whether such person has been or is engaged in any unfair method of competition or in any unfair or deceptive act or practice prohibited by this chapter.

Section 4. There is a new R.C.M. section numbered 40-3514.1 that reads as follows:

40-3514.1. Penalty for violation of cease and desist orders. (1) Any person who violates a cease and desist order issued pursuant to 40-3514 is subject to a civil penalty not to exceed $1,000. Each day of violation constitutes a separate violation. The total penalty may not exceed a $10,000 aggregate. The department may institute and maintain in the

HeinOnline -- 1977 Vol. I 961 1977

name of the state any enforcement proceedings hereunder. Upon request of the department, the attorney general or the county attorney of the county in which the violation occurred shall petition the district court to impose, assess, and recover the civil penalty.

(2) An action under subsection (1) of this section is not a bar to enforcement of this chapter or rules or orders made under it by injunction or other appropriate remedies.

(3) Moneys collected hereunder shall be deposited in the state general fund.

Section 5. There is a new R.C.M. section numbered 40-3516.1 that reads as follows:

40-3516.1. Favored agent or insurer — coercion of debtors. (1) No person may require as a condition precedent to the lending of money or extension of credit or any renewal thereof that the person to whom such money or credit is extended or whose obligation a creditor is to acquire or finance negotiate any contract of insurance or renewal thereof through a particular insurer or group of insurers or agent or solicitor or group of agents or solicitors.

(2) No person who lends money or extends credit may:

(a) solicit insurance for the protection of real property, after a person indicates interest in securing a first-mortgage credit extension, until such person has received a commitment in writing from the lender as to a loan or credit extension;

(b) unreasonably reject a contract of insurance furnished by the borrower for the protection of the property securing the credit or lien. A rejection is not unreasonable if it is based on reasonable standards, uniformly applied, relating to the extent of coverage required and the financial soundness and the services of an insurer. Such standards may not discriminate against any particular type of insurer or call for rejection of an insurance contract because the contract contains coverage in addition to that required by the credit transaction.

(c) require that any borrower, mortgagor, purchaser, insurer, solicitor, or agent pay a separate charge in connection with the handling of any contract of insurance required as security for a loan on real estate or pay a separate charge to substitute the insurance policy of one insurer for that of another. This subsection (2)(c) does not include the interest which may be charged on premium loans or premium advancements in accordance with the terms of the loan or credit document.

(d) use or disclose, without the prior written consent of the borrower, mortgagor, or purchaser, information taken at a time other than the making of the loan or extension of credit relative to a contract of insurance which is required by the credit transaction, for the purpose of replacing such insurance;

(e) require any procedures or conditions of licensed agents, solicitors, or insurers not customarily required of those agents, solicitors, or insurers affiliated or in any way connected with the person who lends money or extends credit.

HeinOnline -- 1977 Vol. I 962 1977

(3) Each person who lends money or extends credit and who solicits insurance on real and personal property subject to subsection (2) of this section must explain to the borrower in writing that the insurance related to such credit extension may be purchased from an insurer or agent of the borrower's choice, subject only to the lender's right to reject a given insurer or agent as provided in subsection (2)(b). Compliance with disclosures as to insurance required by truth-in-lending laws or comparable state laws shall be compliance with this subsection.

(4) The commissioner may examine and investigate those insurance-related activities of any person which may be in violation of this section. Any affected person may submit to the commissioner a complaint or material pertinent to the enforcement of this section.

(5) Nothing herein prevents a person who lends money or extends credit from placing insurance on real or personal property in the event the mortgagor, borrower, or purchaser has failed to provide required insurance in accordance with the terms of the loan or credit document.

(6) Nothing contained in this section applies to credit life or credit accident and health insurance.

Section 6. Section 40-3501, R.C.M. 1947, is amended to read as follows:

"**40-3501. Purposes of trade practices law.** The purpose of *this chapter* is to regulate trade practices in the business of insurance in accordance with the intent of Congress as expressed in *P.L. 79-15, which was approved March 9, 1945,* by defining or providing for determination of all such practices in this state which constitute unfair *methods of competition or unfair* or deceptive acts or practices and by prohibiting the trade practices so defined or determined."

Section 7. Section 40-3514, R.C.M. 1947, is amended to read as follows:

"**40-3514. Desist orders for prohibited practices.** (1) If, after a hearing thereon of which notice of such hearing and of the charges against him were given such person, the commissioner finds that any person in this state has engaged or is engaging in any act or practice defined in or prohibited under this chapter, the commissioner shall order such person to desist from such acts or practices.

(2) Such desist order shall become final upon expiration of the time allowed for appeals from the commissioner's orders, if no such appeal is taken, or, in event of such an appeal, upon final decision of the court if the court affirms the commissioner's order or dismisses the appeal. An intervenor in such hearing shall have the right to appeal as provided in section 40-3515 (3).

(3) In event of such an appeal, to the extent that the commissioner's order is affirmed the court shall issue its own order commanding obedience to the terms of the commissioner's order.

(4) No order of the commissioner pursuant to this section or order of

HeinOnline -- 1977 Vol. I 963 1977

court to enforce it shall in any way relieve or absolve any person affected by such order from any other liability, penalty, or forfeiture under law.

(5) This section shall not be deemed to affect or prevent the imposition of any penalty provided by this code or by other law for violation of any other provision of this chapter, whether or not any such hearing is called or held or such desist order issued."

Section 8. Section 40-3512, R.C.M. 1947, is amended to read as follows:

"**40-3512. Unfair discrimination, rebates prohibited — property, casualty, surety insurances.** (1) No *title,* property, casualty or surety insurer or any employee or representative thereof, and no agent, or solicitor shall pay, allow, or give, or offer to pay, allow or give, directly or indirectly, as an inducement to insurance, or after insurance has been effected, any rebate, discount, abatement, credit or reduction of the premium named in the policy of insurance, or any special favor or advantage in the dividends or other benefits to accrue thereon, or any valuable consideration or inducement whatever, not specified in the policy, except to the extent provided for in an applicable filing with the commissioner as provided by law.

(2) No insured named in a policy, nor any employee of such insured shall knowingly receive or accept directly or indirectly, any such rebate, discount, abatement, credit or reduction of premium, or any such special favor or advantage or valuable consideration or inducement.

(3) No such insurer shall make or permit any unfair discrimination either between insureds or property having like insuring or risk characteristics, or between insureds because of race, color, creed, or national origin, in the premium or rates charged for insurance, or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of the insurance.

(4) Nothing in this section shall be construed as prohibiting the payment of commissions or other compensation to duly licensed agents, or solicitors, or as prohibiting any insurer from allowing or returning to its participating policyholders, members or subscribers, lawful dividends, savings or unabsorbed premium deposits."

Section 9. **Repealer.** Section 40-3516, R.C.M. 1947, is repealed.

Approved April 7, 1977.

Renewable resource development bonds.** (1) Within the limits authorized by section 89-3609, and within the further limitations in this section, the state board of examiners may issue and sell bonds of the state in such manner as it considers necessary and proper to finance the renewable resource development program. The full faith and credit

HeinOnline -- 1977 Vol. I 969 1977

and taxing powers of the state shall be pledged for the prompt and full payment of all bonds so issued and interest and redemption premiums payable thereon according to their terms.

(2) Each series of such bonds shall be issued by the state board of examiners upon request of the board of natural resources and conservation, in such denominations and forms, whether payable to bearer with attached interest coupons or registered as to principal or as to both principal and interest, with such provisions for conversion or exchange and for the issuance of notes in anticipation of the issuance of definitive bonds, bearing interest at such rate or rates, maturing at such time or times not exceeding 30 years from date of issue, subject to optional or mandatory redemption at such earlier times and prices and upon such notice, with such provisions for payment and discharge by the deposit of funds or securities in escrow for that purpose, and payable at the office of such banking institution or institutions within or outside the state, as the board shall determine subject to the limitations contained in this section.

(3) In the issuance of each series of such bonds the interest rates and the maturities and any mandatory redemption provisions thereof shall be established in such manner that the funds then specifically pledged and appropriated by law to the sinking fund account will in the judgment of the board be received in an amount sufficient in each year to pay all principal, redemption premiums, and interest due and payable in that year with respect to that and all prior series of such bonds, except outstanding bonds as to which the obligation of the state has been discharged by the deposit of funds or securities sufficient for their payment in accordance with the terms of the resolutions by which they are authorized to be issued.

(4) In all other respects the state board of examiners is authorized to prescribe the form and terms of the bonds, and shall do whatever is lawful and necessary for their issuance and payment. Such bonds and any interest coupons appurtenant thereto shall be signed by the members of the state board of examiners, and the bonds shall be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all such bonds issued and sold.

(5) All proceeds of bonds issued hereunder, other than refunding bonds, shall be deposited in the clearance fund account, except that any principal and accrued interest received in repayment of the loans provided for in this act shall be deposited in the sinking fund account. All proceeds of refunding bonds shall be deposited in the sinking fund account and applied to the payment and redemption of outstanding bonds issued hereunder as directed by the board, whether at maturity or on any previous date on which they may be prepaid according to their terms.

(6) The state board of examiners is authorized to issue refunding bonds at such times and in such amounts, if any, as may be necessary to pay principal or interest due which cannot be paid from funds then on hand in the sinking fund account. It may also issue refunding bonds to refund outstanding bonds before maturity, for the purpose of extending the

HeinOnline -- 1977 Vol. I 970 1977

maturities thereof so far as determined by the board to be necessary to assure that the funds then pledged to the sinking fund account will be sufficient for payment of principal and interest due in subsequent years. It may also issue refunding bonds to refund outstanding bonds before maturity for the purpose of reducing the interest cost or the total amount of principal and interest payable thereon.

(7) No refunding bonds may be issued and sold more than 3 months before all bonds refunded thereby mature or are called for redemption unless the proceeds thereof, with any other funds in the sinking fund account which are needed and available for the purpose, or securities purchased from such proceeds and other funds, are deposited with a suitable banking institution within or outside the state, in escrow for the retirement of the refunded bonds at maturity or at a prior date or dates on which they have been called for redemption in accordance with their terms, in an amount and in a manner sufficient under the provisions securing the refunded bonds so that the state's obligation to pay the same, from sources other than the escrow fund, is discharged.

(8) No new debt may be created by the issuance of refunding bonds in accordance with this section, but such refunding bonds shall evidence the debt previously created and shall be secured by the pledge of the full faith and credit and taxing powers of the state and by the further provisions of this act in the same manner as the bonds refunded thereby."

Section 5. Section 89-3608, R.C.M. 1947, is amended to read as follows:

"**89-3608. CHAPTER NO. 328

AN ACT ENTERING INTO THE INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL AND FOR RELATED PURPOSES; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 75-6012 that reads as follows:

75-6012. Enactment. The interstate agreement on qualification of educational personnel is enacted into law and entered into with all jurisdictions legally joining therein in the form substantially as follows:

Article 1. Purpose — findings — policy. (1) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it and to authorize specific interstate educational personnel contracts to achieve that end.

(2) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators are lost to our school systems. Facilitating the employment of qualified educational personnel,

HeinOnline -- 1977 Vol. I 975 1977

without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Article II. Definitions. As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise, the following definitions apply:

(1) "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(2) "Designated state official" means the educational official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

(3) "Accept", or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(4) "State" means a state, territory, or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

(5) "Originating state" means a state (and the subdivisions thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

(6) "Receiving state" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III. Interstate educational personnel contracts. (1) The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which he finds that there are programs of education, certification standards, or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable even though not identical to that prevailing in his own state.

(2) Any such contract shall provide for:

(a) its duration;

(b) the criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state;

(c) such waivers, substitutions, and conditional acceptance as shall aid the practical effectuation of the contract without sacrifice of basic educational standards; and

HeinOnline -- 1977 Vol. I 976 1977

(d) any other necessary matters.

(3) No contract made pursuant to this agreement shall be for a term longer than 5 years but any such contract may be renewed for like or lesser periods.

(4) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(5) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(6) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report not less than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV. Approved and accepted programs. (1) Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(2) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V. Interstate cooperation. The party states agree that:

(1) they will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this agreement; and

(2) they will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI. Agreement evaluation. The designated state officials of any party states may meet from time to time as a group to evaluate progress under the agreement and to formulate recommendations for changes.

HeinOnline -- 1977 Vol. I 977 1977

Article VII. Other arrangements. Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article VIII. Effect — withdrawal. (1) This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(2) Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

(3) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article IX. Construction — severability. This agreement shall be liberally construed so as to effectuate the purpose thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement is held to be contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

Section 2. There is a new R.C.M. section numbered 75-6013 that reads as follows:

75-6013. Designated official. The "designated state official" for this state is the state superintendent of public instruction. The state superintendent of public instruction shall enter into contracts pursuant to Article III of the agreement only after approval of the specific text thereof by the board of public education.

Section 3. There is a new R.C.M. section numbered 75-6014 that reads as follows:

75-6014. Preservation and publication of contracts. True copies of all contracts made on behalf of this state pursuant to the agreement shall be kept on file in the office of the state superintendent of public instruction. The state superintendent of public instruction shall publish all such contracts in convenient form.

Section 4. **Effective date.** This act is effective on its passage and approval.

Approved April 7, 1977.

(10) designate an actuary to assist the retirement board with the technical actuarial aspects of the operation of the retirement system, which shall include establishing mortality and service tables and making an actuarial investigation at least once every five (5) years into the mortality, service, and compensation experience of the members and beneficiaries of the retirement system;

(14) adopt policies for the determination of creditable service in the retirement system implementing the following guidelines:

(a) One (1) year's creditable service shall be awarded for each year of full-time service, outside of vacation periods, but no more than one (1) year's creditable service shall be awarded for service during the same school fiscal year.

Section 3. Section 75-6206, R.C.M. 1947, is amended to read as follows:

"**75-6206. Financial administration of moneys.** The retirement board shall be the trustees of all moneys collected for the retirement system and as such trustees they shall provide for the financial administration of the moneys in the following manner:

(1) The moneys shall be invested and re-invested by the state board of investments.

(2) The retirement board annually shall establish the rate of regular interest.

HeinOnline -- 1977 Vol. I 985 1977

(3) The retirement board annually shall divide among the several funds of the retirement system an amount equal to the average balance of such funds during the preceding fiscal year multiplied by the rate of regular interest. In accordance with the provisions of subsection (3)(e) of section 75-6207, the amount to be credited to each fund shall be allocated from the interest and other earnings on the moneys of the retirement system actually realized during the preceding fiscal year, less the amount allocated to the expense fund under the provisions of subsection (5)(b) of section 75-6207.

(4) The state treasurer is the custodian of the collected retirement system moneys and of the securities in which said moneys are invested. All expenditures from such moneys shall be made only upon claims signed by two (2) persons designated by the retirement board. A properly attested copy of a resolution of the retirement board designating such persons and bearing on its face specimen signatures of each person shall be filed with the department of administration as his authority for approving such claims.

(5) Except as herein provided no member of the retirement board nor any of its employees shall have an interest, direct or indirect, in the gains or profits of any investment of moneys of the retirement system. No member of the retirement board nor any of its employees shall directly or indirectly for himself or as an agent in any manner use the moneys or deposits of the retirement system except to make such current and necessary expenditures as are authorized by the retirement board. No member of the retirement board nor any of its employees shall become an endorser or surety or in any manner an obligor for moneys loaned by or borrowed from the retirement system.

(6) The retirement board may in its discretion transfer the amount in the annuity savings account of an inactive member to the pension accumulation fund if the account has been dormant for a period of seven (7) years. No right of the member shall be jeopardized by such transfer and the amount shall be transferred back to the member's annuity savings account upon his request.

(7) All the funds established by section 75-6207, except the expense fund, shall be accounts in the agency fund of the treasury fund structure of the state. The expense fund shall be an account in the earmarked revenue fund of the same treasury fund structure.

(8) The assets of the retirement system may not be used for or diverted to any purpose other than for the exclusive benefit of the members and their beneficiaries and for paying the reasonable expenses of administering the retirement system.

(9) Upon termination of the retirement system, termination of employment of a substantial number of members which would constitute a partial termination of the retirement system, or complete discontinuance of contributions to the retirement system, the retirement allowance accrued to each member directly affected by such occurrence becomes fully vested and nonforfeitable to the extent funded."

HeinOnline -- 1977 Vol. I 986 1977

Section 4. Section 75-6207, R.C.M. 1947, is amended to read as follows:

"**75-6207. Method of financing.** The retirement board shall establish and maintain the following funds in which all of the assets of the retirement system shall be credited according to the purpose for which the assets are held.

(1) Annuity savings fund. The annuity savings fund shall be a fund in which the contributions from the members to provide for their annuities shall be accumulated in individual accounts for each member. Contributions to and payments from the annuity savings fund shall be made in the following manner.

(a) Each employer shall deduct from the compensation of each active member on each and every payroll of such member for each and every payroll period *on and* subsequent to the date on which such member became a member an amount equal to six and one-eighth percent (6 ⅛%) of such member's *earned* compensation.

(b) Such deductions shall be made notwithstanding that the minimum compensation provided by law for a member may be reduced thereby. Every member shall be deemed to consent and agree to the deductions prescribed by this section; and payment of salary or compensation less the deductions shall be a full and complete discharge of all claims whatsoever for the services rendered by such person during the period covered by such payment except as to the benefits provided by the retirement system.

(c) In addition to the contributions deducted from compensation and subject to the approval of the retirement board, any member may redeposit in the annuity savings fund by a single payment or by an increased rate of contribution an amount equal to *any* accumulated contributions *which he has previously withdrawn,* plus interest in the amount the contributions would have earned had the contributions not been withdrawn. The accumulated contributions of a member withdrawn by him, or paid to his estate or to his designated beneficiary in event of his death shall be paid from the annuity savings fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

(2) Annuity reserve fund. The annuity reserve fund shall be the fund in which shall be held the reserves on all annuities in force and from which shall be paid all annuities and all benefits in lieu of annuities. Should a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement, his annuity reserve shall be transferred from the annuity reserve fund to the annuity savings fund and credited to his individual account therein.

(3) Pension accumulation fund. The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and from which pensions and benefits in lieu thereof shall be paid to or on account of beneficiaries credited with prior service. Contributions to and payments from the pension accumulation fund shall be made as follows:

HeinOnline -- 1977 Vol. I 987 1977

(a) Each employer shall pay into the pension accumulation fund an amount equal to six and one-fourth percent (6 ¼%) of the *earned* compensation of each member employed during the whole or part of the preceding payroll period.

(b) If the employer is a district or community college district, the trustees shall budget and pay for the employer's contribution under the provisions of section 75-7204.

(c) If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system or the Montana state deaf and blind school, the legislative assembly shall appropriate to each employer an adequate amount to allow the payment of the employer's contribution.

(d) If the employer is a county, the county commissioners shall budget and pay for the employer's contribution in the manner provided by law for the adoption of a county budget and for payments under such budget.

(e) All interest and other earnings realized on the moneys of the retirement system shall be credited to the pension accumulation fund and the amounts required to allow regular interest on the annuity savings fund, and the annuity reserve fund shall be transferred to the respective funds from the pension accumulation fund.

(f) All pensions and benefits in lieu thereof, including pensions payable under section 75-6218, shall be paid from the pension accumulation fund.

(g) The retirement board may in its discretion transfer to and from the pension accumulation fund the amount of any surplus or deficit which may develop in the reserve creditable to the annuity reserve fund, as shown by actuarial valuation, and also such expenses as hereinafter provided.

(4) Expense fund. The expense fund shall be the fund to which shall be credited all moneys for the administrative expenses of the retirement system and from which the expenses of administration of the retirement system shall be paid exclusive of amounts payable as retirement allowances or other benefits. The retirement board shall determine annually the amount required for the expense fund to defray the administrative expense in the ensuing fiscal year and shall credit such an amount to the expense fund *out of the pension accumulation fund* from interest and other earnings realized on the moneys of the retirement system."

Section 5. Section 75-6208, R.C.M. 1947, is amended to read as follows:

"**75-6208. Benefits.** The retirement, disability and other benefits of the retirement system shall be granted on the basis of the following provisions:

(1) Superannuation member retirement:

(a) *A* member *who has at least* 5 *full* years of creditable service, *whose* last 5 years of *creditable service were* in this state, and who has attained

HeinOnline -- 1977 Vol. I 988 1977

the age of 60 or has *been credited with full-time or part-time service in* 30 *or more* years may retire from service if he files with the retirement board his written application setting forth the fact of his retirement.

(b) Any member in service who has attained the age of seventy (70) years during any school year shall be retired on the first day of September following his seventieth birthday, except that this provision shall not apply to teachers in the Montana university system who may be employed beyond the age of seventy (70) upon the recommendation of the president of the employing unit to the board of regents. Members over seventy (70) years of age shall not: (1) be allowed creditable service for services rendered after the end of the school year in which the age of seventy (70) is attained, (2) contribute to the retirement system after the end of such school year, and (3) have the compensation received after the end of such school year used in computing average final salary. Initial employment of teachers in the Montana university system beyond the age of seventy (70) may be made upon the recommendation of the president of the employing unit and the approval of the board of regents but such employees shall be denied membership in the retirement system.

(c) Any retired member may be employed as a part-time or substitute teacher in Montana and may earn, *without loss of retirement benefits, the greater of* an amount not to exceed one-fourth of his average final compensation *and one-fourth of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.*

(2) Allowance for superannuation retirement. Upon superannuation retirement a member shall receive a retirement allowance *consisting* of:

(a) A pension which, together with an annuity, *provides* a retirement allowance equal to one-sixtieth of his average final compensation multiplied by the number of years of creditable service.

(b) The minimum annual retirement allowance for a member who has 30 or more years of *creditable* service shall be twenty-four hundred dollars ($2,400) and the minimum retirement allowance for a member whose *creditable* service is less than thirty (30) years shall be based on the proportionate amount of twenty-four hundred dollars ($2,400) that his service bears to thirty (30) years of service.

(c) Any member who has completed five (5) years of creditable service, the last five years of which shall have been in this state, and who has attained the age of fifty-five (55) may retire from service and be eligible to an early retirement allowance if he files with the retirement board his written application setting forth the fact of his retirement. The early retirement allowance shall be determined as prescribed in subsections (a) through (f) above, with the further provision that such allowance will be reduced by one half of one percent (.5%) multiplied by the number of months which the retirement date precedes the date on which he would have retired had he attained sixty (60) years of age or had he completed thirty (30) years of creditable service.

(d) In the event of death of a member after retirement, a death benefit of five hundred dollars ($500) will be payable to his designated beneficiary.

HeinOnline -- 1977 Vol. I 989 1977

(e) In the event payments made to an annuitant do not equal the amount of the member's accumulated contributions prior to the annuitant's death, the difference between the total retirement allowance paid and the amount of the accumulated contributions shall be paid to the beneficiary.

(3) Disability member retirement:

(a) Upon the application of an active member or of his employer, any active member who has five (5) or more years of creditable service may be retired by the retirement board the month immediately following the month in which his disability caused his retirement upon filing an application for a disability retirement allowance. Before any member shall be eligible for a disability retirement, the board of the retirement system shall certify that he is mentally or physically incapacitated for the further performance of his duties, that such incapacity is likely to be permanent and that he should be retired.

(b) Re-examination of beneficiaries retired on account of disability. Once each year during the first five (5) years following the retirement of a member on disability retirement allowance, and once in every three (3) year period thereafter the retirement board may, and upon his application shall, require a disability beneficiary who has not yet attained the age of sixty (60) to undergo a medical examination by the medical board or a physician or physicians designated by the medical board. The examination shall be made at the place of residence of the beneficiary or other place mutually agreed upon. Should any disability beneficiary who has not yet attained the age of sixty (60) refuse to submit to at least one (1) medical examination in any year by the medical board or its representative, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his disability pension may be revoked by the retirement board.

(c) Should the medical board report and certify to the retirement board that any disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the retirement board concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be changed later, the amount of his pension may be further modified but the new pension shall not exceed the amount of the pension originally granted, nor an amount which when added to the amount earnable by the beneficiary, together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the retirement system while receiving a reduced benefit.

(d) Should a disability beneficiary under age sixty (60) be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, and he shall again become an active member of the retirement system. Any prior service certificate

HeinOnline -- 1977 Vol. I 990 1977

on the basis of which his service was computed at the time of his disability retirement shall be restored to full force and effect an addition upon his subsequent retirement, and he shall be credited with all his subsequent service as a member. Should he be restored to active service on or after the attainment of the age of fifty-five (55) years, his pension upon subsequent retirement shall not exceed the pension that he would have received had he remained in service during the period of his previous retirement nor the sum of the pension which he was receiving immediately prior to his last restoration to service and the pension that he would have received on account of his service since his last restoration had he entered service at that time as a new member.

(4) Allowance for disability retirement. Upon retirement for disability, a member shall receive a superannuation allowance prescribed under subsection (2) above if he is eligible; otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) A pension which together with his annuity, shall provide a total retirement allowance equal to one sixtieth (1/60) of his average final compensation multiplied by the number of years of his creditable service, if such retirement allowance exceeds one-quarter (¼) of his average final compensation; otherwise, a pension which, together with his annuity, shall provide a total retirement allowance equal to one-quarter (¼) of his average final compensation, provided, however, that no such allowance shall exceed one sixtieth (1/60) of his average final compensation multiplied by the number of years which would be creditable to him were his service to continue until the attainment of the minimum age for superannuation retirement.

(c) In the event payments made to a person retired because of disability do not equal the amount of his accumulated contributions prior to his death, the difference between the total retirement allowance paid and the amount of the accumulated contributions of the member shall be paid to the beneficiary.

(5) Withdrawal of accumulated contributions. Any inactive member electing to do so or any person whose membership terminates may withdraw his accumulated contributions to his annuity account in the retirement system in accordance with the following provisions:

(a) An inactive member under the provisions of subsections (1) or (3) of section 75-6210 may elect, without right of revocation to withdraw his accumulated contributions, and if he does not withdraw his accumulated contributions he shall thereafter remain an inactive member of the retirement system with the right to qualify for the benefits of the retirement system;

(b) Upon recovery from a disabling illness or separation from the armed forces, any person qualifying as an inactive member under the provisions of subsection (2) of section 75-6210 may withdraw his accumulated contributions unless he returns to active membership.

HeinOnline -- 1977 Vol. I 991 1977

(c) Any person whose membership terminates under the provisions of subsection (4) of section 75-6211 may withdraw his accumulated contributions.

(6) Allowances for death of member.

(a) Should a member die before retirement the amount of the member's accumulated contributions shall be paid to his estate or such person as he may have designated in the manner prescribed by the retirement board which shall be filed with the board prior to the member's death.

(b) In lieu of benefits provided in (a) above, if the deceased member had qualified by reason of service for a retirement benefit, the beneficiary nominated by the deceased member may elect to receive a monthly life annuity. The monthly life annuity shall be determined as prescribed in subsections (2)(a) through (2)(h) assuming the member had elected option A as prescribed in subsection (7)(a) below. In addition, if the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, a lump sum death benefit of $500 will be payable to his designated beneficiary.

(c) If *a* deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death *or was retired at the time of his death*, the sum of one hundred dollars ($100) per month shall be paid to each minor child of the deceased member until such child reaches his eighteenth (18th) birthday.

(7) Optional allowances. With the provision that no optional selection shall be effective in case a beneficiary dies within thirty (30) days after retirement, and that such a beneficiary shall be considered as an active member at the time of his death; until the first payment on account of any benefit becomes normally due, any member may elect to receive his benefit in a retirement or disability allowance payable throughout life as hereinabove provided. This benefit shall be referred to as the normal form of retirement allowance. In lieu of normal form of retirement allowance, the member may elect an optional allowance which would be the actuarial equivalent at the time of his retirement or disability allowance and would provide an allowance payable throughout his lifetime and upon his death continue to such person as he shall nominate by written designation duly acknowledged and filed with the retirement board at the time of his retirement with the provision that:

(a) Option A. The optional allowance will continue to the member during his lifetime and upon his death, continue throughout the lifetime of his designated beneficiary; or

(b) Option B. The optional allowance will continue throughout his lifetime and upon his death, one-half (½) of his optional allowance will be continued throughout the lifetime of his designated beneficiary; or

(c) Option C. The optional benefit will continue throughout his lifetime and upon his death, two-thirds (⅔) of the optional allowance shall be continued throughout the lifetime of his designated beneficiary; or

HeinOnline -- 1977 Vol. I 992 1977

(d) Option D. The optional allowance shall continue while both the member and his designated beneficiary are living and upon the death of either, one-half (½) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(e) Option E. The optional allowance will be payable while both the member and his designated beneficiary are living and upon the death of either, two-thirds (⅔) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(f) Option F. Some other benefit or benefits shall be paid either to the member or his surviving designated beneficiary. The provisions of this retirement allowance shall be approved by the retirement board.

(8) There may not be any duplication of benefits to a member or beneficiary due to there being more than one period of service of the member."

Section 6. Section 75-6209, R.C.M. 1947, is amended to read as follows:

"**75-6209. Active membership.** Any of the following persons shall be active members of the retirement system unless otherwise provided by this Title, except for those persons who became eligible for membership on the first day of September, nineteen hundred and thirty-seven (1937) or on the first day of September, nineteen hundred and thirty-nine (1939) and who elected not to be a member under the provisions of the law at that time:

(1) Any person who is a teacher, principal or district superintendent as defined under the provisions of section 75-6101.

(2) Any person who is an administrative officer or a member of the instructional or scientific staff of a unit of the Montana university system.

(3) Any person employed in an instructional services capacity by the office of the superintendent of public instruction, the office of a county superintendent, a public institution of the state of Montana, the Montana state deaf and blind school, or a district.

(4) Any person who shall have elected not to become a member of the retirement system and is re-entering service in a capacity prescribed by subsections (1), (2) and (3) above.

Any person who is designated a member by this section shall be employed in the capacity prescribed for his eligibility *for at least 30 days in any fiscal year.* The compensation for the creditable service of any person who is designated a member by this section shall be totally paid by an employer as defined herein. At any time a person's eligibility to become a member of the retirement system is in doubt, the retirement board shall determine his eligibility for membership. *All persons in similar circumstances shall be treated alike.*"

HeinOnline -- 1977 Vol. I 993 1977

Section 7. Section 75-6212, R.C.M. 1947, is amended to read as follows:

"**75-6212. The creditable service of a member *begins* on the *date of his employment in a capacity prescribed for his eligibility in 75-6209* and *accumulates* to the member's credit on the basis of the retirement board's policy governing creditable service.

The creditable service of any member shall include the following:

(4) the creditable service established by the retirement board under the provisions of this section shall be final and conclusive for the purposes of the retirement system unless, at any time, the retirement board discovers an error or fraud in the establishment of the creditable service, in which case the retirement board shall re-establish the creditable service; plus

(5) any service awarded for employment while on leave under section 75-6213."

Section 8. Section 75-6214, R.C.M. 1947, is amended to read as follows:

(a) to enter into purchase, lease, or other arrangements with any agency of the United States for temporary housing units to be occupied by emergency or disaster victims and to make such units available to any political subdivision of the state;

(b) to assist any political subdivision of this state which is the locus of temporary housing for emergency or disaster victims to acquire sites necessary for such temporary housing and to do all things required to prepare such site to receive and utilize temporary housing units by:

(i) advancing or lending funds available to the governor from any appropriation made for those purposes by the legislature or from any other source;

(ii) "passing through" funds made available for those purposes by any agency, public or private; or

(iii) becoming a copartner with the political subdivision for the execution and performance of any temporary housing project for emergency or disaster victims;

(c) under such regulations as he shall prescribe, to temporarily suspend or modify for not to exceed 60 days any public health, safety, zoning, or transportation (within or across the state) laws or regulations within this state when by proclamation he declares such suspension or modification essential to provide temporary housing for emergency or disaster victims.

(2) Any political subdivision of this state is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for emergency or disaster victims and to enter into whatever arrangements, including purchase of temporary housing units and payment of transportation charges, which are necessary to prepare or equip such sites to utilize the housing units.

(1) upon his determination that a political subdivision of the state will suffer a substantial loss of tax and other revenues from an emergency or disaster and has demonstrated a need for financial assistance to perform its governmental functions, to apply to the federal government, on behalf of the political subdivision, for a loan and to receive and disburse the proceeds of any approved loan to any applicant political subdivision;

(2) to determine the amount needed by any applicant political subdivision to restore or resume its governmental functions and to certify the same to the federal government. However, no application amount may exceed 25% of the annual operating budget of the applicant for the fiscal year in which the emergency or disaster occurs.

(3) to recommend to the federal government, based upon his review, the cancellation of all or any part of repayment when, in the first 3 full fiscal years following the emergency or disaster, the revenues of the political subdivision are insufficient to meet its operating expenses, including additional emergency- or disaster-related expenses of a political subdivision operation character.

(a) notwithstanding any other provision of law, through the use of state departments or agencies or the use of any of the state's instrumentalities, to clear or remove, from publicly or privately owned land or water, debris and wreckage which may threaten public health or safety or public or private property in any state of emergency or state of disaster declared by the governor or major disaster as declared by the president;

(b) to accept funds from the federal government and utilize such funds to make grants to any political subdivision for the purpose of removing debris or wreckage from publicly or privately owned land or water.

(2) (a) Authority under this section shall not be exercised unless the affected political subdivision, corporation, organization, or individual shall first present an unconditional authorization for removal of such debris or wreckage from public and private property and, in the case of removal of debris or wreckage from private property, shall first agree to indemnify the state government against any claim arising from such removal.

(b) Whenever the governor provides for clearance of debris or wreckage pursuant to subsection (1)(a) or (1)(b), employees of the designated state agencies or individuals appointed by the state are authorized to enter upon private land or waters and perform any tasks necessary to the removal or clearance operation.

CHAPTER NO. 336

AN ACT TO DEFINE THE TERM "ENHANCED RECOVERY"; TO SUBSTITUTE THE TERM "ENHANCED RECOVERY" FOR THE TERMS "PRESSURE MAINTENANCE" AND "SECONDARY RECOVERY"; AND TO PROVIDE FOR RECOVERY OF COSTS OF AN ENHANCED RECOVERY PROGRAM INITIATED SUBSEQUENT TO A SECONDARY RECOVERY PROGRAM; AMENDING SECTIONS 60-126, 60-131.1, AND 60-131.3, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 60-126, R.C.M. 1947, is amended to read as follows:

"60-126. Definitions. As used in this chapter, unless the context requires otherwise:

(1) "Waste" means: (1) physical waste, as that term is generally understood in the oil and gas industry; (2) the inefficient, excessive, or improper use of, or the unnecessary dissipation of reservoir energy; (3) the location, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner which causes, or tends to cause, reduction in the quantity of oil or gas ultimately recoverable from a pool under prudent and proper operations, or which causes or tends to cause unnecessary or excessive surface loss or destruction of oil or gas; and, (4) the inefficient storing of oil or gas. The production of oil or gas from any pool or by any well to the full extent that the well or pool can be produced in accordance with methods designed to result in maximum ultimate recovery, as determined by the board, is not waste within the meaning of this definition.

(2) "Board" means the board of oil and gas conservation provided for in section 82A-1508.

(3) "Person" means any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, or other representative of any kind, and includes any agency or instrumentality of the state or any governmental subdivision thereof.

(4) "Oil" means crude petroleum oil and other hydrocarbons regardless of gravity which are produced at the wellhead in liquid form by ordinary production methods, and which are not the result of condensation of gas before or after it leaves the reservoir.

(5) "Gas" means all natural gases and all other fluid hydrocarbons as produced at the wellhead and not defined as oil in subsection (4) of this section.

(6) "Pool" means an underground reservoir containing a common accumulation of oil or gas or both; each zone of a structure which is completely separated from any other zone in the same structure is a pool, as that term is used in this chapter.

(7) "Field" means the general area underlaid by 1 or more pools.

(8) "Owner" means the person who has the right to drill into and pro-

HeinOnline -- 1977 Vol. I 1037 1977

duce from a pool and to appropriate the oil or gas he produces therefrom either for himself or others or for himself and others, and the term includes all persons holding such authority by or through him.

Nothing herein contained shall be construed to conflict with subsection (4) of section 81-1702, granting the state board of land commissioners the authority to enter into pooling and unitization agreements for the production of oil or gas with others.

(9) "Producer" means the owner of a well or wells capable of producing oil or gas or both.

(10) "Department" means the department of natural resources and conservation provided for in Title 82A, chapter 15.

(11) "Enhanced recovery" means the increased recovery from a pool achieved by artificial means or by the application of energy extrinsic to the pool; such artificial means or application includes pressuring, cycling, pressure maintenance, or injection into the pool of any substance or form of energy as is contemplated in secondary recovery and tertiary programs but does not include the injection in a well of a substance or form of energy for the sole purpose of aiding in the lifting of fluids in the well or stimulating of the resevoir at or near the well by mechanical, chemical, thermal, or explosive means."

Section 2. Section 60-131.1, R.C.M. 1947, is amended to read as follows:

"60-131.1. Operation of pool as unit — board to hold hearing — notice. (1) The board, upon the application of persons owning leasehold interests underlying sixty per cent (60%) of the surface within the delineated area, shall hold a hearing to consider the need for the operation as a unit of one (1) or more pools or parts thereof in a field, for *enhanced recovery* purposes as to oil or oil and gas, to increase ultimate recovery, or to prevent waste of gas from pools or portions of pools where gas only is produced.

(2) At least sixty (60) days prior to application, the applicant shall, by registered or certified mail, notify all known persons owning an interest in the oil and gas within the proposed unit area as disclosed by the records of the county or counties in which the proposed unit area is situated, at that person's last known address, of the applicant's intention to make the application. At the same time producers shall be furnished with a plan of unit operations. Upon written request of an operator of a lease which is in whole or in part within the confines of the proposed delineated area, the applicant shall furnish the operator with copies of any exhibits to be submitted to the board at the time of hearing."

Section 3. Section 60-131.3, R.C.M. 1947, is amended to read as follows:

"60-131.3. Terms and conditions of order — requirements. The order shall be upon terms and conditions that are just and reasonable and shall prescribe a plan for unit operations that shall include:

(1) A description of the pool or pools or parts thereof to be so operated,

HeinOnline -- 1977 Vol. I 1038 1977

termed the unit area, but only so much of a pool as has reasonably been defined and determined by drilling operations to be productive of oil or gas may be included within the unit area. If the unit is formed solely for production of gas, a spacing unit on which is located a well producing or capable of producing gas on March 1, 1971, may not be included in the unit area without the written consent of the majority in interest of the working interest owners of the spacing unit and well.

(2) A statement of the nature and purpose of the plan and operations contemplated, together with a copy of the proposed unit agreement and unit operating agreement.

(3) A plan for allocating to each tract in the unit area its fair share of the oil and gas produced from the unit area and not required or consumed in the conduct of the operation of the unit area or unavoidably lost. A plan may not be approved by the board until it has considered the relative value that the share of production bears to the relative value of all of the separately owned tracts in the unit area, exclusive of physical equipment utilized in unit operations. In considering this relative value, the board shall weigh the economic value of the gas to all persons affected as compared to the economic value of the oil to all persons affected.

(4) A provision for the credits and charges to be made in the adjustment among the owners in the unit area for their respective investments in wells, tanks, pumps, machinery, materials, and equipment contributed to the unit operations.

(5) A provision providing how the costs of unit operations, including overhead and capital investments, shall be determined and charged to the separately owned tracts, including a provision for carrying or otherwise financing any owner who has not executed the proposed unit operating agreement and who elects to be carried or otherwise financed, allowing an interest charge of the then current prime rate plus two per cent (2%) for the service. Recovery of the money advanced, plus interest, shall be limited to, and only shall be recoverable from, the owners' share of production. The recovery shall be as follows:

(a) (1) In the case of a field producing oil, or oil and gas, during the period of depletion of the remaining estimated primary reserves from the unit, only from the production that is in excess of the owners' average actual rate of production during the eighteen (18) months immediately preceding the effective date of the unit. For purposes of this subsection, the term "primary reserves" means the oil or gas which would be produced from the unitized pool or pools *as* a result of the natural energy therein and without the introduction of *an enhanced* recovery program.

(2) During the period subsequent to the depletion of the remaining estimated primary reserves from the unit, from one hundred per cent (100%) of the owners' share of production.

(b) In the case of a field producing only gas, the recovery shall be from one hundred per cent (100%) of the owners' share of production.

(c) In the case of any enhanced recovery program that is initiated subsequent to a secondary recovery program, the recovery shall be from

75% of the owners' increased share of production from such subsequent program.

(6) A provision for the supervision and conduct of the unit operations, in respect to which each owner shall have a vote with a value corresponding to the percentage of the costs of unit operations chargeable against the interest of the owner.

(7) A provision whereby the unit operator, after having operated for a minimum period of two (2) years, can be challenged by any other owner in the unit, and the challenging owner may succeed to the unit operations upon a showing that: (a) he can operate more efficiently and economically than the present operator; (b) he is qualified and financially responsible; (c) a majority of the other owners, both in number and in percentage and exclusive of the challenged operator, approved the challenging owner becoming unit operator; and, (d) the challenged operator does not initiate the conditions of operations of the challenging owner within sixty (60) days of the challenged operator's receipt of the conditions of operations.

(8) The time when the unit operations shall commence, and the manner in which, and the circumstances under which, the unit operations shall terminate; and

(9) Such additional provisions that are found to be appropriate for carrying on unit operations and for the protection and adjustment of correlative rights."

Approved April 8, 1977.

CALL FOR LENIENCY; TO PROVIDE THAT THE DETERMINATION OF THE COURT SHALL BE SUPPORTED BY SPECIFIC WRITTEN FINDINGS OF FACT; TO PROVIDE FOR AUTOMATIC REVIEW OF A JUDGMENT OF CONVICTION AND SENTENCE OF DEATH; AMENDING SECTIONS 94-5-102, 94-5-303, 94-5-617, AND 94-5-622, R.C.M. 1947; REPEALING SECTIONS 94-5-105, 94-5-304, AND 95-2206.1, R.C.M. 1947.

95-2206.6. Sentence of death — hearing on imposition of death penalty. When a defendant is found guilty of or pleads guilty to an offense for which the sentence of death may be imposed, the judge who presided at the trial or before whom the guilty plea was entered shall conduct a separate sentencing hearing to determine the existence or nonexistence of the circumstances set forth in 95-2206.8 and 95-2206.9 for the purpose of determining the sentence to be imposed. The hearing shall be conducted before the court alone.

Section 2. There is a new R.C.M. section numbered 95-2206.7 that reads as follows:

In the sentencing hearing, evidence may be presented as to any matter the court considers relevant to the sentence, including but not limited to the nature and circumstances of the crime, the defendant's character, background, history, mental and physical condition, and any other facts in aggravation or mitigation of the penalty. Any evidence the court considers to have probative force may be received regardless of its admissibility under the rules governing admission of evidence at criminal trials. Evidence admitted at the trial relating to such aggravating or mitigating circumstances shall be considered without reintroducing it at the sentencing proceeding. The state and the defendant or his counsel shall be permitted to present argument for or against sentence of death.

(6) The offense was deliberate homicide as defined in subsection (1)(a) of 94-5-102 and the victim was a peace officer killed while performing his duty.

(7) The offense was aggravated kidnaping which resulted in the death of the victim.

(7) The defendant, at the time of the commission of the crime, was less than 18 years of age.

Section 5. There is a new R.C.M. section numbered 95-2206.10 that reads as follows:

95-2206.10. Consideration of aggravating and mitigating factors in determining sentence. In determining whether to impose a sentence of death or imprisonment, the court shall take into account the aggravating and mitigating circumstances enumerated in 95-2206.8 and 95-2206.9 and shall impose a sentence of death if it finds one or more of the aggravating circumstances and finds that there are no mitigating circumstances sufficiently substantial to call for leniency. If the court does not impose a sentence of death and one of the aggravating circumstances listed in 95-2206.8 exists, the court may impose a sentence of imprisonment for life or for any term authorized by the statute defining the offense.

Section 6. There is a new R.C.M. section numbered 95-2206.11 that reads as follows:

The written findings of fact shall be substantiated by the records of the trial and the sentencing proceeding.

Section 7. There is a new R.C.M. section numbered 95-2206.12 that reads as follows:

The review by the supreme court has priority over all other cases and shall be heard in accordance with rules promulgated by the supreme court. The sentence review shall be in addition to direct appeal, if taken, and the review and appeal shall be consolidated for consideration.

Section 9. There is a new R.C.M. section numbered 95-2206.14 that reads as follows:

(2) whether the evidence supports the judge's finding of the existence or nonexistence of the aggravating or mitigating circumstances enumerated in 95-2206.8 and 95-2206.9; and

(3) whether the sentence of death is excessive or disproportionate to the penalty imposed in similar cases, considering both the crime and the defendant. The court shall include in its decision a reference to those similar cases it took into consideration.

(b) the court has determined, based on any presentence report and the evidence presented at the trial and the sentencing hearing, that the offender does not represent a substantial danger to other persons or society.

(2) A conviction or incarceration may not be considered under subsection (1)(a) if:

(a) the offender was less than 18 years of age at the time of the commission of the present offense; or

(b) The court merging the sentences shall forthwith furnish each of the other courts and penal institutions in which the defendant is confined under sentence with authenticated copies of its sentence, which shall cite the sentences being merged.

(c) If an unexpired sentence is merged pursuant to subdivision (a), the court which imposed such sentence shall modify it in accordance with the effect of the merger.

(d) Separate sentences of two (2) or more crimes shall run concurrently unless the court otherwise orders.

(e) Except as provided in this subsection, when a prisoner is sentenced for an offense committed while he was imprisoned in the state prison or while he was released on parole or under the prisoner furlough program, the new sentence runs consecutively with the remainder of the original sentence. Parole authority and procedure.** (1) The board shall release on parole, by appropriate order, any person confined in the Montana state prison, except persons under sentence of death, when in its opinion there is reasonable probability that the prisoner can be released without detriment to himself or to the community, provided:

(a) That no convict serving a time sentence shall be paroled until he has served at least *one-half* of his full term, less *the* good time *allowance* provided *for* in 80-1905; except that *a convict designated as a nondangerous offender under 95-2206.16 may be paroled after he has served one-quarter of his full term, less the good time allowance provided for in 80-1905. (3) Before ordering the parole of any prisoner, the board shall interview him. A parole shall be ordered only for the best interest of society, not as an award of clemency or a reduction of sentence or pardon. A prisoner shall be placed on parole only when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. Every prisoner while on parole shall remain in the legal custody of the institution from which he was released, but shall be subject to the orders of the board.

(4) The board may adopt other rules it considers proper or necessary, with respect to the eligibility of prisoners for parole, and the conduct of parole hearings or conditions to be imposed upon parolees. When an order for parole is issued it shall recite the conditions thereof."

(3) Before a petition may be circulated for signatures, a sample sheet must be submitted to the secretary of state in the form in which it will be circulated. The secretary of state shall refer a copy of the sheet to the attorney general for his approval. The secretary of state and attorney general must each review the sheet for sufficiency as to form and approve or reject the form of the petition stating his reasons therefor. The attorney general shall return the sheet together with his comments within 3 working days after receiving it. The secretary of state shall review the comments of the attorney general and make a final decision as to the approval or disapproval of the form of the sheet. The secretary of state must notify the person who submitted the sheet of the approval or rejection together with reasons for rejection, if applicable, within 1 week of receiving the sheet.

(4) The secretary of state shall serially number all submitted petitions that are approved as to form continuously from year to year. (5) If statements of the implication of a vote for or against a ballot issue have been provided by the legislative act or petition placing the issue on the ballot, the secretary of state shall include a copy of the statements with the copy of the issue submitted to the attorney general. When the attorney general returns his statement of the general purpose of the issue to the secretary of state, he shall include a notice that he has reviewed the statements of the implication of a vote for or against the issue and may include comments as to whether the statements clearly explain the implications of a vote. Whenever possible, the members shall be known to have opposed the issue.

(c) A three-member committee advocating approval of a ballot issue proposed by any type of initiative petition or advocating rejection of any ballot issue that is a legislative act referred to the people by referendum petition shall be appointed by the chairman of the organization that was first on record with the commissioner of campaign finances and practices as a proponent of the petition.

(d) A committee advocating rejection of a ballot issue proposed by any type of initiative petition shall be composed of five members. The governor, attorney general, president of the senate, and speaker of the house of representatives shall each appoint one member, and the fifth member shall be appointed by the first four members. Section 17. There is a new R.C.M. section numbered 37-131 that reads as follows:

37-131. Limitation on length of argument advocating approval or rejection — time of filing. In no case, however, may an argument be submitted for filing later than 70 days before the election at which the issue will be voted on by the people. A majority of the committee responsible for preparation must approve and sign each argument filed. Separate signed letters of approval of an argument may be filed with the secretary of state by members of a committee if necessary to meet the filing deadline.

(1) The secretary of state shall reject, with the approval of the attorney general, an argument or other matter held to contain obscene, vulgar, profane, scandalous, libelous, or defamatory matter; any language that in any way incites, counsels, promotes, or advocates hatred, abuse, violence, or hostility toward, or that tends to cast ridicule or shame upon, a group of persons by reason of race, color, religion, or sex; or any matter not allowed to be sent through the mail. Such arguments may not be filed or printed in the voter information pamphlet.

HeinOnline -- 1977 Vol. I 1063 1977

(2) Nothing in this act relieves an author of any argument from civil or criminal responsibility for statements contained in an argument printed in the voter information pamphlet.

Section 20. There is a new R.C.M. section numbered 37-134 that reads as follows:

37-134. Printing and distribution of voter information pamphlet. (1) The secretary of state shall arrange with the department of administration by requisition for the printing and delivery of a voter information pamphlet for all ballot issues to be submitted to the people at least 90 days before the election at which they will be submitted. The requisition shall include a delivery list providing for shipment of the required number of pamphlets to each county and to the secretary of state.

(3) The department of administration shall call for bids and contract with the lowest bidder for the printing and delivery of the voter information pamphlet. The contract shall require completion of printing and shipment, as specified on the delivery list, of the voter information pamphlets by not later than 30 days before the election at which the ballot issues will be voted on by the people.

(4) The county official responsible for voter registration in each county shall mail one copy of the voter information pamphlet to each registered voter of the county no later than 2 weeks after the pamphlets are received from the printer.

Unless otherwise provided in the legislative act or petition placing the issue on the ballot, the secretary of state shall list for each issue the number, the method of placement on the ballot, the title, and the statements of the implication of a vote for or against the issue that are to be placed beside the diagram for marking the ballot. The secretary of state shall use for each ballot issue the title of the legislative act, legislative constitutional proposal, or ballot issue proposed by any type of initiative petition unless that title exceeds 100 words. A title of 100 words or less for the ballot shall be provided by the legislature or the organization circulating the petition if the official title exceeds 100 words. All ballot issues shall be placed on the official ballot prescribed by 23-3506, 23-3804, or 23-3904 unless specific written approval by the secretary of state for placing the ballot issues on a separate ballot is received by the official responsible for printing the ballot. The secretary of state may issue such approval only when the number of issues to be voted on at an election makes it impossible to print the entire ballot, including the ballot issues, on the official ballot as prescribed by 23-3506, 23-3804, or 23-3904.

Section 22. There is a new R.C.M. section numbered 37-136 that reads as follows:

The secretary of state, as secretary of the board of state canvassers, shall prepare and file in his office a statement of the canvass giving the number and title of each issue, the whole number of votes cast in the state for and against each ballot issue, and the effective date of each ballot issue approved by a majority of those voting on the issue. The secretary of state shall transmit a certified copy of the statement of the canvass to the governor.

(2) The secretary of state shall send a certified copy of all ballot issues which have been approved by a majority of those voting on the issue and a copy of the statement of the canvass to the executive director of the legislative council at the same time he transmits a certified copy of the statement of the canvass to the governor.

Section 23. There is a new R.C.M. section numbered 37-137 that reads as follows:

HeinOnline -- 1977 Vol. I 1065 1977

(2) Unless the legislature provides otherwise, a constitutional amendment proposed by the legislature and approved by the people is effective on July 1 following approval.

(3) Unless specifically provided by the legislature in an act referred by it to the people or until suspended by a petition signed by at least 15% of the qualified electors in a majority of the legislative representative districts, an act referred to the people is in effect as provided by law until it is approved or rejected at the election. An act that is rejected is repealed effective the date the result of the canvass is filed by the secretary of state under 37-136. An act referred to the people that was in effect at the time of the election and is approved by the people remains in effect. An act that was suspended by a petition and is approved by the people is effective the date the result of the canvass is filed by the secretary of state under 37-136. An act referred by the legislature that contains an effective date following the election becomes effective on that date if approved by the people. An act that provides no effective date and whose substantive provisions were delayed by the legislature pending approval at an election and that is approved is effective July 1 following the election.

(8) (a) An application fee of fifty dollars ($50) shall be paid before the permit required in this section shall be issued. The operator shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the penal sum to be determined by the board (on the recommendation of the commissioner) of not less than two hundred dollars ($200) nor more than twenty-five hundred dollars ($2,500) for each acre or fraction thereof of the area of land affected, with a minimum bond of two thousand dollars ($2,000), conditioned upon the faithful performance of the requirements set forth in this act and of the rules of the board. *The level of bonding shall be relative to the degree of disturbance projected by the original permit and the annual report.* A political subdivision or agency of the state need not file a bond unless required to do so by the board. The board may require the filing of the bond prior to permit issuance or at any time thereafter.

backfilling, grading, highwall reduction, subsidence stabilization, water control, topsoiling, and reclamation to be required; but in no event shall the bond be less than the total estimated cost to the state of completing the work described in the reclamation plan."

Section 2. Section 50-1040, R.C.M. 1947, is amended to read as follows:

"**50-1040. Increase or reduction in area — application — fee — bond.** The department may increase or reduce the area of land affected by an operation under a permit on application by an operator, but an increase may not extend the period for which an original permit was issued. An operator may, at any time, apply to the department for an amendment of the permit so as to increase or reduce the acreage affected by it. The operator shall file an application and map in the same form and with the same content as required for an original application under this act and shall pay an application fee of $50 and shall file with the department a supplemental bond in the amount to be determined under section 6 [50-1039] for each acre or fraction of an acre of the increase approved. If the department approves a reduction in the acreage covered by the original or supplemental permit, it shall release the bond for each acre reduced, but in no case shall the bond be reduced below $2,000, except as provided in subsection (5) of section 6 [50-1039]."

Section 3. Section 50-1044, R.C.M. 1947, is amended to read as follows:

"**50-1044. Area mining required — grading and revegetation — release of bond — alternative plan.** (1) Area strip mining, a method of operation which does not produce a bench or fill bench, is required where strip mining is proposed. All highwalls must be reduced and the steepest slope of the reduced highwall shall be no greater than twenty (20) degrees from the horizontal. Highwall reduction shall be commenced at or beyond the top of the highwall and sloped to the graded spoil bank. Reduction, backfilling, and grading shall eliminate all highwalls and spoil peaks. The area of land affected shall be restored to the approximate original contour of the land. When directed by the department, the operator shall construct in the final grading, such diversion ditches, depressions, or terraces as will accumulate or control the water runoff. Additional restoration work may be required by the department according to rules adopted by the board.

(2) In addition to the backfilling and grading requirements, the operator's method of operation on steep slopes may be regulated and controlled according to rules adopted by the board. These rules may require any measure whatsoever to accomplish the purpose of this act.

(3) All available topsoil shall be removed in a separate layer, guarded from erosion and pollution, kept in such a condition that it can sustain vegetation of at least the quality and variety it sustained prior to removal, and returned as the top layer after the operation has been backfilled and graded; provided that the operator shall accord substantially the same treatment to any subsurface deposit of material that is capable, as determined by the department, of supporting surface vegetation virtually as well as the present topsoil.

HeinOnline -- 1977 Vol. I 1123 1977

(4) As determined by rules of the board, time limits shall be established requiring backfilling, grading, subsidence stabilization, water control, highwall reduction, topsoiling, planting, and revegetation to be kept current. All backfilling, subsidence stabilization, sealing, grading, and topsoiling shall be completed before necessary equipment is moved from the operation.

(5) When the backfilling, grading, subsidence stabilization, water controls, and topsoiling have been completed and approved by the department, the commissioner may release so much of the bond which was filed for that portion of the operation as the commissioner may determine, provided that no less than two hundred dollars ($200) per acre shall be retained by the department until such time as the planting and revegetation is done according to law and approved by the department, at which time the commissioner shall release the bond in the remaining amount.

(6) An operator may propose alternative plans other than backfilling, grading, highwall reduction, or topsoiling if the restoration will be consistent with the purpose of this act. These plans shall be submitted to the department, and, after consultation with the landowner, if the plans are approved by the board and complied with within the time limits as may be determined by the board as being reasonable for carrying out the plans, the backfilling, grading, highwall reduction, or topsoiling requirements of this act may be modified by the board. An operator who proposes alternative plans that will affect an existing permit shall comply with the notice requirement of section 50-1039*(5)*(k)."

Section 4. Section 50-1404, R.C.M. 1947, is amended to read as follows:

"**50-1404. Approved plan required for strip mining — period for which effective.** (1) No operator may engage in strip mining without having first obtained approval of a strip mining plan from the department as provided for in section 5 [50-1405].

(2) Approved strip mining plans shall be effective for *5 years* from the date the plan is approved, *with annual reports to the department, as prescribed in 50-1039(2), in which the operator indicates whether any waste has occurred in the past year or is expected to occur in the forthcoming year.*"

Section 5. **Repealer.** Section 50-1049, R.C.M. 1947, is repealed.

Approved April 8, 1977.

"**94-5-506. Provisions generally applicable to sexual crimes.** (1) When criminality depends on the victim being less than 16 years old, it is a defense for the offender to prove that he reasonably believed the child to be above that age. Such belief shall not be deemed reasonable if the child is less than 14 years old.

(2) Whenever the definition of an offense excludes conduct with a spouse, the *exclusion* shall be deemed to extend to persons living as *husband* and wife regardless of the legal status of their relationship. The exclusion shall be inoperative as respects spouses living apart under a decree of judicial separation. Where the definition of an offense excludes conduct with a spouse, this shall not preclude conviction of a spouse in a sexual act which he or she causes another person, not within the exclusion, to perform.

(3) In a prosecution under the preceding sections on sexual crimes (94-5-502 *through* 94-5-504) in which the victim's lack of consent is based solely upon his incapacity to consent because he was mentally incapacitated, it is a defense to such prosecution that the victim was a voluntary social companion of the defendant and the intoxicating substance was voluntarily and knowingly taken."

(3) The secretary of state may employ *and compensate* qualified mechanics who are electors to assist him in duties required by this chapter.

(4) The person or company submitting a machine for examination before the filing of the report shall pay the compensation and expenses of mechanics connected with the examination to the secretary of state for deposit in the state general fund."

Section 41. Section 23-3807, R.C.M. 1947, is amended to read as follows:

"**23-3807. Registrar to instruct election judges.** (1) Before each election, the registrar shall instruct all election judges in the use of the machine and their duties. He shall give to each election judge *who* has received instruction and is fully qualified to conduct the election with the machine a certificate to that effect.

(2) The registrar shall call meetings of the election judges as necessary for instruction. Election judges shall attend meetings as necessary to receive the proper instructions.

(3) An election judge *may* not serve if voting machines are used unless he has received instruction, is fully qualified to perform duties in connection with the machine, and has received a certificate to that effect from the *registrar*. However, this *section does* not prevent an emergency appointment of an election judge."

Section 42. Section 23-3822, R.C.M. 1947, is amended to read as follows:

"**23-3822. General election laws to apply.** All laws applicable to elections where voting is not done by machine and all penalties prescribed for violations of those laws apply to elections and precincts where voting machines are used if they are not in conflict with the provisions of 23-3801 through *23-3819*."

electronic voting system is used, as soon as the polls are closed, the election judges shall secure the marking devices against further voting. They shall thereafter open the ballot box and count the number of ballots or envelopes containing ballots that have been cast to determine that the number of ballots does not exceed the number of voters shown on the poll or registry lists. If there is an excess, this fact shall be reported in writing to the appropriate election officer in charge with the reasons therefor, if known. The total number of voters shall be entered on the tally sheets. The election judges shall thereupon count the write-in votes and prepare a return of such votes on forms provided for this purpose. If ballot cards are used, all ballots on which write-in votes have been recorded shall be serially numbered, starting with the number one, and the same number shall be placed on the ballot card of the voter. The election *judges* shall compare the write-in votes with the votes cast on the ballot card, and if the total number of votes for any office exceeds the number allowed by law, a notation to that effect shall be entered on the back of the ballot card and *it* shall be returned to the counting location in an envelope marked "defective ballots". *Such* invalid votes *may* not be counted. So far as applicable, provisions relating to defective paper ballots shall apply.

(2) The election judges shall place all ballots that have been cast in the container provided for that purpose, which shall be sealed and delivered *immediately* by the election judges to the counting location or other designated place, together with the unused, void, and defective ballots and returns.

(3) All proceedings at the counting location shall be under the direction of the registrar or city clerk under the observation of at least three election judges designated by the commissioners or city council and shall be open to the public, but no persons except those employed and authorized for the purpose *may* touch any ballot, ballot container, or return. If any ballot is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy shall be made of the damaged ballot in the presence of witnesses and substituted for the damaged ballot. Likewise, a duplicate ballot shall be made of a defective ballot which *may* not include the invalid votes. All duplicate ballots shall be clearly labeled "duplicate", shall bear a serial number which shall be recorded on the damaged or defective ballot, and shall be counted in lieu of the damaged or defective ballot.

(4) The return printed by the automatic tabulating equipment, to which has been added the return of write-in and absentee votes, shall constitute the official return of each precinct or election district. Upon completion of the count the returns shall be open to the public."

Section 44. Section 23-4011, R.C.M. 1947, is amended to read as follows:

"23-4011. County canvass to be public — nonessentials to be disregarded. (1) The canvass shall be public. It shall proceed by opening the returns, determining the vote for each person and each proposition from each precinct, and *declaring* the results.

(2) The returns shall not be rejected *because of failure to* show who

HeinOnline -- 1977 vol. II 1207 1977

administered the oath to the election judges or clerks, *because of* failure to complete all the certificates in the pollbooks, or *because of* failure of any other act making up the returns that is not essential to determine for whom the votes were cast."

Section 45. Section 23-4013, R.C.M. 1947, is amended to read as follows:

(2) If a recount shows that two or more persons received an equal and sufficient number of votes for the office of state senator or state representative, the county recount board shall certify this to the governor."

Section 46. Section 23-4014, R.C.M. 1947, is amended to read as follows:

"**23-4014. Certificates issued by the clerk.** (1) The clerk shall immediately deliver to each person *declared* elected *by the board* a certificate of election signed by him and authenticated with the seal of the board.

(2) The certificate shall state that the official bond must be filed within 30 days after notice of election or appointment and that failure to file the bond vacates the office."

Section 47. Section 23-4015, R.C.M. 1947, is amended to read as follows:

"**23-4015. State returns, how made and transmitted.** (1) After a general or special election, the clerk shall make an abstract of the vote for *congressional offices, state or district offices voted for in more than one county, members of the legislature, and judges of the district court.*

(2) The clerk shall seal the abstract, endorse it "Election Returns", and immediately send it to the secretary of state by *certified or* registered mail."

Section 48. Section 23-4103, R.C.M. 1947, is amended to read as follows:

"**23-4103. Conditions under which recount to be made.** A recount shall be made under any of the following conditions:

(1) If a candidate *for a county or district office voted for in only one county, other than a legislator or a judge of the district court, or a precinct office* is defeated by a margin not exceeding ¼ of 1% of the total votes cast or by a margin not exceeding 10 votes, whichever is greater, he may within 5 days after the official canvass file with the registrar a verified petition stating he believes a recount will change the result and a recount of the votes for the office or nomination should be had.

(2) If a candidate *for a congressional office, a state or district office voted on in more than one county, the legislature, or judge of the district*

HeinOnline -- 1977 vol. II 1208 1977

The secretary of state shall immediately notify each registrar whose county includes any precincts which voted for the same office by *certified or* registered mail, and a recount shall be conducted in those precincts.

(3) If a question submitted to the vote of the people of the state is decided by a margin not exceeding ¼ of 1% of the total votes cast for and against the question, a petition as set forth in subsection (1) may be filed with the secretary of state. This petition shall *be* signed by not less than 100 electors of the state representing at least five counties of the state and be filed within 5 days after the official canvass.

(4) The secretary of state shall immediately notify each registrar by *certified or* registered mail of the filing of the petition, and a recount shall be conducted in all precincts in each county.

(5) If there is a tie vote, the board making the canvass shall certify the vote:

(a) to the registrar, if the election was for a county or district office voted on in only one county, other than a legislator or a judge of the district court, or a precinct office or a ballot issue voted on in only one county;

(b) to the secretary of state, if the election was for a congressional office, a state or district office voted on in more than one county, the legislature, or judge of the district court or a ballot issue voted on in more than one county.

(6) When a tie has been certified to the registrar or secretary of state, as provided in subsection (5), he shall proceed as if a petition for a recount has been filed. If a tie exists after the recount, the tie shall be resolved as provided by law."

(2) At least two members of the board shall sign the certificate, and it shall be attested to under seal by the registrar.

(3) The certificate shall set forth in substance the proceedings of the board and appearance of any candidates or representatives, and it shall adequately designate each precinct recounted, the vote of each precinct according to the official canvass previously made, *the* nomination, position, or question involved, and the correct vote of each precinct as determined by the recount.

(4) When the certificate relates to a recount for *a congressional office, a state or district office voted on in more than one county, a legislative office, or an office of judge of the district court or a ballot issue voted on in more than one county,* the certificate shall be made in duplicate.

HeinOnline -- 1977 vol. II 1209 1977

One copy shall be transmitted immediately to the secretary of state by *certified or* registered mail.

(5) *(a)* If the recount relates to *a county or district office voted for in only one county, other than a legislator or a judge of the district court, or a precinct office or a ballot issue voted on in only one county,* the county recount board shall immediately recanvass the returns as corrected by the certificate showing the result of the recount and make a corrected abstract of the votes.

(b) If the corrected abstract shows no change in the result, no further action *need* be taken.

(c) If there is a change in the result, a new certificate of election or nomination shall be issued to each candidate found to be elected or nominated."

(2) If there is a tie vote for clerk of the district court, county attorney, *or* any county officer, except county commissioner, the commissioners shall appoint an eligible person as in case of other vacancies in the office.

(3) If there is a tie vote for commissioner, the senior district judge shall appoint an eligible person to fill the office as in other cases of vacancy.

(4) If there is a tie vote for state officers, the secretary of state shall transmit a certified copy of the statement to the *legislature* showing the votes cast for the two or more persons having an equal and the highest number of votes."

HeinOnline -- 1977 vol. II 1210 1977

invalid or not held at that time, the election to fill the vacancy shall be held at the next succeeding general election.

(2) The governor may make a temporary appointment to fill the vacancy until the election."

Section 53. There is a new R.C.M. section numbered 23-4405 that reads as follows:

Section 54. Section 23-4737, R.C.M. 1947, is amended to read as follows:

"**23-4737. Payments in name of undisclosed principal.** No person *may* make a payment of his own money or of another *person's* money to any other person in connection with a nomination or election in any other name than that of the person who in truth supplies such money. *No* person *may* knowingly receive such payment or enter or cause the same to be entered in his accounts or records in another name than that of the person by whom it was actually furnished; provided, if the money *is* received from the treasurer of any political *committee*, it *is* sufficient to enter the same as received from *the* treasurer."

Section 55. Section 23-4757, R.C.M. 1947, is amended to read as follows:

"**23-4757. Forfeiture of nomination or office for violation of law, when not worked.** *If*, upon the trial of any action or proceeding under the provisions of *Title 23 or Title 37 to* contest the right of any person *to be* declared nominated or elected to any office or to annul or set aside such nomination or election or to remove a person from his office, it appears from the evidence that the offense complained of was not committed by the candidate or with his knowledge or consent or was committed without his sanction or connivance and that all reasonable means for preventing the commission of such offense at such election were taken by and on behalf of the candidate; that the offense or offenses complained of were trivial, unimportant, and limited in character and that in all other respects his participation in the election was free from such offenses or illegal acts; or that any act or omission of the candidate arose from inadvertence or from accidental miscalculation or from some other reasonable cause of a like nature and in any case did not arise from any want of good faith; and under the circumstances it seems to the court to be unjust that the candidate forfeit his nomination or office or be deprived of any office of which he is the incumbent, then the nomination or election of *the* candidate *is* not by reason of such offense or omission complained of void, nor *may* the candidate be removed from or deprived of his office."

Section 56. Section 23-4758, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1211 1977

The only *exceptions* to this judgment shall be *those* provided in *23-4757.* Such judgment *does* not prevent the candidate or officer from being proceeded against by indictment or criminal information for any such act or acts."

Section 57. Section 23-4759, R.C.M. 1947, is amended to read as follows:

"23-4759. **Time for commencing contest.** Any action to contest the right of any person *to be* declared elected to an office or to annul and set aside such election or to remove from or deprive any person of an office of which he is the incumbent, for any offense mentioned in *Title 23 or Title 37,* must, unless a different time be stated, be commenced within *1 year* after the return day of the election at which such offense was committed."

Section 58. Section 23-4760, R.C.M. 1947, is amended to read as follows:

"23-4760. **Court having jurisdiction of proceedings.** An application for filing a statement, payment of a claim, or correction of an error or false recital in a *filed* statement or an action or proceeding to annul and set aside the election of any person declared elected to an office or to remove or deprive any person of his office for an offense mentioned in *Title 23 or Title 37* or any petition to excuse any person or candidate in accordance with the power of the court to excuse, as provided in 23-4757, must be made or filed in the district court of the county in which the certificate of his nomination as a candidate for the office to which he is declared nominated or elected is filed or in which the incumbent resides."

Section 59. Section 23-4763, R.C.M. 1947, is amended to read as follows:

"23-4763. **Grounds for contest of nomination or office.** *An* elector of the state or of any political or municipal division thereof may contest the right of any person to any nomination or office for which *the* elector has the right to vote, for any of the following causes:

(1) on the ground of *a* deliberate, serious, and material violation of any provision of the law relating to nominations or elections;

(2) whenever the person whose right *is* contested was not, at the time of the election, eligible to such office;

(3) on account of illegal votes or an erroneous or fraudulent count or canvass of votes."

Section 60. Section 23-4767, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1212 1977

"23-4767. **Hearing of contest.** The petitioner (contestant) and the contestee may appear and produce evidence at the hearing, but no person other than the petitioner and contestee *may* be made a party to the proceedings on such petition; and no person other than *the* parties and their attorneys *may* be heard thereon, except by order of the court. If more than one petition is pending or the election of more than one person is contested, the court may, in its discretion, order the cases to be heard together and may apportion the costs, disbursements, and attorney's fees between them and shall finally determine all questions of law and fact, save only that the judge may, in his discretion, impanel a jury to decide on questions of fact. In the case of nominations or elections, *other than for federal congressional offices,* the court shall *immediately* certify its decision to the board or official issuing certificates of nomination or election, *and the* board or official shall thereupon issue certificates of nomination or election to the person or persons entitled thereto by *the court's* decision. If judgment of ouster against a defendant *is* rendered, the nomination or office shall be by the judgment declared vacant, *except as provided in 23-4762,* and shall thereupon be filled by a new election or by appointment as may be provided by law regarding vacancies in such nomination or office."

Section 61. Section 23-4770, R.C.M. 1947, is amended to read as follows:

"23-4770. **Advancement of cases — dismissal — privileges of witnesses.** Proceedings under *Title 23 or Title 37* shall be advanced on the docket upon request of either party for speedy trial, but the court may postpone or continue *the* trial if *necessary*, and in case of such continuance or postponement, the court may impose costs in its discretion as a condition thereof. No petition *may* be dismissed without the consent of the county attorney, unless the same *is* dismissed by the court. No person *may* be excused from testifying or producing papers or documents on the ground that his testimony or the production of papers or documents will tend to criminate him; but no admission, evidence, or paper made or advanced or produced by such person *or any evidence that is the direct result of such evidence or information that he may have so given may* be offered or used against him in any civil or criminal prosecution, except in a prosecution for perjury committed in such testimony."

Section 62. Section 23-4785, R.C.M. 1947, is amended to read as follows:

However, if a majority of the members of the selection committee cannot agree upon the selection of a commissioner within 30 days after *a vacancy occurs or a term expires,* the Montana supreme court shall appoint a fifth public member to the selection committee. The majority of the five members of the selection committee shall then select the commissioner.

HeinOnline -- 1977 vol. II 1213 1977

(2) The individual selected to serve as the commissioner of campaign finances and practices shall be appointed for a *5-year* term, but he *is* thereafter ineligible to serve as the commissioner of campaign finances and practices and *is* precluded from being a candidate for public office as defined in this act for a period of 5 years from the time that his term as commissioner expires.

(3) If for any reason a vacancy should occur in the position of commissioner, a successor shall be appointed within 30 days as provided in subsection (1) to serve out the unexpired term. (11) The commissioner shall prepare and publish such other reports as he *considers* appropriate.

(12) The commissioner shall provide for wide public dissemination of summaries and reports.

(13) The commissioner *may* investigate all statements filed pursuant to the provisions of Title 23 *or Title 37* and shall also investigate alleged failures to file any statement or the alleged falsification of any statement filed pursuant to the provisions of Title 23 *or Title 37*. Upon the submission of a written complaint by any individual, the commissioner shall also investigate any other alleged violation of the provisions of Title 23 *or Title 37* or any rule adopted pursuant thereto.

(16) The commissioner shall be responsible for preparing, administering, and allocating the budget for his office.

(17) The commissioner *may* inspect any records, accounts, or books that must be kept pursuant to the provisions of Title 23 *or Title 37*, which are held by any political committee or candidate so long as such inspection is made during reasonable office hours.

Inspection of statements and issuance of orders of noncompliance.** (1) Each statement filed with the commissioner during an election or within 60 days thereafter shall be inspected within 10 days after the date upon which the statement is filed. If a person has not satisfied the provisions of Title 23 *or Title 37*, the commissioner shall immediately notify *the* person of the noncompliance. (2) If an order of noncompliance is issued during a campaign period or within 60 days after an election, a candidate or political committee shall submit the necessary information *within* 5 days after receiving the notice of noncompliance. (3) If an order of noncompliance is issued during any other period than that described in subsection (2), a candidate or political committee shall submit the necessary information within 10 days after receiving the notice of noncompliance. If the county attorney fails to initiate the appropriate civil or criminal action within 30 days after he receives notification of the alleged violation, the commissioner may then initiate the appropriate legal action.

(2) A county attorney may at any time prior to the expiration of the *30-day* time period specified in subsection (1), waive his right to prosecute and thereby authorize the commissioner to initiate the appropriate civil or criminal action.

(3) The provisions of subsection (1) do not apply to a situation in which the alleged violation has been committed by the county attorney of a county. In this instance, the commissioner is authorized to directly prosecute any alleged violation of Title 23 *or Title 37.*

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 84-1835, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1237 1977

"**84-1835. Returns and payments.** (a) Returns: For the purpose of determining the amount of his liability for the tax herein imposed, each special fuel dealer and each special fuel user shall file with the department, on forms prescribed by said department, a monthly tax return.

Upon annual application the department shall waive the filing of a monthly tax return of any special fuel user who establishes that such user's *annual* tax liability is or will be *$100* or less.

Such user shall make an annual report and return to the department, on forms prescribed by said department on or before the 25th day of January of each year hereafter. Should the department determine that a user filing annual returns as herein provided is delinquent in making reports and payments, it shall require such person to file monthly returns as herein provided. Such return, annual or monthly, shall contain a declaration by the person making the same, to the effect that the statements contained are true and are made under penalties of perjury, which declarations shall have the same force and effect as a verification. The return shall show such information as the department may reasonably require for the proper administration and enforcement of this act; provided, however, that if a special fuel dealer or user is also a wholesale distributor of special fuel at a location where special fuel is delivered into the supply tank of a motor vehicle, and if separate storage is provided thereat from which special fuel is delivered or placed into fuel supply tanks of motor vehicles, the monthly return to the department need not include inventory control data covering bulk storage from which wholesale distribution of special fuel is made. The special fuel dealer or special fuel user shall file the return on or before the twenty-fifth (25th) day of the next succeeding calendar month following the monthly period to which it relates; provided, however, that for good cause the department may grant a taxpayer a reasonable extension of time for filing, but not to exceed thirty (30) days.

Any claim, statement, remittance, or other document which is transmitted to this state through the United States mail, shall be deemed filed and received by this state on the date shown by the post office cancellation mark stamped upon the envelope or other appropriate wrapper containing it. Any claim, statement, remittance or other document which is mailed but not received by this state or where received with a cancellation mark that is illegible, erroneous, or omitted, shall be deemed filed and received on the date mailed if the sender establishes by competent evidence that the claim, statement, remittance, or other document was deposited in the United States mail on or before the date due for filing. In cases of such nonreceipt of a claim, statement, remittance, or other document, the sender must file with the state a duplicate within thirty (30) days after written notification is given to the sender by the state of its nonreceipt of such claim, statement, remittance, or other document.

If any claim, statement, remittance or other document is sent by United States registered mail, certified mail or certificate of mailing, a record authenticated by the United States Post Office of such registration, certification or certificate shall be considered competent evidence that the report, claim, tax return, statement, remittance or other document was

HeinOnline -- 1977 vol. II 1238 1977

mailed to the addressee, and the date of registration, certification or certificate shall be deemed the postmarked date.

If the final filing date falls on a Saturday, Sunday or legal holiday, the next secular or business day shall be the final filing date. Such reports shall be considered filed or received on the date or as provided in this chapter.

(b) Computation: The tax imposed by this act shall be computed as follows: (1) with respect to special fuel used by the seller thereof as a special fuel dealer, by multiplying the tax rate per gallon provided in this act by the number of gallons of special fuel delivered or placed by him into the supply tank or tanks of a motor vehicle, (2) with respect to special fuel as to which the tax has not been paid to a special fuel dealer in this state and which has been consumed by the purchaser thereof as a special fuel user, by multiplying the tax rate per gallon provided in this act by the number of gallons of special fuel consumed by him in the propulsion of motor vehicles on the highways of this state.

(c) Payments: The monthly tax return shall be accompanied by remittance covering the tax due hereunder on account of the use as defined in 84-1831(f) of special fuels during the preceding month.

(d) Refusal or failure to file return or pay tax when due: In case of any special fuel dealer or special fuel user who refuses or fails to file a return required by this act within the time prescribed by subsection (a) of this section, there is hereby imposed a penalty of twenty-five dollars ($25) or a sum equal to twenty-five per cent (25%) of the tax due, whichever is greater, together with interest at the rate of one per cent (1%) on the tax due, for each calendar month or fraction thereof during which such refusal or failure continues; provided, however, that if any such special fuel dealer or special fuel user shall establish to the satisfaction of the department that his failure to file a return within the time prescribed was due to reasonable cause, the department shall waive the penalty provided by this subsection.

(e) Failure to pay tax: Where a special fuel dealer or a special fuel user files a return, but fails to pay in whole or in part the tax due hereunder, there shall be added to the amount due and unpaid, interest at the rate of one per cent (1%) per month or fraction thereof, from the date such tax was due to the date of payment in full thereof.

(f) Deficiency: If it be determined by the department that the tax reported by any special fuel dealer or special fuel user is deficient, it shall proceed to assess the deficiency on the basis of information available to it and there shall be added to this deficiency interest at the rate of one per cent (1%) per month or fraction thereof from the date the return was due.

(g) Determination if no return made: If any special fuel dealer or special fuel user, whether or not he is licensed as such, fails, neglects, or refuses to file a special fuel tax return when due, the department shall, on the basis of information available, to it, determine the tax liability of the special fuel dealer or special fuel user for the period during which no return was filed, and to the tax as thus determined, the department shall add the penalty and interest provided in subsection (d) above.

HeinOnline -- 1977 vol. II 1239 1977

An assessment made by the department pursuant to this subsection or to subsection (f) of this section shall be presumed to be correct, and in any case where the validity of the assessment is drawn in question, the burden shall be on the person who challenges the assessment to establish by a fair preponderance of the evidence that it is erroneous or excessive as the case may be.

(h) Fraudulent return: If any special fuel dealer or special fuel user shall file a false or fraudulent return with intent to evade the tax imposed by this act, there shall be added to the amount of deficiency determined by the department a penalty equal to twenty-five per cent (25%) of the deficiency together with interest at one per cent (1%) per month, or fraction thereof, on such deficiency from the date such tax was due to the date of payment, in addition to all other penalties prescribed by law.

(i) Limitation: Except in the case of a fraudulent return or of neglect, or refusal to make a return, every deficiency shall be assessed under subsection (f) above within five (5) years after the twenty-fifth day of the next succeeding calendar month following the monthly period for which the amount is proposed to be determined or within five (5) years after the return is filed, whichever period expires the later."

Approved April 15, 1977.

HeinOnline -- 1977 vol. II 1243 1977

(3) The board of county commissioners shall make suitable arrangements to provide respectable burial for nonresidents within the county and county residents for whom *the* expenses are not otherwise available.

(5) In any case where the county or state pays medical expenses or hospitalization for an individual, the county or state is subrogated to the claims of the physician or hospital to the extent of payment. *To the extent necessary for reimbursement of medical benefits paid to or on behalf of an individual, the county or state is subrogated to the rights of the individual to recover from a third party who may be liable to pay the medical expenses. (2) The department *is* subrogated to the right of *the* child or person having the care, custody, and control of *the* child to prosecute any support action or execute any administrative remedy existing under the laws of the state to obtain reimbursement of monies thus expended. If a court decree enters judgment for an amount of support to be paid by an obligor parent, the department *is* subrogated to the debt created by *the* order and *the* money judgment *is* in favor of the department. *No obligee may commence an action to recover support due and owing to him without first filing an affidavit with the court stating whether he has received public assistance from any source and, if he has received public assistance, that he has notified the state department in writing of the pending action.*

(3) In no case *may* a debt arising under this section be incurred by or collected from a parent or other person *while he* is the recipient of public assistance monies for the benefit of minor dependent children.

No lien may be imposed against the property of *an* individual prior to his death on account of medical assistance paid or to be paid on his behalf (except pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of *the* individual). There *may* be no adjustment or recovery (except, in the case of an individual who was 65 years of age or older when he received *the* assistance, from his estate, and then only after the death of his surviving spouse, if any, and only at a time when he has no surviving child who is under age 18 or is blind or permanently and totally disabled) of any medical assistance correctly paid on behalf of *an* individual. *To the extent necessary for reimbursement of medical assistance paid to an individual, the state department is subrogated to the rights of the individual to recover from a third party who may be liable to pay the medical expenses, as provided in 71-241.1.* Recoveries shall be prorated to the federal government and the state in the proportion to which each contributed to the medical assistance. Recovery for medical assistance paid prior to July 1, 1974, shall be prorated to reimburse the county share of participation. The provisions of this act are hereby extended to provide for the recovery of all medical assistance paid under 71-1511 through 71-1524 and likewise to all medical aid to the aged assistance paid by the state department during the period of time July 1, 1965, through June 30, 1967."

(2) At the time of filing the petition the obligee shall also file with the court an affidavit as required by 71-511 stating whether he has received public assistance from any source and, if he has received public assistance, that he has notified the department of social and rehabilitation services in writing of the pending action.

(3) The petition may be filed in the appropriate court of any state in which the obligee resides. The court *may* not decline or refuse to accept and forward the petition on the ground that it should be filed with some other court of this or any other state where there is pending another action for divorce, separation, annulment, dissolution, habeas corpus,

AN ACT TO REGULATE THE RELATIONSHIP BETWEEN NEW MOTOR VEHICLE DEALERS AND NEW MOTOR VEHICLE MANUFACTURERS, DISTRIBUTORS, AND IMPORTERS; PROVIDING FOR THE LICENSING OF NEW MOTOR VEHICLE MANUFACTURERS, DISTRIBUTORS, AND IMPORTERS; PROVIDING FOR ADMINISTRATION BY THE DEPARTMENT OF BUSINESS REGULATION; PROVIDING FOR THE REGULATION AND REVIEW OF TRANSACTIONS BETWEEN NEW MOTOR VEHICLE DEALERS AND NEW MOTOR VEHICLE MANUFACTURERS, DISTRIBUTORS, AND IMPORTERS; PROVIDING FOR THE LIMITATION OF NEW MOTOR VEHICLE DEALER'S PRODUCTS LIABILITY; PROVIDING FOR NOTICE, HEARING, AND APPEAL IN DISPUTES BETWEEN NEW MOTOR VEHICLE DEALERS AND NEW MOTOR VEHICLE MANUFACTURERS, DISTRIBUTORS, AND IMPORTERS; PROHIBITING COERCION OF NEW MOTOR VEHICLE DEALERS; AND PROVIDING FOR CIVIL AND CRIMINAL PENALTIES; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 51-601 that reads as follows:

51-601. Definitions. As used in this act, the following definitions apply:

(1) "Community" means the relevant market area of a franchise. For the purposes of this act, the relevant market area of a franchise is the county or counties in which the franchisee is located.

(2) "Distributor" or "wholesaler" means a person who sells or distributes new motor vehicles to new motor vehicle dealers in this state or who maintains distributor representatives in this state.

(3) "Distributor branch" means a branch office maintained or availed of by a distributor or wholesaler for the sale of new motor vehicles to

HeinOnline -- 1977 vol. II 1246 1977

new motor vehicle dealers in this state for directing or supervising its representatives in this state.

(4) "Factory branch" means a branch office maintained or availed of by a manufacturer for the sale of new motor vehicles to distributors or for the sale of new motor vehicles to new motor vehicle dealers in this state or for directing or supervising its representatives in this state.

(5) "Franchise" means a contract between or among two or more persons when all of the following conditions are included:

(a) a commercial relationship of definite duration or continuing indefinite duration is involved;

(b) the franchisee is granted the right to offer, sell, and service in this state new motor vehicles manufactured or distributed by the franchisor;

(c) the franchisee, as a separate business, constitutes a component of franchisor's distribution system; and

(d) the operation of the franchisee's business is substantially reliant on the franchisor for the continued supply of new motor vehicles, parts, and accessories.

(6) "Franchisee" means a person who receives new motor vehicles from the franchisor under a franchise and who offers, sells, and services such new motor vehicles to and for the general public.

(7) "Franchisor" means a person who manufacturers, imports, or distributes new motor vehicles and who may enter into a franchise.

(8) "Importer" means a person who transports or arranges for the transportation of a foreign manufactured new motor vehicle into the United States for sale in this state.

(9) "Manufacturer" means a person who manufactures or assembles new motor vehicles or who manufactures or installs on previously assembled truck chassis special bodies or equipment, which when installed form an integral part of the new motor vehicle and which constitutes a major manufacturing alteration, but does not include a person who installs a camper on a pickup truck.

(10) "Motor vehicle" means a self-propelled vehicle including without limitation an automobile, motor bus, motorcycle, truck, and a truck-tractor.

(11) "New motor vehicle dealer" means a person who buys, sells, exchanges, or offers or attempts to negotiate a sale or exchange or any interest in or who is engaged in the business of selling new motor vehicles or used motor vehicles taken in trade on new motor vehicles.

(12) "Department" means the department of business regulation.

Section 2. There is a new R.C.M. section numbered 51-602 that reads as follows:

51-602. Persons subject to licensing. (1) No manufacturer, distributor, factory branch, or distributor branch may engage in business in

Montana except in accordance with the requirements of this act. The provisions of this act do not apply to a public officer engaged in the discharge of his official duties or to a trustee, receiver, or other officer acting under the jurisdiction of a court; to financial institutions disposing of repossessed vehicles; or to a person disposing of his personal vehicle. The provisions of this act regulating and licensing manufacturers, distributors, factory branches, distributor branches, and franchisors apply only to those manufacturers, distributors, factory branches, distributor branches, and franchisors of motor vehicles as defined by this act.

(2) A manufacturer, distributor, factory branch, distributor branch, importer, or franchisor transacting business within Montana by offering, selling, trading, consigning, or otherwise transferring a new motor vehicle to a new motor vehicle dealer must be licensed by the state of Montana. The department shall issue licenses to qualified applicants upon receipt of a license fee in the amount of $15 accompanied by the information required in this section. The following information shall be submitted by an applicant upon forms supplied by the department:

(a) the name and address of the applicant;

(b) the make and model of each new motor vehicle to be franchised;

(c) the name and address of each of the applicant's franchisees within the state; and

(d) the name and address of each factory branch, distributor branch, agent or representative within the state.

(3) The license may be renewed each year if the applicant is in compliance with the provisions of this act, remits a renewal fee in the amount of $15, and notifies the department of any changes in the information previously supplied.

(4) No new motor vehicle may be sold in this state unless either the manufacturer on direct dealership of domestic vehicles, the importer of foreign manufactured vehicles on direct dealership, or the distributor on indirect dealerships of either domestic or foreign vehicles is licensed as provided in this act. The obtaining of a license under this act conclusively establishes that a manufacturer, distributor, or importer is subject to the laws of this state regulating manufacturers, importers, and distributors.

Section 3. There is a new R.C.M. section numbered 51-603 that reads as follows:

51-603. Administration. The department shall supervise and regulate all persons required by this act to be licensed. In the supervision and regulation thereof the department may:

(1) make investigations it considers necessary;

(2) conduct hearings and compel attendance of witnesses at the hearings pursuant to Title 82, chapter 42; and

(3) prescribe rules it determines necessary to carry out the provisions of this act.

HeinOnline -- 1977 vol. II 1248 1977

Section 4. There is a new R.C.M. section numbered 51-604 that reads as follows:

51-604. Filing agreement — product liability. (1) A franchisee must, at the time he applies for a new motor vehicle dealer license under the provisions of 53-118 file with the department a certified copy of his written agreement with a manufacturer and a certificate of appointment as dealer or distributor. The certificate of appointment must be signed by an authorized agent of the manufacturer of domestic vehicles whenever there is a direct manufacturer dealer agreement or by an authorized agent of the distributor whenever the manufacturer is wholesaling through an appointed distributorship. The certificate must be signed by an authorized agent of the importer of foreign-made vehicles whenever there is a direct importer-dealer agreement or by an authorized agent of the distributor whenever there is an indirect distributor-dealer agreement. The distributor's certificate of appointment must be signed by an authorized agent of the manufacturer of domestically manufactured vehicles or by an authorized agent of the manufacturer or importer of foreign-made vehicles.

(2) A franchisee need not file a written agreement or certificate of appointment if the manufacturer on direct dealerships or distributor on indirect dealerships or importer on direct dealerships uses the identical basic agreement for all its franchised dealers or distributors in this state and certifies in the certificate of appointment that the blanket agreement is on file and the written agreement with the particular dealer or distributor, respectively, is identical with the filed blanket agreement and that he has filed with the department one such agreement together with a list of franchised dealers or distributors.

(3) A manufacturer, distributor, or importer shall notify the department within 30 days of any revision of or addition to the basic agreement on file or of any franchise supplement to the agreement. Annual renewal of a certificate filed as provided in this section is not required.

(4) A manufacturer on direct dealerships, distributor on indirect dealerships, or importer on direct dealerships who has filed with the department an agreement used by all its franchisees in this state together with a list of all such franchisees and who fails to notify the department within 30 days of any revision, change, or addition thereto is guilty of a misdemeanor and upon conviction shall be fined not to exceed $500.

(5) A manufacturer must file with the department a copy of the delivery and preparation obligations required to be performed by a dealer prior to the delivery of a new motor vehicle to a buyer. These delivery and preparation obligations constitute the dealer's only responsibility for product liability as between the dealer and the manufacturer. Any mechanical, body, or parts defects arising from an express or implied warranty of the manufacturer constitute the manufacturer's product or warranty liability only; provided, however, that this section shall not effect the obligations of new motor vehicle dealers to perform such warranty repair and maintenance as may be required by law or contract. The manufacturer must compensate an authorized dealer who performs work to rectify the manufacturer's product or warranty defect or delivery and

HeinOnline -- 1977 vol. II 1249 1977

preparation obligations at the dealer's regular established retail rate for similar work.

(6) The dealer must furnish the purchaser of a new vehicle with a signed copy of the manufacturer's delivery and preparation requirements indicating that each of those requirements has been performed.

Section 5. There is a new R.C.M. section numbered 51-605 that reads as follows:

51-605. Limitations on cancellation and termination. (1) Notwithstanding the terms, provisions, or conditions of any agreement or franchise, no franchisor may cancel, terminate, or refuse to continue a franchise unless the franchisor has cause for termination or noncontinuance.

(2) No franchisor may enter into a franchise for the purpose of establishing an additional new motor vehicle dealership in any community in which the same line-make is then represented unless there is good cause for an additional new motor vehicle dealership under a franchise and that it is in the public interest.

(3) If a franchisor seeks to terminate or not continue a franchise or seeks to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make, the franchisor shall, not less than 30 days prior to the intended action, and the franchisee may, at any time, file a notice with the department of intention to terminate or not continue the franchise or to enter into a franchise for additional representation of the same line-make. No notice of intention to terminate or not continue a franchise may be required from a franchisor until the conclusion of any review proceeding of that intention offered to the franchisee under the franchise. This section does not apply to an intended termination or noncontinuance of a franchise that the franchisee elects voluntarily, pursuant to a plan established by a franchisor, to submit to binding arbitration.

(4) Upon receiving a notice of intention under the provisions of subsection (3) of this section, the department shall, within 5 days of receipt of a notice of intention, send by certified mail, with return receipt requested, a copy of the notice to the franchisor and to the franchisee whose franchise the franchisor seeks to establish, terminate, or not continue. If the notice states an intent to establish an additional new motor vehicle dealership, a copy of the notice shall be sent within 5 days of receipt to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. Copies of notices shall be addressed to the principal place of business of each recipient and to the statutory agent of each corporate recipient. The department may also give a copy of the franchisor's notice to any other parties whom the department may consider interested persons, such copy to be in the form and substance and given in the manner the department finds appropriate.

(5) A person who receives or is entitled to receive a copy of a notice provided for in subsection (4) of this section may object to the approval of the proposed action by filing a written objection with the department within 15 days from the date the notice was received by the person entitled to receive the notice. If no objection is filed within 15 days from the date the notice was received, the proposed action shall be approved.

HeinOnline -- 1977 vol. II 1250 1977

(6) If a timely objection has been filed, the department shall enter an order fixing the time, which shall be within 30 days of the date of the order, and place of a hearing on the objection and shall send by certified mail with return receipt requested a copy of the notice provided for in subsection (4) of this section.

(7) The department may upon request continue the date of hearing for a period of 30 days and may upon application, but not ex parte, continue the date of hearing for an additional period of 30 days.

(8) Upon hearing, the franchisor has the burden of proof to establish that good cause exists to terminate or not continue the franchise. When there is an objection to the establishment of a new motor vehicle dealership, the burden of proof that good cause does exist shall be with the franchisor.

(9) The rules of evidence for such hearing shall be those found in Title 82, chapter 42. The department shall reasonably apportion all costs between the parties.

(10) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, the following do not constitute good cause for the termination or noncontinuance of a franchise:

(a) a change in ownership of the franchisee's dealership;

(b) the fact that the franchisee refused to purchase or accept delivery of a new motor vehicle, part, accessory, or any other commodity or service not ordered by the franchisee.

(11) In instances where the change in ownership has the effect of the sale of the franchise, the franchisor may not without good cause withhold its consent to the sale. Good cause relates only to the transferee's financial and managerial capabilities or to the inability of the transferee to comply with a state or federal law relating to new motor vehicle dealerships. The burden of establishing good cause is upon the franchisor.

(12) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, in the event of the sale or transfer of ownership of the franchisee's dealership by sale or transfer of the business or by stock transfer to the dealer's spouse, son, or daughter, the franchisor shall give effect to such a change in the franchise unless the transfer of the franchisee's new motor vehicle dealer's license is denied or the new owner is unable to obtain a license under the laws of this state.

(13) The department may issue subpoenas, administer oaths, compel the attendance of witnesses, and production of books, papers, documents, and all other evidence. The department may apply to the district court of the county in which the hearing is held for a court order enforcing this section. The hearing shall be conducted pursuant to Title 82, chapter 42.

(14) If a franchisor enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the establishment of an additional new motor vehicle dealership in a community where the same line-make is then represented without first

HeinOnline -- 1977 vol. II 1251 1977

complying with the provisions of this act, no license under 53-118 may be issued to that franchisee or proposed franchisee to engage in the business of selling new motor vehicles manufactured or distributed by that franchisor.

(15) In determining whether good cause has been established for terminating or not continuing a franchise, the department shall take into consideration the existing circumstances, including but not limited to:

(a) amount of business transacted by the franchise;

(b) investment necessarily made and obligations incurred by the franchisee in the performance of his part of the franchise;

(c) permanency of the investment;

(d) whether it is injurious to the public welfare for the business of the franchisee to be discontinued;

(e) whether the franchisee has adequate new motor vehicle facilities, equipment, parts, and qualified management, sales, and service personnel to reasonably provide consumer care for the new motor vehicles sold at retail by the franchisee and any other new motor vehicle of the same line-make;

(f) whether the franchisee refuses to honor warranties of the franchisor to be performed by the franchisee if the franchisor reimburses the franchisee for such warranty work performed by the franchisee; and

(g) except as provided in subsection (10) of this section, failure by the franchisee to substantially comply with those requirements of the franchise that are determined by the department to be reasonable and material.

(16) In determining whether good cause has been established for entering into an additional franchise for the same line-make the department shall take into consideration the existing circumstances, including but not limited to:

(a) amount of business transacted by other franchisees of the same line-make in that community;

(b) investment necessarily made and obligations incurred by other franchisees of the same line-make in that community in the performance of their part of their franchises; and

(c) whether the franchisees of the same line-make in that community are providing adequate consumer care for the new motor vehicle products of the line-make which shall include the adequacy of new motor vehicle dealer sales and service facilities, equipment, supply of parts, and qualified management, sales, and service personnel.

(17) A transcript of the testimony of each witness taken at the hearing shall be made and preserved. Within 30 days after the hearing, the department shall make written findings of fact and conclusions and enter a final order.

(18) Any party to the hearing before the department may appeal pursuant to Title 82, chapter 42.

HeinOnline -- 1977 vol. II 1252 1977

Section 6. There is a new R.C.M. section numbered 51-606 that reads as follows:

51-606. Coercion prohibited. (1) A manufacturer of new motor vehicles, factory branch, distributor, distributor branch, importer, field representative, officer, agent, or any representative thereof may not coerce or attempt to coerce a new motor vehicle dealer to accept delivery of a new motor vehicle, a part, or an accessory therefor, or any other commodity that has not been ordered by the dealer.

(2) A manufacturer, factory branch, distributor, distributor branch, importer, field representative, officer, agent or representative thereof may not coerce or attempt to coerce a new motor vehicle dealer to enter into an agreement with such manufacturer, factory branch, distributor, distributor branch, or representative thereof or do any other act unfair to the dealer by:

(a) threatening to cancel or not renew a franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative thereof and the dealer; or

(b) threatening to withhold, delay, or disrupt the receipt of new motor vehicles or any motor vehicle parts or supplies ordered by the dealer from the manufacturer, factory branch, distributor, distributor branch, importer, or representative or agent thereof.

Section 7. There is a new R.C.M. section numbered 51-607 that reads as follows:

51-607. Penalties. (1) A person who violates any provision of this act is guilty of a misdemeanor and upon conviction shall be fined not less than $500 or more than $1,000 for each violation. Each day that a violation continues or occurs constitutes a separate violation.

(2) If any new motor vehicle dealer incurs pecuniary loss due to a violation of this act by a manufacturer, distributor, importer, or factory branch or representative or agent thereof, the dealer may recover damages therefor in a court of competent jurisdiction in amount equal to three times the pecuniary loss, together with costs including reasonable attorney's fees.

Section 8. There is a new R.C.M. section numbered 51-608 that reads as follows:

51-608. Cease and desist orders. When the department has reasonable cause to believe, from information furnished to or from an investigation made by it, that any person is engaged in any business regulated by this act without being licensed as required, it shall immediately issue and serve upon such person, by certified mail, a cease and desist order, requiring him to cease and desist from further engaging in that business. Upon failure of that person to comply with the order, the department shall file an action in the district court of Lewis and Clark County to restrain and enjoin the person from engaging in the business. The court in the action shall proceed as in other actions for injunctions.

HeinOnline -- 1977 vol. II 1253 1977

Section 9. **Effective date.** This act shall be effective upon passage and approval and shall be applicable to all acts and transactions commenced or completed after such effective date.

Section 10. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Approved April 15, 1977.

51-610. Right of designated family member to succeed in dealership ownership. (1) Any designated family member of a deceased or incapacitated dealer may succeed the dealer in the ownership or operation of the dealership under the existing franchise or distribution agreement provided he gives the manufacturer, factory branch, distributor, or importer of new motor vehicles written notice of his intention to do so within 120 days of the dealer's death or incapacity and unless there exists good cause for refusal to honor such succession on the part of the manufacturer, factory branch, distributor, or importer.

(2) The manufacturer, factory branch, distributor, or importer may request, and the designated family member shall provide, upon request, personal and financial data that is reasonably necessary to determine whether the succession should be honored.

Section 1. Section 32-2601, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1256 1977

"**32-2601. Distribution and use of proceeds of gasoline dealers' license tax.** (1) All money received in payment of license taxes under the Distributor's Gasoline License Tax Act, except those amounts paid out of the department of revenue's suspense account for gasoline tax refund, shall be used and expended as provided in this section. So much of that money on hand at any time as may be needed to pay highway bonds and interest thereon when due and to accumulate and maintain a reserve therefor, as provided in laws and in resolutions of the state board of examiners authorizing such bonds, shall be deposited in the highway bond account in the sinking fund established by 79-410. Subject to that provision, *6/10 of 1%* of all money shall be deposited in the state park account *and 3/10 of 1% of all money shall be deposited in a snowmobile account* in the earmarked revenue fund. All of the remainder of the money shall be used and expended by the department of highways on the federal-aid highways in this state selected and designated under the Federal-Aid Act, approved July 11, 1916, and the Federal Highway Act, approved November 9, 1921, and all amendments thereto, and on highways leading from each county seat in the state to the federal highway system of federal-aid roads where the county seat is not on the system and on the other roads which have been or may be authorized by the laws of Montana and for collection of the license taxes and the enforcement of the Montana highway code under *Article* VIII, section 6, of the constitution of this state. The department shall, in expending this money, carry forward construction from year to year, using the money expended through the matching up of federal-aid allotments to Montana upon the federal highway system in the various parts of the state in accordance with 32-2605 through 32-2607; nothing in this act conflicts with those federal-aid highway acts and the rules by which they are administered. The department may enter into *cooperative* agreements with the national park service and the federal highway administration for the purpose of maintaining national park approach roads in Montana.

(2) Money credited to the state park account in the earmarked revenue fund shall be used only for the creation, improvement, and maintenance of state parks where motor boating is allowed, except for the payment of refunds under 84-1855. The legislature hereby finds as a fact that of all the fuel sold in the state for consumption in internal combustion engines, not less than *6/10 of 1%* is used for propelling boats on waterways of this state.

(3) Money credited to the snowmobile account may be used only to develop and maintain facilities open to the general public at no admission cost, and to promote snowmobile safety. For the 2 years following July 1, 1977, 15% of the amount deposited in the snowmobile fund each year shall be used to promote snowmobile safety. Thereafter, 10% of the amount deposited in the snowmobile fund shall be used to promote snowmobile safety. The legislature finds that of all fuels sold in this state for consumption in internal combustion engines, not less than 3/10 of 1% is used for propelling snowmobiles on public lands of this state."

(2) Within *20 calendar* days thereafter, the transferee shall forward both the certificate of ownership so endorsed and the certificate of registration, together with the information required under 53-107, to the county treasurer, who shall forward the same to the registrar, and no certificate of ownership and certificate of registration *may* be issued by the registrar of motor vehicles until the outstanding certificates are surrendered to that office or their loss established to his reasonable satisfaction. Failure to make such application within the *20-day grace period subjects* the transferee to a penalty of *$10. The* penalty *is* to be collected by the county treasurer at the time of registration and *is* in addition to the fees otherwise provided by law.

(3) In the event of a transfer by operation of law of any title or interest of an owner of the legal title or owner in and to a motor vehicle as upon inheritance, devise, or bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in the performance of the terms of a lease or executory sales contract, or otherwise than by voluntary act of the person whose title or interest is so transferred, the executor, administrator, receiver, trustee, sheriff or other representative or successor in interest of the person whose title or interest is so transferred shall forward to the registrar of motor vehicles an application for registration in the form required for an original application for registration, together with a verified or certified statement of the transfer of such title or interest which statement shall set forth the reason for such involuntary transfer, the title or interest so transferred, the name or names of the person or persons to whom such title or interest is to be transferred, the process of procedure effecting such transfer, and such other information as may be requested by the registrar and with such statement shall be furnished such evidence and instruments as may otherwise be required by law to effect a transfer of legal or equitable title to or an interest in chattels as may be required in such cases, and in the event the registrar shall be satisfied that such transfer is regular and that all formalities as required by law have been complied with, he shall cause to be sent to the owner, conditional sales vendors, lessors, mortgagees, and other lienors, as shown by his records notice of such intended transfer and thereafter, but not less than 5 days thereafter, shall register such motor vehicle and shall issue a new certificate of ownership and certificate of

(6) Nothing in the foregoing subdivision of this section shall prevent any conditional sales vendor, mortgagee, or other lienor from assigning his interest or title in or to a motor vehicle registered under the provisions of this act to any other person without the consent of and without effecting the interest of the holder of the certificate of ownership and certificate of registration. Upon any conditional sales vendor, mortgagee, or other lienor assigning his interest in any motor vehicle registered under this act a copy of such assignment must be filed with the registrar and record thereof made upon his records.

Transmission of said documents by the dealer to the county treasurer may be accomplished either by personal delivery or by first class mail, in which event they shall be deemed to have been delivered at the time of mailing.

(3) If the dealer is unable to forward the certificate of ownership and/or certificate of registration within the time set forth in subsection (2) hereof, because the same are lost, are in the possession of third parties, or are in process of reissuance in this state or elsewhere, he shall comply in all other respects with the provisions of subdivision (2) and shall forward the missing document or documents to the county treasurer, either personally or by first class mail, within 3 days after their receipt.

Upon compliance by the dealer with the requirements set forth in this section, title to said motor vehicle shall be deemed to have passed to the purchaser as of the date of the delivery of said vehicle to him by the dealer, and the dealer shall have no further liability or responsibility with respect to the processing of registration."

HeinOnline -- 1977 vol. II 1288 1977

nor shall any game fish be caught, captured, or taken, or attempted to be caught, captured or taken by the aid or with the use of any gun, or trap, nor shall any such set gun, or trap or other device to entrap game fish be used, made, or set.

(2) (a) No game birds or game or fur-bearing animals shall be killed, taken or shot at from any aircraft, nor shall any aircraft be used for the purpose of concentrating, pursuing, driving, rallying or stirring up any game or migratory birds, game or fur-bearing animals, nor shall any powerboat, sailboat, or any boat under sail or any floating device towed by a powerboat, sailboat, or any boat under sail be used for the purpose of killing, capturing, taking, pursuing, concentrating, driving or stirring up any upland game birds, or game or fur-bearing animals.

(b) No person in an aircraft in the air shall spot or locate any game, or migratory bird, game or fur-bearing animals and communicate the location or approximate location thereof by any signals whatsoever, whether radio, visual or otherwise, to any person or persons then on the ground.

(3) No person shall take into a field or forest, or have in his possession while out hunting, any device or mechanism devised to silence, or muffle or minimize the report of any firearms, whether such device or mechanism be operated from or attached to any firearm.

(4) No person may use a shotgun to hunt, kill or shoot deer except with loads as specified by the commission.

(5) *(a)* No person *may* chase with dogs any of the game or fur-bearing animals as defined by the fish and game laws of this state; provided, however, that livestock owners *and* employees of the commission *or* the federal fish and wildlife service may use dogs in pursuit of stock-killing bears and stock-killing mountain lions. *Other* means of taking stock-killing bears and stock-killing mountain lions *may be used,* except the use of the dead fall. *Traps* used in capturing bear shall be inspected twice each day *with the inspections* 12 hours apart. *A* person may take game birds during the *appropriate* open season with the aid of a dog or dogs, and any person or association organized for the protection of game may run field trials at any time upon obtaining written permission from the director.

(b) Any peace officer, game warden, or other person authorized to enforce the Montana fish and game laws who witnesses any dog attacking or killing hooved game animals may destroy that dog without criminal or civil liability.

(6) The state fish and game commission shall have the power to designate certain waters where set lines may be used to fish for certain species of game or nongame fish, and the commission may designate the number of hooks and lines and the length of line or lines which may be used as set lines.

(7) Game fish shall be taken only by angling, that is by hook and single line in hand or single rod in hand, or within immediate control; this does not prevent, however, the snagging of paddlefish, coho (silver salmon), and kokanee (sockeye salmon) when the commission shall declare

HeinOnline -- 1977 vol. II 1289 1977

an open season when paddlefish, coho (silver salmon), and kokanee (sockeye salmon) may be taken by snagging, the taking of paddlefish with long bow and arrow when the commission shall declare an open season when paddlefish may be taken by long bow and arrow, the taking of walleyed pike, sauger, northern pike and nongame fish with spear or gig when the commission shall declare an open season for taking walleyed pike, sauger, northern pike and nongame fish with spear or gig, nor the use of landing net or gaff to land a game fish after the same has been hooked by angling as above specified, nor does it prevent the taking of minnows other than game fish variety by the use or aid of a net not to exceed twelve (12) feet in length and four (4) feet in width, in such waters as may be designated by the commission.

(8) No person, while hunting game animals or game birds shall use a motor-driven vehicle on any other than an established road or trail, unless he has reduced a big game animal to possession and cannot easily retrieve said big game animal, in which case a motor-driven vehicle may be used to retrieve the big game animal, except in areas where more restrictive regulations apply or where the landowner has not granted such permission, provided that after such retrieval, such motor-driven vehicle is again returned to an established road or trail by the shortest possible route. For purposes of safety and allowing normal travel, a motor-driven vehicle may be parked on the roadside or directly adjacent to said road or trail. No person, while hunting game animals or game birds, shall drive or attempt to drive, run or attempt to run, molest or attempt to molest, flush or attempt to flush, or harass or attempt to harass any game animal or game bird with the use or aid of any motor-driven vehicle. No person, while hunting game animals or game birds shall drive through any retired cropland, brush area, slough area, timber area, open prairie, or unharvested or harvested cropland, except upon an established road or trail unless written permission has been given by the landowner and in possession of the hunter. The restrictions in this subsection on motor-driven vehicle use off an established road or trail apply only to hunting on state or private land, not to hunting on federal land unless the federal agency specifically requests or approves state enforcement.

(9) Whenever said fish and game commission shall have made any orders, rules or regulations for the carrying out of the powers granted to it under this act, the same shall take effect and be in force from and after the publication and posting of notice of said orders, rules and regulations as required by the fish and game laws.

(10) The provisions of this section relating to methods of herding, driving, capturing, taking, locating or concentrating of fish, game animals, game birds or fur-bearing animals do not apply to the department of fish and game, or any employee thereof, while acting within the scope and course of the powers and duties of the department.

Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and shall be punishable as provided by law."

Section 1. There is a new R.C.M. section numbered 66-1528 that reads as follows:

66-1528. Short title. This act may be cited as the "Montana Drug Product Selection Act".

Section 2. There is a new R.C.M. section numbered 66-1529 that reads as follows:

66-1529. Definitions. As used in 66-1528 through 66-1536 the following definitions apply:

(1) "Bioavailability" means the extent and rate of absorption from a dosage form as reflected by the time-concentration curve of the administered drug in the systemic circulation.

(2) "Bioequivalent" means a chemical equivalent which, when administered to the same individual in the same dosage regimen, will result in comparable bioavailability.

(3) "Brand name" means the proprietary or the registered trademark name given to a drug product by its manufacturer, labeler, or distributor and placed upon the drug, its container, label, or wrapping at the time of packaging.

(4) "Chemical equivalent" means drug products that contain the same amounts of the same therapeutically active ingredients in the same dosage forms and that meet present compendium standards.

HeinOnline -- 1977 vol. II 1294 1977

(5) "Drug product" means a dosage form containing one or more active therapeutic ingredients along with other substances included during the manufacturing process.

(6) Person means an individual, firm, partnership, association, corporation, or any other entity, whether organized for profit or not.

(7) "Generic name" means the chemical or established name of a drug product or drug ingredients published in the latest edition of the official United States Pharmacopoeia or official Homeopathic Pharmacopoeia of the United States.

(8) "Present compendium standard" means the official standard for drug excipients and drug products listed in the latest revision of the United States Pharmacopoeia and the National Formulary.

(9) "Prescriber" means a practitioner licensed under the professional laws of the state to administer medicine and drugs.

(10) "Product selection" means to dispense without the prescriber's express authorization a different drug product in place of the drug product prescribed.

(11) "Therapeutically equivalent" means those chemical equivalents which, when administered in the same dosage regimen, will provide essentially the same therapeutic effect as measured by the control of a symptom or a disease and/or toxicity.

Section 3. There is a new R.C.M. section numbered 66-1530 that reads as follows:

66-1530. Product selection permitted. (1) Except as limited by subsection (2) of this section and unless instructed otherwise by the purchaser, the pharmacist who receives a written or oral prescription for a specific drug product by brand or proprietary name may select a less expensive drug product with the same generic name, the same strength, quantity, dose, and dosage form as the prescribed drug which is, in the pharmacist's professional opinion, therapeutically equivalent, bioequivalent, and bioavailable.

(2) If, in the professional opinion of the prescriber, it is medically necessary for his patient that an equivalent drug product not be selected, the prescriber may so indicate by certifying that in his professional judgment the specific brand name drug product is medically necessary for that particular patient. In the case of a prescription transmitted orally, the prescriber must expressly indicate to the pharmacist that the brand name drug product prescribed is medically necessary.

Section 4. There is a new R.C.M. section numbered 66-1531 that reads as follows:

66-1531. Notice to purchaser. (1) A pharmacist who selects a drug product as provided in 66-1530 shall notify the person presenting the prescription, that he may refuse the product selection as provided in 66-1530.

The printing on the sign shall be in block letters not less than 1 inch in height.

Section 5. There is a new R.C.M. section numbered 66-1532 that reads as follows:

66-1532. Savings passed on. (1) A pharmacist selecting a less expensive drug product must pass on to the purchaser the full amount of the savings realized by the product selection. In no event may the pharmacist charge a different professional fee for dispensing a different drug product than the drug product originally prescribed.

(2) If the prescriber prescribes a drug product by its generic name, the pharmacist must, consistent with reasonable judgment, dispense the lowest retail priced, therapeutically equivalent brand which is in stock.

Section 6. There is a new R.C.M. section numbered 66-1533 that reads as follows:

66-1533. Product selection not practice of medicine. The selection of a drug product by a registered pharmacist under the provisions of 66-1528 through 66-1536 does not constitute the practice of medicine.

66-1534. When product selection evidence of negligence. (1) A pharmacist making a product selection under the provisions of 66-1528 through 66-1536 assumes no greater responsibility for selecting the dispensed drug product than he would incur in filling a prescription for a drug product prescribed by a generic name.

1. All the ordinary and necessary expenses paid or incurred during the taxable year in the maintenance and operation of its business and properties, including reasonable allowance for salaries for personal services actually rendered, subject to the limitation hereinafter contained, rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title, or in which it has no equity. No deduction shall be allowed for salaries paid upon which the recipient thereof has not paid Montana state income tax; provided, however, that where domestic corporations are taxed on income derived from without the state, salaries of officers paid in connection with securing such income shall be deductible.

2. (A) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property used in the trade or business, such allowance to be determined according to the provisions of section 167 of the internal revenue code in effect with respect to the taxable year. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the net income for each of the prior taxable periods to which such loss was carried. For purposes of the preceding sentence, the net income for such prior taxable period shall be computed with the modifications specified in paragraph (b)(ii) of this subsection and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable period thereafter, and the net income so computed shall not be considered to be less than zero.

(b) The modifications referred to in paragraph (a) of this subsection shall be as follows:

(i) No net operating loss deduction shall be allowed.

(ii) The deduction for depletion shall not exceed the amount which would be allowable if computed under the cost method.

(c) A net operating loss deduction shall be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(d) In the case of a merger of corporations, the surviving corporation shall not be allowed a net operating loss deduction for net operating losses sustained by the merged corporations prior to the date of merger.

In the case of a consolidation of corporations, the new corporate entity shall not be allowed a deduction for net operating losses sustained by the consolidated corporations prior to the date of consolidation.

(e) Notwithstanding the provisions of section 84-1508.1(c), R.C.M., 1947, interest shall not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(f) The net operating loss deduction shall not be allowed with respect to taxable periods which ended on or before December 31, 1970, but shall be allowed only with respect to taxable periods beginning on or after January 1, 1971.

3. In the case of mines, other natural deposits, oil and gas wells, and timber, a reasonable allowance for depletion and for depreciation of improvements, such reasonable allowance to be determined according to the provisions of the internal revenue code in effect for the taxable year. (b) inpatient treatment;

(c) intermediate treatment; and

(d) outpatient and followup treatment.

(3) The department shall provide for adequate and appropriate treatment for alcoholics and intoxicated persons admitted under sections *80-2715 through 80-2718.* Treatment may not be provided at a correctional institution except for inmates.

(4) All appropriate public and private resources shall be coordinated with and utilized in the program if possible.

(5) The department shall prepare, publish, and distribute annually a list of all approved public and private treatment facilities."

Section 4. Section 80-2714, R.C.M. 1947, is amended to read as follows:

"**80-2714. Acceptance for treatment — rules.** The department shall adopt rules for acceptance of persons into the treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of alcoholics, intoxicated persons, *and family members.* In adopting the rules the department shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient

HeinOnline -- 1977 vol. II 1319 1977

or intermediate treatment, unless he is found to require inpatient treatment.

(3) A person shall not be denied treatment solely because he has withdrawn from treatment against medical advice on a prior occasion or because he has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each *person.*

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and utilize other appropriate treatment."

Section 5. Section 80-2716, R.C.M. 1947, is amended to read as follows:

"**80-2716. Treatment and services for intoxicated persons and persons incapacitated by alcohol.** (1) An intoxicated person may come voluntarily to an approved public treatment facility for emergency treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he consents to the proffered help, may be assisted to his home, an approved public treatment facility, an approved private treatment facility, or other health facility by the police.

(2) A person who appears to be incapacitated by alcohol shall be taken into protective custody by the police and forthwith brought to an approved public treatment facility for emergency treatment. If no approved public treatment facility is readily available he shall be taken to an emergency medical service customarily used for incapacitated persons. The police, in detaining the person and in taking him to an approved public treatment facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer may take reasonable steps to protect himself. No entry or other record may be made to indicate that the person taken into custody under this section has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved public treatment facility shall be examined by a licensed physician as soon as possible. He may then be admitted as a patient or referred to another health facility. The referring approved public treatment facility shall arrange for his transportation.

(4) A person who by medical examination is found to be incapacitated by alcohol at the time of his admission or to have become incapacitated at any time after his admission, may not be detained at the facility (1) once he is no longer incapacitated by alcohol, or (2) if he remains incapacitated by alcohol for more than forty-eight (48) hours after admission as a patient, unless he is committed under section *80-2717.* A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved public treatment facility and is not referred to another health facility, may be taken to his home. If he has no home, the approved public treatment facility shall assist him in obtaining shelter.

HeinOnline -- 1977 vol. II 1320 1977

(6) If a patient is admitted to an approved public treatment facility, his family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his request shall be respected."

Section 6. Section 80-2717, R.C.M. 1947, is amended to read as follows:

"**80-2717. Emergency commitment.** (1) An intoxicated person who (a) has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed, or (b) is incapacitated by alcohol, may be committed to an approved public treatment facility for emergency treatment. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment.

(2) The certifying physician, spouse, guardian, or relative of the person to be committed, or any other responsible person, may make a written application for commitment under this section, directed to the administrator of the approved public treatment facility. The application shall state facts to support the need for emergency treatment and be accompanied by a physician's certificate stating that he has examined the person sought to be committed within two (2) days before the certificate's date and facts supporting the need for emergency treatment. A physician employed by the admitting facility or the department is not eligible to be the certifying physician.

(3) Upon approval of the application by the administrator of the approved public treatment facility, the person shall be brought to the facility by a peace officer, health officer, the applicant for commitment, the patient's spouse, the patient's guardian, or any other interested person. The person shall be retained at the facility to which he was admitted, or transferred to another appropriate public or private treatment facility, until discharged under subsection (5).

(4) The administrator of an approved public treatment facility shall refuse an application if in his opinion the application and certificate fail to sustain the grounds for commitment.

(5) When on the advice of the medical staff the administrator determines that the grounds for commitment no longer exist, he shall discharge a person committed under this section. No person committed under this section may be detained in any treatment facility for more than five (5) days. If a petition for involuntary commitment under section *80-2718* has been filed within the five (5) days and the administrator in charge of an approved public treatment facility finds that grounds for emergency commitment still exist, he may detain the person until the petition has been heard and determined, but no longer than ten (10) days after filing the petition.

(6) A copy of the written application for commitment and of the physician's certificate, and a written explanation of the person's right to counsel, shall be given to the person within twenty-four (24) hours after commitment by the department, who shall provide a reasonable opportunity for the person to consult counsel."

HeinOnline -- 1977 vol. II 1321 1977

Section 7. There is a new R.C.M. section numbered 80-2725 that reads as follows:

80-2725. State-approved alcoholism programs utilizing funding generated by taxation on alcoholic beverages. (1) Revenue generated by 4-1-401 and 4-1-404 for the treatment, rehabilitation, and prevention of alcoholism may be distributed in either of the following manners:

(a) as payment of fees for alcoholism services provided by state-approved alcoholism programs, certified alcoholism counselors, licensed physicians, and licensed hospitals; and

(b) as grants to persons operating state-approved alcoholism programs.

(2) No person operating a state-approved alcoholism program may be required to provide matching funds as a condition of receiving a grant under subsection (1) of this section.

(3) In addition to funding received under this section, a person operating a state-approved alcoholism program may accept gifts, bequests, or the donation of services or money for the treatment, rehabilitation, or prevention of alcoholism.

(4) No person receiving funding under this section to support operation of a state-approved alcoholism program may refuse alcoholism treatment, rehabilitation, or prevention services to a person solely because of that person's inability to pay for those services.

(5) A grant made under this section is subject to the following conditions:

(a) The grant application must contain an estimate of all program income including income from earned fees, gifts, bequests, donations, and grants from other than state sources during the period for which grant support is sought.

(b) Whenever, during the period of grant support, program income exceeds the amount estimated in the grant application, the amount of the excess shall be reported to the grantor.

(c) The excess shall be used by the grantee under the terms of the grant in accordance with one or a combination of the following options:

(i) use for any purpose that furthers the objectives of the legislation under which the grant was made; or

(ii) deduct from total project costs to determine the net costs on which the grantor's share of the costs is based.

(6) Revenue generated by 4-1-401 and 4-1-404 for the treatment, rehabilitation, and prevention of alcoholism which has not been encumbered for those purposes by the counties of Montana or the division shall be returned to the state's general fund within 30 days after the close of each fiscal year.

Section 8. Section 4-1-401, R.C.M. 1947, is amended to read as follows:

HeinOnline -- 1977 vol. II 1322 1977

License tax on liquor — amount — distribution of proceeds.** The department of revenue is hereby authorized and directed to charge, receive and collect at the time of sale and delivery of any liquor under any provisions of the laws of the state of Montana a license tax of *10%* of the retail selling price on all liquor so sold and delivered. Said tax shall be charged and collected on all liquor brought into the state and taxed by the department of revenue. The retail selling price shall be computed by adding to the cost of said liquor the state markup as designated by the department. Said *10%* license tax shall be figured in the same manner as the state excise tax and shall be in addition to said state excise tax. The department of revenue shall retain the amount of such *10%* license tax so received in a separate account. *Two-thirds* of these revenues shall be distributed to the counties according to the amount of liquor purchased in each county. *One-third* of these revenues shall be *retained by the state.* Provided, however, in the case of purchases of liquor by a retail liquor licensee for use in his business, the department shall make such regulations as are necessary to apportion that proportion of license tax so generated to the county where the licensed establishment is located, for use as provided in section 4-1-402, R.C.M. 1947. The department of revenue shall pay quarterly to each county treasurer the proportion of the license tax due each county.

The county treasurer of each county shall retain *50%* of said license tax, and shall, within 30 days after receipt thereof, apportion the remaining *50%* thereof to the treasurers of the incorporated cities and towns within his county, said apportionment to be based in each instance upon the proportion which the gross sale of liquor in such incorporated city or town bears to the gross sale of liquor in all of the incorporated cities and towns in his said county.

Of the 50% of the tax retained by the county, the county treasurer shall deposit six-sevenths of this amount in a fund within the county for the treatment, rehabilitation, and prevention of alcoholism as approved by the state of Montana. The remaining one-seventh of the funds shall be retained in the county treasury for use by that county.

The one-third of the license tax on liquor retained by the state shall be deposited with the state treasurer to the credit of the department of institutions each quarter for the treatment, rehabilitation and prevention of alcoholism as approved by the state."

Section 9. Section 4-1-404, R.C.M. 1947, is amended to read as follows:

"**4-1-404. Tax on imported beer — computation in case of barrels of capacity other than thirty-one gallons.** A tax of three dollars ($3) per barrel of thirty-one (31) gallons, is hereby levied and imposed on each and every barrel of beer manufactured out of this state and sold herein by any wholesaler, which said tax shall be due at the end of each month from said wholesaler, upon any such beer so sold by him during that month. As to any beer imported and sold in containers other than barrels, or in barrels of more or less capacity than thirty-one (31) gallons, the quantity content shall be ascertained and computed by the department of revenue in determining the amount of tax due, as herein provided for. An additional tax of *$1.00* per barrel is levied and imposed as provided

HeinOnline -- 1977 vol. II 1323 1977

by this section, and such additional tax is also to be levied and imposed at the same rate upon beer manufactured within the state. The additional tax of *$1.00* is to be deposited, notwithstanding sections 4-1-407 and 4-1-408, or any other provision, *with the state treasurer to the credit of the department of institutions each quarter for the treatment, rehabilitation, and prevention of alcoholism as approved by the state.*"

The preliminary decree shall be based on the data submitted by the department and on any additional data obtained by the court.

(2) The preliminary decree shall contain the information, and make the determinations, findings, and conclusions, required for the final decree under section 89-877.

(3) The district court shall send a copy of the preliminary decree to the department, and *the department shall serve by mail or by personal service a copy of the preliminary decree* to each person named in the material submitted under section 89-874 or named in the preliminary decree. *The department shall file proof of service with the district court.*

(4) A person named in the material or in the preliminary decree may inspect the data upon which the decree is based at any time, and he may purchase copies of any of the data."

Section 3. Section 89-877, R.C.M. 1947, is amended to read as follows:

"**89-877. Final decree.** (1) The court shall, on the basis of the preliminary decree and on the basis of any hearing that may have been held, enter a final decree affirming or modifying the preliminary decree. If no request for a hearing is filed within the time allowed, the preliminary decree automatically becomes final, and the court shall enter it as the final decree.

(2) The final decree shall establish the existing rights and priorities, of the persons named in the petition, for the source or area under consideration.

(3) The final decree shall state the findings of fact, along with any

conclusions of law, upon which the existing rights and priorities of each person named in the decree are based.

(4) For each person who is found to have an existing right, the final decree shall state:

(a) the name and post-office address of the owner of the right;

(b) the amount of water, *rate and volume,* included in the right;

(c) the date of priority of the right;

(d) the purpose for which the water included in the right is used;

(e) the place of use and a description of the land to which the right is appurtenant;

(f) the source of the water included in the right;

(g) the place and means of diversion;

(h) the approximate time during which the water is used each year;

(i) any other information necessary to fully define the nature and extent of the right.

(5) The final decree in each existing right determination is final and conclusive as to all existing rights in the source or area under consideration. After the final decree there shall be no existing rights to water in the area or source under consideration except as stated in the decree."

Section 4. Section 89-880, R.C.M. 1947, is amended to read as follows:

"**89-880. Right to appropriate — application for permit.** (1) After July 1, 1973, a person may not appropriate water except as provided in this act. A person may only appropriate water for a beneficial use. A right to appropriate water may not be acquired by any other method, including by adverse use, adverse possession, prescription or estoppel; the method prescribed by this act is exclusive.

(2) Except as otherwise provided in subsection (5) of this section, a person may not appropriate water or commence construction of diversion, impoundment, withdrawal, or distribution works therefor except by applying for and receiving a permit from the department. The application shall be made on a form prescribed by the department. The department shall make the forms available through its offices and the offices of the county clerks and recorders. The department shall return a defective application for correction or completion together with the reasons for returning it. An application does not lose priority of filing because of defects, if the application is corrected, completed and refiled with the department within thirty (30) days after its return to the applicant, or within a further time as the department may allow. *If an application is not corrected and completed within 30 days or within a further time as the department allows, up to 18 months, the priority date of the application shall be the date of refiling the application with the corrections with the department. An application not corrected within 18 months shall be terminated.*

(3) The department may cease action upon an application for a permit

HeinOnline -- 1977 vol. II 1327 1977

and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for any of these reasons shall be accompanied by a statement of the reasons for which it was returned, and there shall be no right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection shall be deemed a final decision of the department.

(4) A permit issued prior to a final determination of existing rights is provisional and is subject to that final determination. The amount of the appropriation granted in a provisional permit shall be reduced or modified where necessary to protect and guarantee existing rights determined in the final decree. A person may not obtain any vested right, to an appropriation obtained under a provisional permit, by virtue of construction of diversion works, purchase of equipment to apply water, planting of crops, or other action, where the permit would have been denied or modified if the final decree had been available to the department.

(5) Outside the boundaries of a controlled groundwater area, a permit is not required before appropriating groundwater by means of a well with a maximum yield of less than 100 gallons a minute. Within 60 days of completion of the well *and appropriation of the groundwater for beneficial use,* the appropriator shall file notice of completion on a form provided by the department at its offices and at the offices of the county clerks and recorders. Upon receipt of the notice, the department shall automatically issue a certificate of water right. The original of the certificate shall be sent to the county clerk and recorder, in the county where the point of diversion or place of use is located, for recordation. The department shall keep a copy of the certificate in its office in Helena. After recordation, the clerk and recorder shall send the certificate to the appropriator. The date of filing of the notice of completion is the date of priority of the right.

(6) A person who desires to convert a nonproductive oil or gas well to a water well may do so immediately, but shall file a notice of completion or apply for a permit, depending on the maximum yield of the well, as otherwise provided in this act. The date of appropriation shall be the date of filing the notice of completion or the application for a permit.

(7) A person may also appropriate water, without applying for or prior to receiving a permit, under rules adopted by the board under section 89-869 of this act."

Section 5. Section 89-884, R.C.M. 1947, is amended to read as follows:

"**89-884. Action on application.** (1) The department shall grant, deny, or condition an application for a permit in whole or in part within one hundred twenty (120) days after the last date of publication of the notice of application if no hearing is held, and within one hundred eighty (180) days if a hearing is held; however, in either case the time may be extended upon agreement of the applicant, or, *in those cases where an environmental impact statement must be prepared or* in *other* extraordinary cases, *not more than 60 days* upon order of the department. If the department orders the time extended it shall serve a notice of the exten-

HeinOnline -- 1977 vol. II 1328 1977

sion and the reasons therefor by certified mail upon the applicant and each person who has filed an objection as provided by section 89-882.

(2) However, an application may not be approved in a modified form or upon terms, conditions, or limitations specified by the department, nor denied, unless the applicant is first granted an opportunity to be heard. If no objection is filed against the application, but the department is of the opinion that the application should be approved in a modified form or upon terms, conditions or limitations specified by it, or that the application should be denied, the department shall prepare a statement of its opinion and the reasons therefor. The department shall serve a statement of its opinion by certified mail upon the applicant, together with a notice that the applicant may obtain a hearing by filing a request therefor within thirty (30) days after the notice is mailed. The notice shall further state that the application will be modified in a specified manner, or denied, unless a hearing is requested."

Section 6. Section 89-885, R.C.M. 1947, is amended to read as follows:

"**89-885. Criteria for issuance of permit.** The department shall issue a permit if:

(1) there are unappropriated waters in the source of supply;

(2) the rights of a prior appropriator will not be adversely affected;

(3) the proposed means of diversion or construction are adequate;

(4) the proposed use of water is a beneficial use;

(5) the proposed use will not interfere unreasonably with other planned uses or developments for which a permit has been issued or for which water has been reserved;

(6) an applicant for an appropriation of *10,000 acre-feet a year or more or* 15 cubic feet per second or more proves by clear and convincing evidence that the rights of a prior appropriator will not be adversely affected."

Section 7. Section 89-890, R.C.M. 1947, is amended to read as follows:

"**89-890. Reservation of waters.** (1) The state or any political subdivision or agency thereof, or the United States or any agency thereof, may apply to the board to reserve waters for existing or future beneficial uses, or to maintain a minimum flow, level, or quality of water throughout the year or at such periods or for such length of time as the board designates.

(2) Upon receiving an application, the department shall proceed in accordance with sections 89-881 through 89-883. After the hearing provided in section 89-883, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records, incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, shall be paid by the applicant.

(3) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board:

HeinOnline -- 1977 vol. II 1329 1977

(a) the purpose of the reservation;

(b) the need for the reservation;

(c) the amount of water necessary for the purpose of the reservation;

(d) that the reservation is in the public interest. If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(4) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters, or may, with the approval of the board, issue the permit subject to such terms and conditions it considers necessary for the protection of the objectives of the reservation.

(5) A reservation under this section shall date from the date the order reserving the water is adopted by the board, and shall not adversely affect any rights in existence at that time.

(6) The board shall, periodically but *at least once* every 10 years, review existing reservations to ensure that the objectives of the reservation are being met. Where the objectives of the reservation are not being met, the board may extend, revoke or modify the reservation."

Section 8. Section 89-892, R.C.M. 1947, is amended to read as follows:

"**89-892. Changes in appropriation rights.** (1) An appropriator may not change the place of diversion, place of use, purpose of use or place of storage except as permitted under this section and approved by the department.

(2) The department shall approve the proposed change if it determines that the proposed change will not adversely affect the rights of other persons. If the department determines that the proposed change might adversely affect the rights of other persons, notice of the proposed change shall be given in accordance with section 89-881. If the department determines that an objection filed by a person whose rights may be affected states a valid objection to the proposed change, the department shall hold a hearing thereon prior to its approval or denial of the proposed change. Objections shall meet the requirements of section 89-882(2), and hearings shall be held in accordance with section 89-883.

(3) An appropriator of more than fifteen (15) cubic feet per second may not change the purpose of use of an appropriation right from an agricultural use to an industrial use.

(4) The department may approve a change subject to such terms, conditions, restrictions, and limitations it considers necessary to protect the rights of other appropriators, including limitations on the time for completion of the change.

(5) If a change is not completed as approved by the department or if the terms, conditions, restrictions, and limitations of the change approval

HeinOnline -- 1977 vol. II 1330 1977

are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval."

Section 9. Section 89-8-100, R.C.M. 1947, is amended to read as follows:

"**89-8-100. Administrative proceedings.** The Montana Administrative Procedure Act (Title 82, chapter 42, R.C.M. 1947) governs administrative proceedings conducted under this act, except that the common law and statutory rules of evidence shall apply only upon stipulation of all parties to a proceeding."

Section 10. Section 89-8-107, R.C.M. 1947, is amended to read as follows:

"**89-8-107. Reservations.** The department may apply for reservations and shall, as rapidly as possible, assist other appropriate state agencies and political subdivisions in applying for reservations within the basin. The United States or any agency thereof may apply for reservation of water in the basin under section 89-890, R.C.M. 1947, *for beneficial use of that water in the State of Montana.* Particular emphasis shall be given to applications to reserve water for agricultural, municipal, and minimum flow purposes for the protection of existing rights and aquatic life."

Section 11. There is a new R.C.M. section numbered 89-8-100.1 that reads as follows:

No snowmobile *may* be modified by any person in any manner that *will* amplify or otherwise increase total noise emissions to a level greater than that emitted by the snowmobile as originally constructed, regardless of date of manufacture.

(b) No new snowmobile manufactured prior to June 30, 1975, except snowmobiles designated for competition purposes only, may be sold or offered for sale unless that machine has been certified by the manufacturer as being able to conform to a sound level limitation of not more than 82 dbA measured at 50 feet. Every person who owns or operates a snowmobile manufactured after June 30, 1972, but prior to June 30, 1975, shall maintain his machine in such a manner that it will not exceed a sound level limitation of 82 dbA measured at 50 feet.

(c) No new snowmobile manufactured after June 30, 1975, but prior to June 30, 1978, except snowmobiles designated for competition purposes only, may be sold or offered for sale unless that machine has been certified by the manufacturer as being able to conform to a sound level limitation of not more than 78 dbA measured at 50 feet. However, a sound level limitation adopted or revised by the commission *may* not be higher than a decibel standard of 73 dbA measured at 50 feet. The adoption or revision of sound level limitation by the commission shall be effective beginning June 30 of the succeeding calendar year and any sound level limitation formally adopted or revised shall remain in effect for a minimum period of 2 years. (h) This section does not apply to organized races or similar competitive events held on

(i) private lands, with the permission of the owner, lessee, or custodian of the land; or

(ii) public lands, with the consent of the public agency having the authority to grant such consent, provided that total sound produced by such an event *may* not exceed 50 dbA at any point 50 feet or more outside the area under the control of the sponsoring entity."

(3) A manufacturer who certifies that a new snowmobile can meet the sound level limitations imposed by this *chapter* shall be subject to the penalty provisions of subsections (1) and (2) if any machine so certified does not meet the appropriate sound level limitation.

(4) For the purposes of this section, every sale of a new snowmobile that does not meet the sound level limitations imposed by this *chapter constitutes* a separate violation."

CHAPTER NO. 422

AN ACT TO CLARIFY THE PROCEDURES FOR THE TERMINATION

HeinOnline -- 1977 vol. II 1353 1977

OF THE PARENTAL RIGHTS OF CHILDREN PROPOSED TO BE RELEASED FOR ADOPTION; REPEALING SECTIONS 61-317, 61-325, AND 61-326, R.C.M. 1947; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. There is a new R.C.M. section numbered 61-328 that reads as follows:

61-328. Form, execution, and revocation of releases — termination of parents' or guardians' rights. (1) Any parent or guardian who proposes to relinquish custody of a child for purposes of placing the child for adoption may do so by formally executing a release whereby all parental rights to the child are voluntarily relinquished to an agency of the state of Montana, a licensed adoption agency, or a person.

(2) Except as otherwise provided in this section, a release shall be by a separate instrument executed before a notary public.

(3) If the person from whom a release is required is a member of any of the armed services or is in prison, the release may be executed and acknowledged before any person authorized by law to administer oaths.

(4) If the release is executed in another state or country, the court having jurisdiction over the adoption proceeding in this state shall determine whether the release was executed in accordance with the laws of that state or country and may not proceed unless it finds that the release was so executed.

(5) Upon the filing of the release of a child by a parent or guardian, the court immediately shall issue an order terminating the rights of that parent or guardian to that child. If the rights of both parents, the surviving parent, or the guardian have been terminated, the court shall issue an order committing the child to the agency of the state of Montana, the licensed adoption agency, or the person to which the release was given.

(6) Entry of an order terminating the rights of both parents pursuant to subsection (5) terminates the jurisdiction of the district court over the child in any divorce or separate maintenance action.

(7) Upon petition of the person or persons who executed the release and of the agency of the state of Montana, licensed adoption agency, or person to which the child was released, the court with which the release was filed may grant a hearing to consider whether the release should be revoked. A release may not be revoked if the child has been placed for adoption. A verbatim record of testimony related to a petition to revoke a release shall be made.

Section 2. There is a new R.C.M. section numbered 61-329 that reads as follows:

61-329. Children born out of wedlock — release — consent. (1)

HeinOnline -- 1977 vol. II 1354 1977

If the mother of a child born out of wedlock proposes to release the child for adoption and the release or consent of the natural father cannot be obtained, the child may not be placed for adoption until the parental rights of the father are terminated by the court as provided in this chapter, by the court pursuant to Title 10, chapter 13, or by a court of competent jurisdiction in another state or country.

(2) Pending the termination or other disposition of the rights of the father of the child born out of wedlock, the mother may execute a release terminating her rights to the child. If the mother releases the child, the agency of the state of Montana, the licensed adoption agency, or the person to which the child is released may file a petition under this chapter or a petition of dependency or neglect pursuant to Title 10, chapter 13. Pending disposition of the petition, the court may enter an order authorizing temporary care of the child.

(3) At the request of the mother, her formal execution of a release shall be delayed until after the court has determined the identity of the father and has awarded custody of the child to the father or terminated his rights under this chapter.

Section 3. There is a new R.C.M. section numbered 61-330 that reads as follows:

61-330. Notice of intent to claim paternity. (1) Before the birth of a child born out of wedlock, a person claiming under oath to be the father of the child may file a verified notice of intent to claim paternity with the district court in any county of this state. The form of the notice shall be prescribed by the director of the department of health and environmental sciences and supplied to the clerks of the district courts. The notice shall include the claimant's address. On the next business day after receipt of the notice, the court shall transmit the notice to the records and statistics bureau of the department of health and environmental sciences. If the mother's address is stated on the notice, the records and statistics bureau shall send a copy of the notice by first-class mail to the mother of the child at the stated address.

(2) A person filing a notice of intent to claim paternity or acknowledging paternity in accordance with 61-305 shall be presumed to be the father of the child for purposes of this chapter unless the mother denies that the claimant is the father. Such notice is admissible in a paternity proceeding under 61-307 and creates a rebuttable presumption as to the paternity of that child for purposes of that section. Such notice creates a rebuttable presumption as to paternity of the child for purposes of a dependency or neglect proceeding under Title 10, chapter 13.

(3) A person who makes a timely filing of notice of intent to claim paternity or who formally acknowledges paternity under 61-305 is entitled to notice of any hearing to determine the identity of the father of the child and any hearing to determine or terminate his paternal rights to the child.

Section 4. There is a new R.C.M. section numbered 61-331 that reads as follows:

HeinOnline -- 1977 vol. II 1355 1977

61-331. Expected child — intent to release or consent, petition and notice. (1) In order to provide due notice at the earliest possible time to a putative father who may have an interest in the custody of an expected child or in the mother's intended release of an expected child for adoption and in order to facilitate early placement of a child for adoption, a woman pregnant out of wedlock may file with the district court an ex parte petition which sets forth the following:

(a) her intent to release her expected child for adoption;

(b) the approximate date and location of conception;

(c) the expected date of her delivery; and

(d) the identity and whereabouts of the putative father of her expected child.

(2) The petition may allege more than one putative father whenever circumstances warrant. The petition shall be verified. Upon the filing of the petition, the court shall issue a notice of intent to release, which notice shall be served upon the putative father or fathers in the manner provided by the Montana rules of civil procedure or in any other manner which the court may direct. Proof of such service shall be filed with the court.

(3) A notice of intent to release shall:

(a) indicate the approximate date and location of conception of the child and the expected date of delivery;

(b) inform the putative father of his right under 61-330 to file a notice of intent to claim paternity before the birth of the child;

(c) inform the putative father of the rights to which his filing of notice of intent to claim paternity will entitle him under 61-330(3); and

(d) inform the putative father that his failure to file a notice of intent to claim paternity before the expected date of delivery constitutes a waiver of his right to receive the notice to which he would otherwise be entitled under 61-330(3) and constitutes a denial of his interest in the custody of the child, which denial shall result in the court's termination of his rights to the child.

(4) The petition shall be filed with the court not later than 30 days prior to the expected date of delivery.

Section 5. There is a new R.C.M. section numbered 61-332 that reads as follows:

61-332. Proceeding to determine father's identity and terminate rights. (1) If a child is born out of wedlock and the mother executes or proposes to execute a release terminating her rights to the child or if the child otherwise becomes the subject of an adoption proceeding, the agency or person to whom the child has been or is to be relinquished or the mother or person having custody of the child shall file a petition in the district court to terminate the parental rights of the father, unless the father's relationship to the child has been previously terminated or determined not to exist by the court. The court shall hold a hearing as soon as prac-

HeinOnline -- 1977 vol. II 1356 1977

tical to determine the identity of the father and to determine or terminate the rights of the father as provided in this section and in 61-333 and 61-334. This section is not applicable if the father is a person whose consent to adoption is not required under 61-205.

(2) Proof of service of a notice of intent to release or the putative father's verified acknowledgment of notice of intent to release shall be filed with the court, if such notice was given to the putative father. The court shall request the records and statistics bureau of the department of health and environmental sciences to send to the court a copy of any notice of intent to claim paternity of the particular child which the bureau has received.

(3) If the mother has failed to name a putative father or has failed to file a notice of intent to release, the court shall cause inquiry to be made of the mother in an effort to identify the natural father. The inquiry shall include the following: whether the mother was married at the time of conception of the child or at any time thereafter; whether the mother was cohabitating with a man at the time of conception or birth of the child; whether the mother has received support payments or promises of support payments with respect to the child or in connection with her pregnancy; or whether any man has formally or informally acknowledged or declared his possible paternity of the child. Notwithstanding this section or any other provisions of law and in consideration of her right to privacy, no mother of a child who is the subject of proceedings under this act may be compelled to testify concerning, or to divulge the identity of, the father or possible father of that child.

(4) Notice of the hearing shall be served upon the following persons in the manner appropriate under the Montana rules of civil procedure or any manner which the court shall direct:

(a) a putative father who has timely filed a notice of intent to claim paternity as provided in 61-330 or 61-331;

(b) a putative father who has not been served with a notice of intent to release at least 30 days before the expected date of delivery specified in the notice of intent to release;

(c) any other male who was not served pursuant to 61-331(2) with a notice of intent to release and who the court, after inquiry of the mother or any other appropriate person, has reason to believe may be the father of the child.

(5) The notice of hearing shall inform the putative father that his failure to appear at the hearing constitutes a denial of his interest in custody of the child, which denial will result in the court's termination of his rights to the child.

(6) Proof of service of the notice of hearing required by subsection (4) shall be filed with the court. A verified acknowledgment of service by the party to be served is proof of personal service. Notice of hearing need not be required if the putative father is present at the hearing. A waiver of notice of hearing by a person entitled to receive it is sufficient. If no person has been identified as the natural father or possible father, the

HeinOnline -- 1977 vol. II 1357 1977

court, on the basis of all information available, shall determine whether publication or public posting of notice of the proceeding is likely to lead to identification and, if so, shall order publication or public posting at the times and places and in the manner it considers appropriate. The name of the natural mother may be included in such publication only with her written consent.

(7) At the hearing, the court shall receive evidence as to the identity of the father of the child. Based upon the evidence received and the court's inquiry, the court shall enter a finding identifying the father or declaring that the identity of the father cannot be determined.

(8) If the court finds that the father of the child is a person who did not receive either a timely notice of intent to release pursuant to 61-331 or a notice required pursuant to 61-332(4) and who has not waived his right to notice of hearing and is not present at the hearing, the court shall adjourn further proceedings until that person is served with a notice of hearing.

Section 6. There is a new R.C.M. section numbered 61-333 that reads as follows:

61-333. Grounds for termination of father's rights. (1) If the court has proof that the person who it determines pursuant to 61-332 to be the father of the child was timely served with notice of intent to release pursuant to 61-331 or was served with or waived the notice of hearing required by 61-332(4), the court may permanently terminate the rights of the putative father if:

(a) the putative father submits a verified acknowledgment of his paternity and a denial of his interest in custody of the child;

(b) the putative father files a denial of paternity. For purposes of this section the filing of the denial of paternity constitutes a waiver of notice of hearing and constitutes a denial of his interests in the custody of the child.

(c) the putative father was served with a notice of intent to release in accordance with 61-331(2) at least 30 days before the expected date of delivery specified in that notice but failed to file an intent to claim paternity either before the expected date of delivery or before the birth of the child; or

(d) the putative father is given proper notice of hearing in accordance with subsection (4) or (6) of 61-332 but either fails to appear at the hearing or appears and denies his interest in the custody of the child.

(2) If the identity of the father cannot be determined or if the identity of the father is known but his whereabouts cannot be determined, the court shall receive evidence to determine the facts in the matter. The court may terminate the rights of the putative father if the court finds from the evidence that reasonable effort has been made to identify and locate the father and that any of the following circumstances exist:

(a) The putative father, whose identity is not known, has not made a provision for the child's care and did not provide support for the mother during her pregnancy or during her hospitalization.

HeinOnline -- 1977 vol. II 1358 1977

(b) The putative father, whose identity is known but whose whereabouts are unknown, has not provided support for the mother, has not shown any interest in the child, and has not made provision for the child's care, for at least 90 days preceding the hearing required under 61-332.

(3) Subject to the disposition of an appeal, upon the expiration of 6 months after an order terminating parental rights is issued under this section, the order cannot be questioned by any person, in any manner or upon any ground, including fraud, misrepresentation, failure to give any required notice, or lack of jurisdiction of the parties or of the subject matter.

Section 7. There is a new R.C.M. section numbered 61-334 that reads as follows:

61-334. Best interests of the child — custody to father — legitimation. (1) If the putative father appears at the hearing and requests custody of the child, the court shall inquire into his fitness and his ability to properly care for the child and shall determine whether the father's parental rights should be given recognition in view of his effort or lack of effort to make provision for the mother while she was pregnant and for the child upon birth and whether the best interests of the child will be served by granting custody to him or to the agency of the state of Montana, licensed adoption agency, or person to which the mother has released or proposed to release custody of the child. If the court finds that it would not be in the best interests of the child to grant custody to the putative father, the court shall terminate his rights to the child.

(2) If the mother of the child has released the custody of the child to an agency of the state of Montana, a licensed adoption agency, or a person, the agency or person shall be a proper party to petition the court for custody of the child.

(3) If the parental rights of the mother are terminated pursuant to this chapter or other law and if the court awards custody of the child out of wedlock to the putative father, the court shall enter an order granting custody to the putative father and legitimating the child for all purposes.

Section 8. **Repealer.** Sections 61-317, 61-325, and 61-326, R.C.M. 1947, are repealed.

Section 9. **Effective date.** This act is effective on its passage and approval.

Approved April 19, 1977.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 50-1210, R.C.M. 1947, is amended to read as follows:

"**50-1210. Inspection of mining site — issuance of operating permit — modification of reclamation plan — succession to interest in uncompleted mining operation.** *(1) (a) Unless the time period is extended under the provisions of [subsection (1)(b) of this section], the board shall either issue an operating permit to the applicant or return any incomplete or inadequate application, along with a description of the deficiencies, within 60 days of receipt of the complete application and reclamation plan by the board and receipt of the permit fee.*

The department must serve written notice of extension upon the applicant in person or by certified mail, and any such extension is subject to appeal to the board in accordance with the Montana Administrative Procedure Act.

(ii) If the department determines that additional time is needed to review the application and reclamation plan for a major operation, the department and the applicant shall negotiate to extend the 60-day period by not more than 365 days in order to permit reasonable review.

(c) Failure of the board to act upon a complete application within the period prescribed or any extension thereof constitutes approval of the application and the permit shall be issued promptly thereafter.

(2) The operating permit shall be granted for the period required to mine the land covered by the plan and shall be valid until the surface or underground mining authorized by the permit is completed or abandoned, unless the permit is suspended or revoked by the board as provided in this act. The operating permit shall provide that the reclamation plan may be modified by the board, upon proper application of the permittee, or department, after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

(a) *to* modify the requirements so they will not conflict with existing laws;

(b) *when the* previously adopted reclamation plan is impossible or impracticable to implement and maintain;

(c) *when* significant environmental problem situations are revealed by field inspection.

(3) When one operator succeeds to the interest of another in any uncompleted mining operation by sale, assignment, lease, or otherwise, the board may release the first operator from the duties imposed upon him by this act as to such operation, provided that both operators have complied with the requirements of this act and the successor operator assumes the duty of the former operator to complete the reclamation of the land, in which case the board shall transfer the permit to the successor operator upon approval of the successor operator's bond as required under this act.

(4) This act shall not apply to applications filed with the department prior to January 1, 1977, and for which an agreement has been signed, and for so long as it continues, extending the 60-day review period presently contained in 50-1210."

Section 2. Section 50-1216, R.C.M. 1947, is amended to read as follows:

(g) Effective January 1, 1978, benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

CHAPTER NO. 430

AN ACT TO REVISE THE PENALITIES FOR DRIVING WHILE UNDER THE INFLUENCE OF ALCOHOL OR DRUGS; TO CLARIFY THAT HABITUAL USERS WHO DRIVE ARE NOT SUBJECT TO CRIMINAL PENALTIES UNLESS THEY ARE UNDER THE INFLUENCE WHEN THEY DRIVE; TO PROVIDE FOR SUSPENDED EXECUTION OF SENTENCE CONDITIONED UPON EDUCATION OR TREATMENT;

HeinOnline -- 1977 vol. II 1370 1977

AMENDING SECTIONS 31-145, 31-146, 31-149, AND 32-2142, R.C.M. 1947.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 32-2142, R.C.M. 1947, is amended to read as follows:

"**32-2142. Persons under the influence of alcohol or of drugs.** *(1)* In any criminal prosecution for a violation of *subsection (2)* of this section relating to driving a vehicle while under the influence of *alcohol*, the amount of alcohol in the defendant's blood at the time alleged, as shown by chemical analysis of the defendant's blood, urine, breath, or other bodily substance, shall give rise to the following presumptions:

(a) If there was at that time 0.05 per cent or less by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was not under the influence of *alcohol.*

(b) If there was at that time in excess of 0.05 per cent but less than 0.10 per cent by weight of alcohol in the defendant's blood, such fact shall not give rise to any presumption that the defendant was or was not under the influence of *alcohol*, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant.

(c) If there was at that time 0.10 per cent or more by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was under the influence of *alcohol.*

Per cent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred (100) cubic centimeters of blood.

The foregoing provisions of *this subsection (1)* shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether or not the defendant was under the influence of *alcohol.*

(2) It is unlawful and punishable as provided in *subsection (3)* of this section for any person who is under the influence of *alcohol or* any narcotic drug or any other drug to a degree which renders him incapable of safely driving a motor vehicle to drive *or be in actual physical control of* a motor vehicle within this state. The fact that any person charged with a violation of this *subsection* is or has been entitled to use such a drug under the laws of this state *does* not constitute a defense against any charge of violating this *subsection.*

(3) Every person who is convicted of a violation of this section shall be punished by a fine of not less than $100 or more than $500. On a second conviction, he shall be punished by a fine of not less than $300 *or* more than $500. On the third or subsequent conviction, he shall be punished by imprisonment for a term of not less than 30 days *or* more than 1 year, to which may be added, *in* the discretion of the court, a fine of not less than $500 *or* more than $1,000.

HeinOnline -- 1977 vol. II 1371 1977

(4) Except as otherwise provided in this section, the court may, in its discretion, suspend the execution of any sentence imposed under subsection (3) on the condition that the defendant successfully complete a course in a driver improvement school approved by the court or an alcohol treatment program approved by the department of institutions. Each school or institution providing such education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been accepted by the school or treatment program. If the defendant fails to attend the school or the treatment program, the school or institution shall notify the court of the failure.

(5) Each municipality in this state is given authority to enact *subsections (1) through (4)* of this section, with the word "state" in the first sentence of *subsection (2)* changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of *the* ordinance and of the imposition of the fines and penalties therein provided."

Section 2. Section 31-146, R.C.M. 1947, is amended to read as follows:

"**31-146. Mandatory revocation of license by board or chief upon proper authority.** The board or chief upon proper authority shall forthwith revoke the license or operating privilege of any operator or chauffeur upon receiving a record of such operator's or chauffeur's conviction or forfeiture of bail not vacated of any of the following offenses, when such conviction or forfeiture has become final:

1. Manslaughter resulting from the operation of a motor vehicle;

2. Driving a motor vehicle while under the influence of *alcohol* or narcotic drug, or willfully or knowingly under the influence of any other drug to a degree which renders him incapable of safely driving a motor vehicle or a combination thereof *except as provided in 31-149*;

3. Any felony in the commission of which a motor vehicle is used;

4. Failure to stop and render aid as required under the laws of this state in the event of a motor-vehicle accident resulting in the death or personal injury of another;

5. Perjury or the making of a false affidavit or statement under oath to the board under this act or under any other law relating to the ownership or operation of motor vehicles;

6. Conviction, or forfeiture of bail not vacated, upon three (3) charges of reckless driving committed within a period of twelve (12) months."

Section 3. Section 31-145, R.C.M. 1947, is amended to read as follows:

"**31-145. When court to forward license to division and report convictions.** (a) Whenever any person is convicted of any offense for which this act makes mandatory the revocation of the operator's or chauffeur's license of such person by the *division of motor vehicles of the department of justice*, the court in which such conviction is had shall require the surrender to it of all operator's and chauffeur's licenses then held by the person so convicted. The court shall thereupon, within 5 days, forward *the* license to the *division* and at the same time forward a record

HeinOnline -- 1977 vol. II 1372 1977

of such conviction to the *division*, providing that if such person does not possess a driver's license the court shall so indicate in its report to the *division*.

(b) Every court having jurisdiction over offenses committed under any act of this state or municipal ordinance regulating the operation of motor vehicles on highways, shall forward, within 5 days, to the *division* a record of the conviction or forfeiture of bail, not vacated, of any person in *the* court for a violation of any *such* laws, other than regulations governing standing or parking, and may recommend the suspension of the operator's or chauffeur's license of the person so convicted. *The court may also recommend that the division issue a restricted probationary license in lieu of the suspension required in 31-149(b) on the condition that the individual attend a driver improvement school or an alcohol treatment program if one is available. The division shall issue a restricted probationary license unless the person otherwise is not entitled to a Montana operator's or chauffeur's license.*

(c) For the purposes of this act the term "conviction" shall mean a final conviction. Also, for the purposes of this act a forfeiture of bail or collateral deposited to secure a defendant's appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction.

(d) Any person convicted of any offense which makes mandatory the revocation of the operator's or chauffeur's license, such period of revocation shall commence from date of conviction or forfeiture of bail."

Section 4. Section 31-149, R.C.M. 1947, is amended to read as follows:

"**31-149. Period of suspension or revocation.** (a) The *division may* not suspend or revoke a driver's license or privilege to drive a motor vehicle on the public highways for a period of more than one (1) year, except as permitted under sections 31-148, 31-155, *31-184.1,* 53-424, and 53-430, R.C.M. 1947.

(b) Any person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked shall not be entitled to have such license or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of the period of such revocation or suspension, such person may make application for a new license as provided by law, but the *division may* not then issue a new license unless and until it is satisfied after investigation of character, habits, and driving ability of such person that it will be safe to grant the privilege of driving a motor vehicle on the public highways. Provided, however, when any person is convicted or forfeits bail or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of *alcohol* or narcotic drug, or knowingly or willingly under the influence of any other drug to a degree which renders him incapable of safely driving a motor vehicle or a combination thereof, the *division* shall, upon receiving a report of such conviction or forfeiture of bail or collateral not vacated, suspend the license or driving privilege of such person for a period of *6 months*. Upon receiving a report of a conviction or forfeiture of bail or collateral for a *second, third, or subsequent* offense within 5 years *of the*

HeinOnline -- 1977 vol. II 1373 1977

first offense, the *division* shall revoke the license or driving privilege of such person for a period of 1 year.

(c) The revocation period for all revocations made mandatory by section 31-146, R.C.M. 1947, shall be one (1) year, except as provided in subsection (b) of this section."

Approved April 19, 1977.
